Backpacker brings the outdoors straight to the reader's doorstep, inspiring and enabling them to go more places and enjoy nature more often. The authority on active adventure, Backpacker is the world's first GPS-enabled magazine, and the only magazine whose editors personally test the hiking trails, camping gear, and survival tips they publish. Backpacker's Editors' Choice Awards, an industry honor recognizing design, feature and product innovation, has become the gold standard against which all other outdoor-industry awards are measured.

*Writing Your Journal Article in Twelve Weeks* Oxford University Press

The time was the 1980s. The place was Wall Street. The game was called Liar's Poker. Michael Lewis was fresh out of Princeton and the London School of Economics when he landed a job at Salomon Brothers, one of Wall Street's premier investment firms. During the next three years, Lewis rose from callow trainee to bond salesman, raking in millions for the firm and cashing in on a modern-day gold rush. Liar's Poker is the culmination of those heady, frenzied years—a behind-the-scenes look at a unique and turbulent time in American business. From the frat-boy camaraderie of the forty-first-floor trading room to the killer instinct that made ambitious young men gamble everything on a high-stakes game of bluffing and deception, here is Michael Lewis's knowing and hilarious insider's account of an unprecedented era of greed, gluttony, and outrageous fortune.

#### CONTESTED WATERS

W. W. Norton & Company

The timeless guide to achieving the state of "relaxed concentration" that's not only the key to peak performance in tennis but the secret to success in life itself—part of the bestselling Inner Game series, with more than one million copies sold! "Groundbreaking . . . the best guide to getting out of your

own way . . . Its profound advice applies to many other parts of life."—Bill Gates, GatesNotes ("Five of My All-Time Favorite Books") This phenomenally successful guide to mastering the game from the inside out has become a touchstone for hundreds of thousands of people. Billie Jean King has called the book her tennis bible; Al Gore has used it to focus his campaign staff; and Itzhak Perlman has recommended it to young violinists. Based on W. Timothy Gallwey's profound realization that the key to success doesn't lie in holding the racket just right, or positioning the feet perfectly, but rather in keeping the mind uncluttered, this transformative book gives you the tools to unlock the potential that you've possessed all along. "The Inner Game" is the one played within the mind of the player, against the hurdles of self-doubt, nervousness, and lapses in concentration. Gallwey shows us how to overcome these obstacles by trusting the intuitive wisdom of our bodies and achieving a state of "relaxed concentration." With chapters devoted to trusting the self and changing habits, it is no surprise then, that Gallwey's method has had an impact far beyond the confines of the tennis court. Whether you want to play music, write a novel, get ahead at work, or simply unwind after a stressful day, Gallwey shows you how to tap into your utmost potential. No matter your goals, The Inner Game of Tennis gives you the definitive framework for long-term success.

#### BET ON YOURSELF

Houghton Mifflin

Here is the bestselling guide that created a new game plan for marketing in high-tech industries. Crossing the Chasm has become the bible for bringing cutting-edge products to progressively larger markets. This edition provides new insights into the realities of high-tech marketing, with special emphasis on the Internet. It's essential reading for anyone with a stake in the world's most exciting marketplace.

Learning Express (NY)

Learn how to bet on sports safely, smartly, and responsibly—and profit big—with this easy-to-use guide, perfect for beginners! Betting money on sports can be great fun and is a sure way to turn any sports game into an exciting must-watch event. However, it can be dangerous to the uninitiated—new gamblers can risk too much, bet randomly, or even lose it all. The Everything Guide to Sports Betting won't let that happen. Filled with tips, tricks, and tactics, this handy guide shows you how to place bets strategically. You'll learn all of the different types of bets you can make, how to spot a potentially profitable bet, and when to walk away. Covering all of the major sports leagues, The Everything Guide to Sports Betting will introduce you to the sports betting world and show you how to beat the casinos at their own games. In no time, you'll be a gambling pro—and cash in on some major wins!

**The Serpent King** Anchor

The authoritative account of the rise of Amazon and its intensely driven founder, Jeff Bezos, praised by the Seattle Times as "the definitive account of

how a tech icon came to life." Amazon.com started off delivering books through the mail. But its visionary founder, Jeff Bezos, wasn't content with being a bookseller. He wanted Amazon to become the everything store, offering limitless selection and seductive convenience at disruptively low prices. To do so, he developed a corporate culture of relentless ambition and secrecy that's never been cracked. Until now. Brad Stone enjoyed unprecedented access to current and former Amazon employees and Bezos family members, giving readers the first in-depth, fly-on-the-wall account of life at Amazon. Compared to tech's other elite innovators -- Jobs, Gates, Zuckerberg -- Bezos is a private man. But he stands out for his restless pursuit of new markets, leading Amazon into risky new ventures like the Kindle and cloud computing, and transforming retail in the same way Henry Ford revolutionized manufacturing. The Everything Store is the revealing, definitive biography of the company that placed one of the first and largest bets on the Internet and forever changed the way we shop and read.

[From Poverty to Power](#) HarperCollins Leadership

Command is the ultimate service. It is a time when we have the singular responsibility to create and lead strong Air Force units. A time when our passion for our Air Force and our vision for its future must be overwhelmingly clear. Early in the "Developing Aerospace Leaders" initiative, we began to focus on the way in which the institution teaches leadership and prepares airmen for command. What we found was a wide range of practices and a wide range of expectations - a complicating factor in today's Expeditionary Aerospace Force. We realize that preparing our officers to command effective, mission-oriented units must be a deliberate process. It must develop our unique airman perspective, creating commanders who are able to communicate the vision, have credibility in the mission area, and can lead our people with inspiration and heart. The foundation of our institution's effectiveness has always been its leaders. Colonel Goldfein's work provides valuable lessons learned and serves as a worthwhile tool to optimize your effectiveness as a squadron commander. This book is a must-read, not only for those selected to command a squadron but for all our young officers, helping them understand what the requirements of squadron command will be. Remember, command is a unique privilege - a demanding and crucial position in our Air Force. "Sharing Success - Owning Failure" takes you a step closer to successfully meeting that challenge.

Named to ten BEST OF THE YEAR lists and selected as a William C. Morris Award Winner, The Serpent King is the critically acclaimed, much-beloved story of three teens who find themselves--and each other--while on the cusp of graduating from high school with hopes of leaving their small-town behind. Perfect for fans of John Green's *Turtles All the Way Down*. "Move over, John Green; Zentner is coming for you." —The New York Public Library "Will fill the infinite space that was left in your chest after you finished *The Perks of Being a Wallflower*." —BookRiot.com Dill isn't the most popular kid at his rural Tennessee high school. After his father fell from grace in a public scandal that reverberated throughout their small town, Dill became a target. Fortunately, his two fellow misfits and best friends, Travis and Lydia, have his back. But as they begin their senior year, Dill feels the coils of his future tightening around him. His only escapes are music and his secret feelings for Lydia--neither of which he is brave enough to share. Graduation feels more like an ending to Dill than a beginning. But even before then, he must cope with another ending--one that will rock his life to the core. Debut novelist Jeff Zentner provides an unblinking and at times comic view of the hard realities of growing up in the Bible belt, and an intimate look at the struggles to find one's true self in the wreckage of the past. "A story about friendship, family and forgiveness, it's as funny and witty as it is utterly heartbreaking." —PasteMagazine.com "A brutally honest portrayal of teen life . . . [and] a love letter to the South from a man who really understands it." —Mashable.com "I adored all three of these characters and the way they talked to and loved one another." —New York Times

### THE ECONOMICS OF SPORTS BETTING

Harper Collins

One of the ten greatest books written on poker, this must-have book should be in every player's library. If you're serious about winning, you'll realize that most of the profit comes from being able to read your opponents. Caro reveals the secrets of interpreting tells-physical reactions that reveal information about a player's cards-such as shrugs, sighs, shaky hands, eye contact, and many more. Learn when opponents are bluffing, when they aren't and why-based solely on their mannerisms. Over 170 photos of players in action and play-by-play examples show the actual tells. These powerful ideas will give you the decisive edge.

### WINNING (ENHANCED EDITION)

Simon and Schuster

Meet a genuine American folk hero cut from the homespun cloth of America's heartland: Sam Walton, who parlayed a single dime store in a hardscrabble cotton town into Wal-Mart, the largest retailer in the world. The undisputed merchant king of the late twentieth century, Sam never lost the common touch. Here, finally, inimitable words. Genuinely modest, but always sure of his ambitions and achievements. Sam shares his thinking in a candid, straight-from-the-shoulder style. In a story rich with anecdotes and the "rules of the road" of both Main Street and Wall Street, Sam Walton chronicles the inspiration, heart, and optimism that propelled him to lasso the American Dream.

### THE HOUSE ADVANTAGE

Penguin

This unique book delves into a number of intriguing issues and addresses several pertinent questions including, should gambling markets be privatized? Is the 'hot hand' hypothesis real or a myth? Are the 'many' smarter than the 'few' in estimating betting odds? How are prices set in fixed odds betting markets? The book also explores the informational efficiency of betting markets and the prevalence of corruption and illegal betting in sports.

### MINDSET

CreateSpace

Society is full of would-be 'change agents'-campaigners, government officials, enlightened business people, engaged intellectuals-set on improving

public services, reforming laws and regulations, guaranteeing human rights, achieving a fairer deal for those on the sharp end, and greater recognition for any number of issues. Drawing on many first-hand examples and numerous new case studies and interviews with grassroots activists and organizations around the world, as well as Oxfam's unrivalled global experience, this important book answers the question: how does change happen and how can we-governments, organizations, businesses, leaders, campaigners, employees, and ordinary citizens-make a difference?

[The Inner Game of Tennis](#) Edward Elgar Publishing

Explores how evolutionary psychology has begun to identify the prehistoric origins of human behavior and discusses how those discoveries have influenced the way consumer spending is viewed and controlled by companies, retailers, and marketers.

[Statistical Sports Models in Excel](#) Oxfam

Good Strategy/Bad Strategy clarifies the muddled thinking underlying too many strategies and provides a clear way to create and implement a powerful action-oriented strategy for the real world. Developing and implementing a strategy is the central task of a leader. A good strategy is a specific and coherent response to—and approach for—overcoming the obstacles to progress. A good strategy works by harnessing and applying power where it will have the greatest effect. Yet, Rumelt shows that there has been a growing and unfortunate tendency to equate Mom-and-apple-pie values, fluffy packages of buzzwords, motivational slogans, and financial goals with “strategy.” In *Good Strategy/Bad Strategy*, he debunks these elements of “bad strategy” and awakens an understanding of the power of a “good strategy.” He introduces nine sources of power—ranging from using leverage to effectively focusing on growth—that are eye-opening yet pragmatic tools that can easily be put to work on Monday morning, and uses fascinating examples from business, nonprofit, and military affairs to bring its original and pragmatic ideas to life. The detailed examples range from Apple to General Motors, from the two Iraq wars to Afghanistan, from a small local market to Wal-Mart, from Nvidia to Silicon Graphics, from the Getty Trust to the Los Angeles Unified School District, from Cisco Systems to Paccar, and from Global Crossing to the 2007–08 financial crisis.

Reflecting an astonishing grasp and integration of economics, finance, technology, history, and the brilliance and foibles of the human character, *Good Strategy/Bad Strategy* stems from Rumelt's decades of digging beyond the superficial to address hard questions with honesty and integrity.

Take charge of your career and create a life full of learning, adventure, joy, and success utilizing these never-before-shared leadership principles Ann Hiatt learned working alongside the world's top tech CEOs—Google's Eric Schmidt, Amazon's Jeff Bezos, and Yahoo!'s Marissa Mayer. Whether you're stuck in your current job, starting your first job and wondering how you can use it as a steppingstone towards your dream career, or mid-career and wanting to finally be recognized for promotion or a leadership role, this book is for you. For the first time, Ann Hiatt shares both the daily habits and long-game strategies she learned working side-by-side for decades with the giants of technology at Amazon and Google. Through clear guidance and incredible stories, *Bet on Yourself* will teach you: How to define your abilities and speak up so that you can be recognized for the work that you do and the unique capabilities you bring to the table. How to create opportunities for yourself when options appear limited and build a purposeful career regardless of your seniority or industry. What it takes to build the confidence you need to build your dream career. How to exchange your frustration over not getting the recognition you deserve for an empowered, actionable plan for taking control of your professional identity and get promoted. These tried-and-true methods to take ordinary opportunities and create something extraordinary, and the leadership principles that guide the work of these celebrity CEOs, are directly applicable to your goals. With a few consistent, daily habits you can build a future that exceeds your wildest expectations. No matter the opportunities available to you in your particular community or career stage, there is a path for you.

[Sharing Success - Owning Failure: Preparing to Command in the Twenty-First Century Air Force](#) Simon and Schuster

Fortune magazine editor Geoff Colvin offers new evidence that top performers in any field are not determined by their inborn talents. Greatness, he argues, does not come from DNA but from practice and perseverance honed over decades. The key to this is how successful people practice, how the results of practice are analysed and how they learn from their mistakes. This new mindset will change the way reader's think about their jobs and careers, and will inspire them to achieve more in all they do.

[How Change Happens](#) Penguin

How do sportsbooks make their lines? Which types of bets are the best? Can you beat the house? The Logic Of Sports Betting answers all these questions and more with a dash of humor and a whole lot of real talk about how it all works. Peek behind the counter and learn how sportsbooks operate. Combine that insider knowledge with why-didn't-I-think-of-that sports betting logic, and you have the winning formula. Ed Miller is a best-selling (over 300,000 copies sold) author of books on poker and gambling. This is his first book on sports betting, but maybe his favorite book to write so far. Matthew Davidow is a sports modeler, using proprietary methods to beat major sports betting markets for over 15 years, and co-founding two leading private sports analytics firms along the way. What people are saying about The Logic Of Sports Betting "Matt and Ed are two of the smartest minds in sports betting." - Rufus Peabody, professional sports bettor "As a sportsbook employee for 30-plus years, I find it difficult to read or watch anything about sports betting. But I could not put The Logic Of Sports Betting down. It's that good." - Robert Walker, Las Vegas bookmaker

### THE TIMES INDEX

Kogan Page

A champion manager of people, Jack Welch shares the hard-earned wisdom of a storied career in what will become the ultimate business bible With *Winning*, Jack Welch delivers a wide-ranging, in-depth, no-holds-barred management guidebook about the tough strategic, organizational, and personal challenges that face people at every stage of their careers. Loaded with candid personal anecdotes, hard-hitting advice, and invaluable dos and don'ts, Jack explains his theory of business, by laying out the four most important principles that form the foundation of his success. Chapters include: How to Get Promoted, How to Think about Strategy, How to Write a Budget that Works, How to Work for a Jerk, How Find Work-Life Balance and How Start Something New. Enlivened by quotes from business leaders that Welch interviewed especially for the book, it's a tour de force that

reflects Welch's mastery of execution, excellence and leadership.
