 The Model Rules of Professional Conduct provides an up-to-date resource for information on legal ethics. Federal, state and local courts in all jurisdictions look to the Rules for guidance in solving lawyer malpractice cases, disciplinary actions, disqualification issues, sanctions questions and much more. In this volume, black-letter Rules of Professional Conduct are followed by numbered Comments that explain each Rule's purpose and provide suggestions for its practical application. The Rules will help you identify proper conduct in a variety of given situations, review those instances where discretionary action is possible, and define the nature of the relationship between you and your clients, colleagues and the courts.

New Scientist magazine was launched in 1956 "for all those men and women who are interested in scientific discovery, and in its industrial, commercial and social consequences". The brand's mission is no different today - for its consumers, New Scientist reports, explores and interprets the results of human endeavour set in the context of society and culture.

The Law Students' Journal

Provides templates and detailed instructions for writing the formats on the Multistate Performance Test (MPT) part of the bar exam. Contains twelve (12) actual MPT tasks, as released by the National Conference of Bar Examiners (NCBE) and used here with permission, in a variety of formats and a range of difficulty. Full sample answers for the MPT tasks and notes on analyzing all 12 tasks. Systems and checklists for managing time. Special tips for California bar candidates and for foreign-trained lawyers.
