

author tries to trace the history of Indian Naxalism since its inception in the sixties, which resulted in the death and largescale loss of human lives, exceeding 12,000, and loss of property worth millions of rupees during the last two decades. So, what is it—a peoples' movement or a state of utter neglect on the part of the government or a revolt by the deprived lot of Adivasis and forest dwellers exploited by the Indian corporations with the active connivance of the Indian politicians and dispensation? Read for interesting details and unheard-of revelations; gauge the extent and might of the radical forces of the dominant Naxalite group—the Communist Party of India (Maoist)—a banned organisation, and what the future holds.

*Nightmarch* Sarup & Sons

The Maoist Insurgency has been born out of long periods of social discontent, economic hardships and state apathy towards the neglected masses. Anti-Maoist operations have to be based on a strong political will, aggressive anti-guerrilla tactics and economic and social development of affected areas to win back the confidence of the people. A common perception is that in these operations, the role of air power is normally overlooked. History differs and tells us that air power has been used extensively to quell past insurgencies. This book explores the nature of insurgencies and air power lessons from past insurgencies. After analysing the Maoist insurgency, the employment of air assets in supporting the security forces is examined.

*Double Circle - A Story of Love to Naxalism* Notion Press

1. Collection of more than 162 Essays covering various topics 2. Focuses on developing the art of writing essays 3. Guide is divided into 2 Parts 4. First Part focuses on how to write an effective, interesting essays with techniques 5. Second Part contains all the Latest and Updated topics from all fields of life 6 All topics have been penned in a clear and easy language 7. Important Quotations are provided to better essay writing Writing an essay is a perfect art blend of intellect and creativity that needs discipline of mind, analytical power, and good vocabulary to express thoughts in an appropriate context. To craft a purposeful essay, one must have thorough knowledge of topics, expressions, grammatical accuracy and coherence of thoughts all together. With the revised edition of "151 Essays" readers are certainly helped in enhancing capabilities to present subject matter in a concise and organized manner. The essays in this book have been classified under different categories, giving views on every genre. Latest topics have also been covered with accurate facts and data wherever required. Use of simple and standard language has been kept in mind so that students with different caliber are benefited. A separate section has been made for 'Important Quotations' so that students can use them in writing essay when they require. This book is highly useful for all kinds of examination from academic to government competition. TOC Contemporary Issues, Social Issues, Political Issues, Economic Issues, Science and Technology, Environmental Issues, Education, Health and Sports, Renowned Personalities, Preverbal and Idiomatic, Miscellaneous Issues, Important Quotations

*Growing Violence* Ramdevsinh Jadeja

This book examines the major armed conflicts in South Asia. The articles study conflict management, look at the direction the armed conflict is likely to take and provide a set of alternative measures that could be pursued by the actors. Designed as an annual series, the articles provide a brief historical sketch of the emergence of armed conflict, outlining its various phases. This volume examines the various armed conflicts in South Asia in 2009 - in Afghanistan, FATA and NWFP, J&K, North-East India, Nepal and Sri Lanka, and sectarian and Naxalite violence in Pakistan and India respectively. The volume also includes an exclusive chapter on the continuing story of suicide terrorism in Pakistan. This important collection discusses India's geo-strategic importance and its common borders with its neighbours; the psychological and economic costs of violence and the problem of refugee migrants; treaties, memorandums and ceasefire agreements signed over the past several years across countries; the role of the United Nations and other peacekeeping forces; and the future of failed and failing states.

Gyan Publishing House

This edited volume focuses on India's experiences waging counterinsurgency campaigns since its independence in 1947. Filling a clear gap in the literature, the book traces and assess the origins, evolution and current state of India's counterinsurgency strategies and capabilities, focusing on key counterinsurgency campaigns waged by India within and outside its territory. It also analyzes

the development of Indian doctrine on counterinsurgency, and locates this within the overall ebb and flow of India's defense and security policies. The central argument is that counterinsurgency has been an integral part of India's overall security policy and can thereby impart much to political and military leaders in other states. Since its emergence from British colonialism, India's defence policies have not merely sought to protect and preserve India's inherited colonial borders from threats by rival states, but have also sought to prevent and suppress secessionist movements. In countering insurgencies, the Indian state has fashioned strategies that seek to repress militarily any secessionist movement, while simultaneously forging a range of civilian administrative and institutional arrangements that attempt to address the grievances of disaffected populations. The book highlights key strategic and tactical innovations that the Indian Army and security forces made to deal with a range of insurgent movements. Simultaneously, it also examines how the civilian-military nexus enabled India's policy makers to utilize existing, and formulate novel, institutional means to address extant political grievances. India has been most successful where it has managed to use calibrated force, obtained the trust of much of the aggrieved population and made persuasive commitments to political and institutional reform. Examination of these elements of India's counterinsurgency performance can be compared to counterinsurgency doctrine developed by other countries, including the United States, and thus yield comparative policy prescriptions and recommendations that can be applied to other counterinsurgency contexts. This book will be of great interest to students of counterinsurgency and irregular warfare, Indian politics, Asian Security Studies and Strategic Studies in general.

*Naxalite-Maoist Insurgency* Vij Books India Pvt Ltd

Anthropologist Alpa Shah found herself in an active platoon of Naxalites—one of the longest-running guerrilla insurgencies in the world. The only woman, and the only person without a weapon, she walked alongside the militants for seven nights across 150 miles of dense, hilly forests in eastern India. *Nightmarch* is the riveting story of Shah's journey, grounded in her years of living with India's tribal people, an eye-opening exploration of the movement's history and future and a powerful contemplation of how disadvantaged people fight back against unjust systems in today's world. The Naxalites have fought for a communist society for the past fifty years, caught in a conflict that has so far claimed at least forty thousand lives. Yet surprisingly little is known about these fighters in the West. Framed by the Indian state as a deadly terrorist group, the movement is actually made up of Marxist ideologues and lower-caste and tribal combatants, all of whom seek to overthrow a system that has abused them for decades. In *Nightmarch*, Shah shares some of their gritty untold stories: here we meet a high-caste leader who spent almost thirty years underground, a young Adivasi foot soldier, and an Adivasi youth who defected. Speaking with them and living for years with villagers in guerrilla strongholds, Shah has sought to understand why some of India's poor have shunned the world's largest democracy and taken up arms to fight for a fairer society—and asks whether they might be undermining their own aims. By shining a light on this largely ignored corner of the world, Shah raises important questions about the uncaring advance of capitalism and offers a compelling reflection on dispossession and conflict at the heart of contemporary India.

**The Palgrave Handbook of National Security** Concept Publishing Company

This book examines the major armed conflicts in South Asia — in India (with special reference to the Northeast, Jammu & Kashmir and the Naxalites), Pakistan, Nepal, Bangladesh, Sri Lanka and Afghanistan. Designed as an annual series, the articles cover a set of issues across volumes. Each article provides a brief historical sketch of the emergence of armed conflict and outlines its various phases. The roles, objectives and strategies of the major state, non-state and international actors are critically evaluated.

*Naxalism - Maoism* Penguin Books India

This handbook provides a comprehensive analysis of the contemporary theory, practice and themes in the study of national security. Part 1: Theories examines how national security has been conceptualised and formulated within the disciplines international relations, security studies and public policy. Part 2: Actors shifts the focus of the volume from these disciplinary concerns to consideration of how core actors in international affairs have conceptualised and practiced national security over time. Part 3: Issues then provides in-depth analysis of how individual security issues have been incorporated into prevailing scholarly and policy paradigms on national security. While security now seems an all-encompassing phenomenon, one general proposition still holds: national interests and the nation-state remain central to unlocking security puzzles. As normative values intersect with raw power; as new threats meet old ones; and as new actors challenge established

elites, making sense out of the complex milieu of security theories, actors, and issues is a crucial task - and is the main accomplishment of this book.

**China and the Naxalites** One Point Six Technology Pvt Ltd

Naxalism or Left Wing extremism is a major internal security threat faced by India. Though Naxalism predates independence, it was limited to small pockets of areas but now has spread to underdeveloped areas from Bihar to Tamil Nadu. It is a well organized underground movement with an ideological base in rural areas spread over in the interior of many states. The Naxal movement is a complex socio- politico- economic phenomenon. Their violent methods against the government officials, law and order agencies and business community are causes, needing immediate and serious attention. This volume is a compilation of five papers presented at a workshop organized by CSA in August 2010.

**Social and Legal Issues** K.K. Publications

Dedicated police officer, ACP Gautam Dhaliwal, takes it upon himself to root out the MAF, a major Naxal organisation based in the remote village of Bhagatpur, Bihar, as part of the Central Government-backed, Operation India One. However, as his investigations progress, he unmasks the official façade of the model of development that he had set out to defend. He is shocked to learn about the ugly nexus of unscrupulous politicians, bureaucrats and businessmen feeding off the oppression of the underprivileged. Torn between his commitment to the Indian State and the sympathy he begins to feel for the distressed people of Bhagatpur, an agonised ACP Dhaliwal is forced to rethink his earlier views on the meaning of an individual's responsibility towards fellow countrymen.

NaxalismNaxalism and Anti-naxal OperationsWhy the Nation Has Been Failing?Naxalite-Maoist InsurgencyOperation Lalgah, Communist Party of India, Naxalite, Timeline of the Naxalite-Maoist Insurgency, Varavara Rao, Jnaneswar

This book looks at the contested relationship between Adivasis or the indigenous peoples, migrants and the state in India. It delves into the nature and dynamics of competition and resource conflicts between the Adivasis and the migrants. Drawing on the ground experiences of the Dandakaranya Project - when Bengali migrants from erstwhile East Pakistan (now Bangladesh) were rehabilitated in eastern and central India - the author traces the connection between resource scarcity and the emergence of Naxalite politics in the region in tandem with the key role played by the state. He critically examines the way in which conflicts between these groups emerged and interacted, were shaped and realised through acts and agencies of various kinds, as well as their socio-economic, cultural and political implications. The book explores the contexts and reasons that have led to the dispossession, deprivation and marginalisation of Adivasis. Through rich empirical data, this book presents an in-depth analysis of a contemporary crisis. It will be useful to scholars and researchers of political studies, South Asian politics, Conflict Studies political sociology, cultural studies, sociology and social anthropology.

Excerpt: Operation Lalgah was an armed operation in India against the Maoists who have been active in organising a tribal movement alongside a group called the People's Committee Against Police Atrocities (PCAPA). The operation is organised by the police and security forces in Lalgah, Paschim Medinipur, West Bengal to restore law and order in the area and flush out the Maoists. The area of operation is said to be expanded to 18 police stations in the three Maoist affected districts of Paschim Medinipur, Bankura and Purulia. The road to Lalgah from Medinipur and Jhargram had been blocked at several places with large felled trees. The incident has its root in an incident on November 2, 2008. On the way back from laying the foundation stone of Jindal steel plant at Shalboni, the convoy of the chief minister of West Bengal Buddhadeb Bhattacharya and then central ministers Ram Vilas Paswan and Jitin Prasada came under a landmine...

India has been a victim of terrorist, Naxalites & Insurgents violence for more than many decades. Terrorism is actually a curse on mankind. Terrorist wrath has taken a toll on a larger number of enforcement agencies whose only crime was to execute their assigned duty. Terrorism and Naxalism have crippled life in several states and countries and are causing economic breakdown leading to unemployment, hunger and untold misery, and also paralyzing the social and economic fabric of the society. The book is divided into eleven chapters. The first Chapter is related to "Introduction." The Second Chapter deals with the "Meaning and Definition of Terrorism & Naxalism". The Factors of Terrorism" is discussed in the Third Chapter. In the Fourth Chapter, "Modus Operandi of Terrorism" is discussed. The Fifth Chapter covers the issue of "Terrorism and Human Rights". In the Sixth Chapter, "Terrorism in J&K and other states" is discussed. Chapter Seventh is related to Naxalism in Chhattisgarh and other states. Chapter Eight covers the problem of Insurgency in Nagaland and other states. It includes the Nagaland, Assam, Manipur, Tripura, Mizoram and Meghalaya. In the Ninth Chapter, "Terrorism and Judiciary" is discussed. The Tenth Chapter is related to Terrorism and laws. The Last Chapter is on prevention and control of terrorism, Naxalism and insurgency. In the end, some useful and realistic suggestions are also

made.

#### **THE DEATH SCRIPT**

SAGE Publications India

The rise of Maoism as one of the organized political movement in India is the outcome of a historical situation. Both colonialism and the failure of the Indian state to implement land reforms more stringently in the aftermath of independence resulted in terrible sufferings of the marginalized, land-dependent, sections of society. Through historical analysis, this book assesses the ideological articulation of the contemporary ultra-left movement in India, including Maoism which is expanding gradually in India. The author provides answers to the following issues: Is Maoism reflective of the growing disenchantment of the people in the affected areas with the state? Is it a comment on 'the distorted development planning' pursued by the Indian state? Is this an outcome of the processes of 'deepening of democracy' in India? Using Orissa as a case study, the book raises questions on India's development strategy. The author argues that Maoism provides critical inputs for an alternative paradigm for development, relevant for 'transitional societies' and that it is a still a powerful ideology for the poorer parts of the world although its ideological appeal has declined internationally.
