A Study Guide for Edward P. Jones's "The Known World" HarperCollins UK

After discerning the social and historical factors surrounding its first appearance in the 1960s, Neo-Slave Narratives explores the complex relationship between nostalgia and critique, while asking how African American intellectuals at different points between 1976 and 1990 remember and use the site of slavery to represent cultural debates that arose during the sixties."--BOOK JACKET.

The Madonnas of Echo Park HarperCollins UK

"Obscured from our view of slaves and masters in America is a critical third party: the state, with its coercive power. This book completes the grim picture of slavery by showing us the origins, the nature, and the extent of slave patrols in Virginia and the Carolinas from the late seventeenth century through the end of the Civil War. Here we see how the patrols, formed by county courts and state militias, were the closest enforcers of codes governing slaves throughout the South. Mining a variety of sources, Sally Hadden presents the views of both patrollers and slaves as she depicts the patrols, composed of

"respectable" members of society as well as poor whites, often mounted and armed with whips and guns, exerting a brutal and archaic brand of racial control inextricably linked to post-Civil War vigilantism and the Ku Klux Klan. City councils also used patrollers before the war, and police forces afterward, to impose their version of race relations across the South, making the entire region, not just plantations, an armed camp where slave workers were controlled through terror and brutality."

Doubleday
A New York Times Book Review Notable Book • Finalist for the Pulitzer Prize for

Fiction • Longlisted for the Women's Prize for Fiction "Easily the funniest book I've read this year." —GQ "Masterly funny debut novel . . . Erudite but never pretentious, *The Idiot* will make you crave more books by Batuman." —Sloane Crosley, *Vanity Fair* A portrait of the artist as a young woman. A novel about not just discovering but inventing oneself. The year is 1995, and email is new. Selin, the daughter of Turkish immigrants, arrives for her freshman year at Harvard. She signs up for classes in subjects she has never heard of, befriends her charismatic and worldly Serbian classmate, Svetlana, and, almost by accident, begins corresponding with Ivan, an older mathematics student from Hungary. Selin may have barely spoken to Ivan, but with each email they exchange, the act of writing seems to take on new and increasingly mysterious meanings. At the end of the school year, Ivan goes to Budapest for the summer, and Selin heads to the Hungarian countryside, to teach English in a program run by one of Ivan's friends. On the way, she spends two weeks visiting Paris with Svetlana. Selin's summer in Europe does not resonate with anything she has

previously heard about the typical experiences of American college students, or indeed of any other kinds of people. For Selin, this is a journey further inside herself: a coming to grips with the ineffable and exhilarating confusion of first love, and with the growing consciousness that she is doomed to become a writer. With superlative emotional and intellectual sensitivity, mordant wit, and pitch-perfect style, Batuman dramatizes the uncertainty of life on the cusp of adulthood. Her prose is a rare and inimitable combination of tenderness and wisdom; its logic as natural and inscrutable as that of memory itself. *The Idiot* is a heroic yet self-effacing reckoning with the terror and joy of becoming a person in a world that is as intoxicating as it is disquieting. Batuman's fiction is unguarded against both life's affronts and its beauty--and has at its command the complete range of thinking and feeling which they entail.  Ira Berlin traces the history of African-

American slavery in the United States from its beginnings in the seventeenth century to its fiery demise nearly three hundred years later. Most Americans, black and white, have a singular vision of slavery, one fixed in the mid-nineteenth century when most American slaves grew cotton, resided in the deep South, and subscribed to Christianity. Here, however, Berlin offers a dynamic vision, a major reinterpretation in which slaves and their owners continually renegotiated the terms of captivity. Slavery was thus made and remade by successive generations of Africans and African Americans who lived through settlement and adaptation, plantation life, economic transformations, revolution, forced migration, war, and ultimately, emancipation. Berlin's understanding of the processes that continually transformed the lives of slaves makes *Generations of Captivity* essential reading for anyone interested in the evolution of antebellum America. Connecting the Charter Generation to the development of Atlantic society in the seventeenth century, the Plantation Generation to the reconstruction of colonial society in the eighteenth century,

the Revolutionary Generation to the Age of Revolutions, and the Migration Generation to American expansionism in the nineteenth century, Berlin integrates the history of slavery into the larger story of American life. He demonstrates how enslaved black people, by adapting to changing circumstances, prepared for the moment when they could seize liberty and declare themselves the Freedom Generation. This epic story, told by a master historian, provides a rich understanding of the experience of African-American slaves, an experience that continues to mobilize American thought and passions today.

A lost gem of twentieth-century literature, Josephine Johnson's 1934 Pulitzer Prize-winning "exquisite...heartbreakingly real" (The New York Times Book Review) novel follows a year in the life of a family struggling to survive the Dust Bowl. Published when Josephine Johnson was only twenty-four years old, Now in November made Johnson the youngest ever winner of the Pulitzer Prize in 1935. It

is a beautifully told account of one farming family's challenges to scrape by and earn a living from mortgaged land over the course of a single year, narrated by one of three sisters—the introspective and thoughtful Margaret. As the household is ravaged by Depression-era hardship and the environmental blights of the Dust Bowl, the family's unique vulnerabilities are pushed to a breaking point. In a style typical of Johnson's body of work, Now in November is strikingly ahead of its time, grappling with questions of mental health, worker's rights, as well as gender, race, and class and is ready to be rediscovered by a new generation of readers.

Sapphira and the Slave Girl The Known World

ONE OF NPR'S BEST BOOKS OF THE YEAR

• A sweeping debut novel that explores the intimate struggle for independence and success of a young descendant of Indian indentured laborers in Mauritius, a small multiracial island in the Indian Ocean. "The beauty of Busjeet's splendid, often breathtaking book is, like the best stories of journeys to young adulthood, the precious and well-observed and heartbreaking details of day-to-day life." --

Edward P. Jones, Pulitzer Prize winning author of *The Known World* In the 1950s, Vishnu Bhushan is a young boy yet to learn the truth beyond the rumors of his family's fractured histories--an alliance, as his mother says, of two bankrupt families. In evocative chapters, the first two decades of Vishnu's life in Mauritius unfolds with heart wrenching closeness as he battles to experience the world beyond, and the cultural, political, and familial turmoil that hold on to him. Through gorgeous and precise language, *Silent Winds, Dry Seas* conjures the spirit and rich life of Mauritius, even as its diverse peoples live under colonial rule. Weaving the soaring hopes, fierce love, and heart-breaking tragedies of Vishnu's proud Mauritian family together with his country's turbulent path to gain independence, Busjeet masterfully evokes the epic sweep of history in the intimate moments of a boy's life. *Silent Winds, Dry Seas* is a poetic, powerful, and universal novel of identity and place, of the legacies of colonialism, of tradition, modernity, and emigration, and of what a family will sacrifice for its children to thrive. A NEW YORK TIMES NOTABLE BOOK • Ghana, eighteenth century: two half sisters are born into different villages, each unaware of the other. One will marry an Englishman and lead a life of comfort in the palatial rooms of the Cape Coast Castle. The other will be captured in a raid on her village, imprisoned in the very same castle, and sold into slavery. One of Oprah's Best Books of the Year and a PEN/Hemingway award winner, *Homegoing* follows the parallel paths of these sisters and their descendants through eight generations: from the Gold Coast to the plantations of Mississippi, from the American Civil War to Jazz Age Harlem. Yaa Gyasi's extraordinary novel illuminates slavery's troubled legacy both for those who were taken and those who stayed—and shows how the memory of captivity has been inscribed on the soul of our nation. **The Underground Railroad** Farrar,

Explores the lives of those who shed their ethnic identity in pursuit of the American dream with a different character in each chapter, including Hector, a day laborer who witnesses a murder, and Felicia, who survives a drive-by shooting. [Neo-slave Narratives](#) Soho Press
Most Americans, both black and white, believe that slavery was a system maintained by whites to exploit blacks, but this authoritative study reveals the extent to which African Americans played a significant role as slave masters. Examining South Carolina's diverse population of African-American slaveowners, the book demonstrates that free African Americans widely embraced slavery as a viable economic system and that they--like their white counterparts--exploited the labor of slaves on their farms and in their businesses. Drawing on the federal census, wills, mortgage bills of sale, tax returns, and newspaper advertisements, the author reveals the nature of African-American slaveholding, its complexity, and its rationales. He describes how some African-American slave masters had earned their freedom

but how many others--primarily mulattoes born of free parents--were unfamiliar with slavery's dehumanization.

Willa Cather's twelfth and final novel, *Sapphira and the Slave Girl*, is her most intense fictional engagement with political and personal conflict. Set in Cather's Virginia birthplace in 1856, the novel draws on family and local history and the escalating conflicts of the last years of

slavery—conflicts in which Cather's family members were deeply involved, both as slave owners and as opponents of slavery. Cather, at five years old, appears as a character in an unprecedented first-person epilogue. Tapping her earliest memories, Cather powerfully and sparsely renders a Virginia world that is simultaneously beautiful and, as she said, "terrible." The historical essay and explanatory notes explore the novel's grounding in family, local, and national history; show how southern cultures continually shaped Cather's life and work, culminating with this novel; and trace the progress of Cather's research and composition during years of grief and loss that she described as the worst of her life. More early drafts, including manuscript fragments, are available for *Sapphira and the Slave Girl* than for any other Cather novel, and the revealing textual essay draws on this rich resource to provide new insights into Cather's composition process.

The Idiot Albert Whitman & Company
From Edward P. Jones comes one of the most acclaimed novels in recent memory—winner of the Pulitzer Prize for Fiction and the National Book Critics Circle

Award for Fiction. *The Known World* tells the story of Henry Townsend, a black farmer and former slave who falls under the tutelage of William Robbins, the most powerful man in Manchester County, Virginia. Making certain he never circumvents the law, Townsend runs his affairs with unusual discipline. But when death takes him unexpectedly, his widow, Caldonia, can't uphold the estate's order, and chaos ensues. Edward P. Jones has woven a footnote of history into an epic that takes an unflinching look at slavery in all its moral complexities. "A masterpiece that deserves a place in the American literary canon."—Time

A new edition of this award-winning modern classic, with an introduction by Tayari Jones (*An American Marriage*), an excerpt from the never before seen follow-up, and discussion guide. Pakersfield, Georgia, 1958: Thirteen-year-old Tangy Mae Quinn is the sixth of ten fatherless siblings. She is the darkest-skinned among them and therefore the ugliest in her mother, Rozelle's, estimation, but she's also the brightest. Rozelle—beautiful, charismatic, and light-skinned—exercises

a violent hold over her children. Fearing abandonment, she pulls them from school at the age of twelve and sends them to earn their keep for the household, whether in domestic service, in the fields, or at “the farmhouse” on the edge of town, where Rozelle beds local men for money. But Tangy Mae has been selected to be part of the first integrated class at a nearby white high school. She has a chance to change her life, but can she break from Rozelle’s grasp without ruinous—even fatal—consequences?

popular fiction.” — Stephen King “One of
the longest, most successful sustained
works of popular fiction in recent

has always been an exceptional

storyteller, and he has invested these volumes with an energy and sense of personal urgency that rarely, if ever, falter.” — Washington Post The endgame is at hand for Penn Cage, his family, and the enemies bent on destroying them in this revelatory volume in the epic trilogy set in modern-day Natchez, Mississippi—Greg Iles’s epic tale of love and honor, hatred and revenge that explores how the sins of the past continue to haunt the present. Shattered by grief and dreaming of vengeance, Penn Cage sees his family and his world collapsing around him. The woman he loves is gone, his principles have been irrevocably compromised, and his father, once a paragon of the community that Penn leads as mayor, is about to be tried for the murder of a former lover. Most terrifying of all, Dr. Cage seems bent on self-destruction. Despite Penn’s experience as a prosecutor in major murder trials, his father has frozen him out of the trial preparations—preferring to risk dying in prison to revealing the truth of the crime to his son. During forty years practicing medicine, Tom Cage made himself the most respected and beloved physician in

Natchez, Mississippi. But this revered Southern figure has secrets known only to himself and a handful of others. Among them, Tom has a second son, the product of an 1960s affair with his devoted African American nurse, Viola Turner. It is Viola who has been murdered, and her bitter son—Penn’s half-brother—who sets in motion the murder case against his father. The resulting investigation exhumes dangerous ghosts from Mississippi’s violent past. In some way that Penn cannot fathom, Viola Turner was a nexus point between his father and the Double Eagles, a savage splinter cell of the KKK. More troubling still, the long-buried secrets shared by Dr. Cage and the former Klansmen may hold the key to the most devastating assassinations of the 1960s. The surviving Double Eagles will stop at nothing to keep their past crimes buried, and with the help of some of the most influential men in the state, they seek to ensure that Dr. Cage either takes the fall for them, or takes his secrets to an early grave. Unable to trust anyone around him—not even his own mother—Penn joins forces with Serenity Butler, a famous young black author who has come to

Natchez to write about his father's case. Together, Penn and Serenity battle to crack the Double Eagles and discover the secret history of the Cage family and the South itself, a desperate move that risks the only thing they have left to gamble: their lives. *Mississippi Blood* is the enthralling conclusion to a breathtaking trilogy seven years in the making—one that has kept readers on the edge of their seats. With piercing insight, narrative prowess, and a masterful ability to blend history and imagination, Greg Iles illuminates the brutal history of the American South in a highly atmospheric and suspenseful novel that delivers the shocking resolution his fans have eagerly awaited.

An Arab Israeli man, back in Jerusalem to see his estranged father, narrates “a novel about just how sad, fractured and tricky cultural identity can get” (Seattle Times). Having emigrated to America years before, a nameless memoirist now residing in Illinois receives word that his estranged father, whom he has not spoken to in fourteen years, is dying. Leaving his wife and their three children, he returns to

Jerusalem and to his hometown of Tira in Palestine to be by his family's side. But few are happy to see him back and, geographically and emotionally displaced, he feels more alienated from his life than ever. Sitting by his father's hospital bed, the memoirist begins to remember long-buried traumas, the root causes of his fallout with his family, the catalyst for his marriage and its recent dissolution, and his strained relationships with his children—all of which is strangely linked to a short story he published years ago about a young girl named Palestine. As he plunges deeper into his memory and recounts the history of his land and his love, the lines between truth and lies, fact and fiction become increasingly blurred. Hailed as “an unusually gifted storyteller with exceptional insight” (Jewish Tribune), Bernstein Award-winning writer Sayed Kashua presents a masterful novel about the stories Palestinians and Israelis tell themselves about their lives and their histories.
