POUR YOUR HEART INTO IT

Springer
David Kilcullen is one of the world's most influential experts on counterinsurgency and modern warfare, a ground-breaking theorist whose ideas "are revolutionizing military thinking throughout the west" (Washington Post). Indeed, his vision of modern warfare powerfully influenced the United States' decision to rethink its military strategy in Iraq and implement "the Surge," now recognized as a dramatic success. In

Counterinsurgency, Kilcullen brings together his most salient writings on this vitally important topic. Here is a picture of modern warfare by someone who has had his boots on the ground in some of today's worst trouble spots-including Iraq and Afghanistan-and who has been studying counterinsurgency since 1985. Filled with down-to-earth, common-sense insights, this book is the definitive account of counterinsurgency, indispensable for all those interested in making sense of our world in an age of terror.

Discover the secrets of world-class leadership!

When it comes to refined service and exquisite hospitality, one name stands high above the rest: The Ritz-Carlton Hotel Company. With ceaseless attention to every luxurious detail, the company has set the bar for creating memorable customer experiences in world-class settings. Now, for the first time, the leadership secrets behind the company's extraordinary success are revealed. The New Gold Standard takes you on an exclusive tour behind the scenes of The Ritz-Carlton Hotel Company.

Granted unprecedented access to the company's executives, staff, and its award-winning

Leadership Center training facilities, bestselling author Joseph Michelli explored every level of leadership within the organization. He emerged with the key principles leaders at any company can use to provide a customer experience unlike any other, such as:

Understanding the ever-evolving needs of customers
Empowering employees by treating them with the utmost respect
Anticipating customers' unexpressed needs and concerns
Developing and conducting an unsurpassed training regimen
Sharing engaging stories from the company's employees--from the corporate office and hotels around the globe--Michelli

describes the innovative methods the company uses to create peerless guest experiences and explains how it constantly hones and improves them. The New Gold Standard weaves practical how-to advice, proven leadership tools, and the wisdom of experts to help you create and embed superior customer-service principles, processes, and practices in your own organization.

Smart brands such as Chipotle, Zazzle, Nike, and Pandora are

ditching the outdated 20th century model of a one-size-fits-all approach to providing products and services. From a Netflix movie night to a marriage courtesy of eHarmony, customization is changing every corner of American life and business. The New York Times bestseller *Custom Nation* is a practical how-to guide by someone who has built his business on the power of customization. YouBar founder Anthony Flynn and business journalist Emily Flynn Vencat explain how marketers, brand managers, and entrepreneurs across all industries can reinvigorate their businesses and increase profits. In *Custom Nation*, learn:

- Why customization is key to today's

businesses and what does and doesn't work

- How to incorporate customization in new and established businesses to make your products stand out and sell
- What strategies work for the most successful and profitable custom brands

Drawing on firsthand interviews with the CEOs and founders of dozens of companies specializing in customization, *Custom Nation* reveals how customization can make any business stand apart and generate market share, increase profit margins, and develop customer loyalty.

The Obsessive Quest for the Perfect

Coffee Agate

Publishing

This book investigates the ways in which these systems can

promote public value by encouraging the disclosure and reuse of privately-held data in ways that support collective values such as environmental sustainability.

Supported by funding from the National Science Foundation, the authors' research team has been working on one such system, designed to enhance consumers ability to access information about the sustainability of the products that they buy and the supply chains that produce them. Pulled by rapidly developing technology and pushed by budget cuts, politicians and public managers are attempting to find ways to increase the public value of their actions. Policymakers are increasingly

acknowledging the potential that lies in publicly disclosing more of the data that they hold, as well as incentivizing individuals and organizations to access, use, and combine it in new ways. Due to technological advances which include smarter phones, better ways to track objects and people as they travel, and more efficient data processing, it is now possible to build systems which use shared, transparent data in creative ways. The book adds to the current conversation among academics and practitioners about how to promote public value through data disclosure, focusing particularly on the roles that governments,

businesses and non-profit actors can play in this process, making it of interest to both scholars and policy-makers.

OnwardHow Starbucks Fought for Its Life without Losing Its Soul In a collection of compelling, original portraits, the CEO of Starbucks and a National Book Award Nominee celebrate the extraordinary heroism on the battlefield and the equally valuable contributions on the home front of this generation's American veterans. Co-written by the author of *Imperial Life in the Emerald City. Simultaneous. For Love of Country*

Pearson Higher Ed
 Get the skinny on your morning joe Do you swear by your morning jolt of caffeine but are hard-pressed to tell a siphon from a slow dripper? No problem: just order a fresh copy of *Coffee For Dummies* for a smooth blend of fun facts and practical advice to give an extra shot of flavor to your appreciation of the second-most valuable commodity on planet Earth—and filter out all that excess grind in your knowledge. This warm and welcoming serving from passionate coffee guru Major Cohen—a Specialty Coffee Association certified instructor, and now retired highly respected former Starbucks coffee educator and program manager—takes you

on a rocket-fueled journey from the origins of the liquid bean’s popularity to best ways to prepare and enjoy coffee in your own home. You’ll learn how to evaluate the advantages of different coffee styles and makers, and how even the smallest detail—varietal, roast type, texture—can influence how good that cupped lightning tastes on your tongue. Evaluate different roasts or brews Navigate menus for the best deals Learn how to speak “coffee” and order your half-cap-low-fat-no-sugar-add-whip with confidence Save money with the best store apps Meet some of the unknown pioneers of coffee that have made our coffee world of today See how you might think bigger

about your coffee spend changing the world The average American spends over \$1000 on their daily brain juice every year: why not hire Coffee For Dummies as your personal barista and get more for your money—and from each invigorating sip.

FUNDAMENTALS OF BUSINESS (BLACK AND WHITE)

Hachette Books Increase profitability, elevate work culture, and exceed productivity goals through DevOps practices. More than ever, the effective management of technology is critical for business competitiveness. For decades, technology leaders have struggled to balance agility, reliability, and security.

The consequences of failure have never been greater—whether it's the healthcare.gov debacle, cardholder data breaches, or missing the boat with Big Data in the cloud. And yet, high performers using DevOps principles, such as Google, Amazon, Facebook, Etsy, and Netflix, are routinely and reliably deploying code into production hundreds, or even thousands, of times per day. Following in the footsteps of The Phoenix Project, The DevOps Handbook shows leaders how to replicate these incredible outcomes, by showing how to integrate Product Management, Development, QA, IT Operations, and Information Security to

elevate your company and win in the marketplace.

COFFEE FOR DUMMIES

BenBella Books, Inc.
 Argues that a manager's central responsibility is to create and implement strategies, challenges popular motivational practices, and shares anecdotes discussing how to enable action-oriented plans for real-world results.
How to Create World-Class Agility, Reliability, and Security in Technology Organizations John Wiley & Sons
 More than 100,000 entrepreneurs rely on this book for detailed, step-by-step instructions on building successful, scalable, profitable startups. The National Science

Foundation pays hundreds of startup teams each year to follow the process outlined in the book, and it's taught at Stanford, Berkeley, Columbia and more than 100 other leading universities worldwide. Why? The Startup Owner's Manual guides you, step-by-step, as you put the Customer Development process to work. This method was created by renowned Silicon Valley startup expert Steve Blank, co-creator with Eric Ries of the "Lean Startup" movement and tested and refined by him for more than a decade. This 608-page how-to guide includes over 100 charts, graphs, and diagrams, plus 77 valuable checklists that guide you as you drive your company toward

profitability. It will help you:

- Avoid the 9 deadly sins that destroy startups' chances for success
- Use the Customer Development method to bring your business idea to life
- Incorporate the Business Model Canvas as the organizing principle for startup hypotheses
- Identify your customers and determine how to "get, keep and grow" customers profitably
- Compute how you'll drive your startup to repeatable, scalable profits.

The Startup Owner's Manual was originally published by K&S Ranch Publishing Inc. and is now available from Wiley. The cover, design, and content are the same as the prior release and should not be considered a new or

updated product.

The E-Myth Revisited: Why Most Small Businesses Don't Work and What to Do About It (2001) by Michael E. Gerber explores the question of why so many small businesses don't survive. The answer is simple, yet

profound: because they don't understand the work of running a business... Purchase this in-depth summary to learn more.

ONWARD

Cengage Learning Founded in 1971 and acquired by CEO Howard Schultz in 1987, Starbucks was an American success story. In forty years it grew from a single-location coffee roaster in Seattle, Washington to a multibillion-dollar global enterprise that operated more than 17,000 retail coffee shops in fifty countries and sold coffee beans, instant coffee, tea, and ready-to-drink beverages in tens of thousands of grocery and mass merchandise stores. However, as Starbucks moved into new market contexts

as part of its aggressive growth strategy, the assets and activities central to its competitive advantage in its retail coffee shops were altered or weakened, which made it more vulnerable to competitive threats from both higher and lower quality entrants. The company also had to make decisions on vertical integration. This case study discusses these issues. The Franchisee Manual Rodale Books Aswath Damodaran, distinguished author, Professor of Finance, and David Margolis, Teaching Fellow at the NYU Stern School of Business, have delivered the newest edition of Applied Corporate Finance. This readable text provides the practical

advice students and practitioners need rather than a sole concentration on debate theory, assumptions, or models. Like no other text of its kind, Applied Corporate Finance, 4th Edition applies corporate finance to real companies. It now contains six real-world core companies to study and follow. Business decisions are classified for students into three groups: investment, financing, and dividend decisions. **A Story of Growth** South-Western Pub Discover success in global business today with the most strategic approach to international business topics and unique coverage not found in other books. Written by renowned international instructor and author

Mike Peng, *GLOBAL BUSINESS* is the first truly global business book to answer the big question, What determines the success and failure of firms around the globe? A comprehensive set of cases from Mike Peng and other respected international experts examine how companies throughout the world have expanded globally. All-new video cases, world maps, and unique global debate sections

help readers view business challenges from a truly global perspective. Available with InfoTrac Student Collections <http://gocengage.com/infotrac>. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

A DECISION-ORIENTED INTRODUCTION TO THE CREATION OF VALUE

Biblioteca Aeronáutica Part autobiography and part business memoir, former Starbucks vice president Christine McHugh shares how she went from serving single shots to creating programs adopted by stores worldwide. From a young age, Christine McHugh dreamed of

finding a place in the bigger world outside her hometown of Fairbanks, Alaska. Inspired by members of her family and the confident businesswomen she saw when visiting Seattle, she packed her bags, enrolled in community college, and took a job slinging espresso at the local coffee chain—a modest thirty-seven-store operation called Starbucks. Presented with the opportunity to move into store management, she promptly quit school and dove headfirst into a career that would span twenty-seven years. In *From Barista to Boardroom*, McHugh describes her own nontraditional path up the corporate ladder, sharing lessons learned from taking a year off

midcareer to backpack around the world, navigating motherhood as a corporate executive, and going back to school at the age of forty. McHugh's personal struggles and moments of triumph, told with frank vulnerability, are an inspiration to anyone looking for an extra shot of motivation to write their own story and craft a worthwhile career.

Moby Dick McGraw Hill Professional
WAKE UP AND SMELL THE SUCCESS! You already know the Starbucks story. Since 1992, its stock has risen a staggering 5,000 percent! The genius of Starbucks success lies in its ability to create personalized customer experiences, stimulate business growth,

generate profits, energize employees, and secure customer loyalty-all at the same time. The Starbucks Experience contains a robust blend of home-brewed ingenuity and people-driven philosophies that have made Starbucks one of the world's "most admired" companies, according to Fortune magazine. With unique access to Starbucks personnel and resources, Joseph Michelli discovered that the success of Starbucks is driven by the people who work there-the "partners"-and the special experience they create for each customer. Michelli reveals how you can follow the Starbucks way to Reach out to entire communities Listen to individual workers and

consumers Seize growth opportunities in every market Custom-design a truly satisfying experience that benefits everyone involved Filled with real-life insider stories, eye-opening anecdotes, and solid step-by-step strategies, this fascinating book takes you deep inside one of the most talked-about companies in the world today.
