 Manual To use the

manual handwinding function: Ensure the battery isolator switch (on the back of the stairlift) is in the off position. Insert the hand winding handle through the hole at the side of the carriage, as shown in the picture. Press the safety pad and turn the handle in the appropriate direction as indicated on the label, on the carriage. Stairlift repairs for all Stannah lift types and models. Please note that after the stairlift has stopped, there will be a few seconds' delay until the seat swivels. Please note that if your rail travels around a corner and is no longer visible then it may be fitted with a travel alarm. This is a series of beeps to warn others that the stairlift

is moving.
