Based on an incredible true story, Carnegie Medal nominee and New York Times–bestselling author Megan Shepherd crafts a harrowing, propulsive girl-and-her-dog tale that will linger in your heart long after the last page. Laika is a Cold Dog, a stray pup fighting for her life on the streets of Moscow. Then, one winter night, she is plucked from her alley to become a starflyer, a dog trained to travel into space. Distrustful of people, Laika tries to do everything she can to escape. That is, until she meets Nina. Nina is a Cold Girl, lonely and full of questions. Her best friend has moved to America in a rush, leaving Nina to face the school bullies all by herself. Plus, her father’s work as a scientist in the Soviet Space Program grows more secretive by the day. When the two meet in her father’s laboratory, their growing bond slowly warms the chill that has settled in each other’s hearts. As the Space Race between the United States and the Soviet Union grows fierce, Laika and Nina uncover shocking secrets and hard truths that will test their friendship. How will they find the courage to chase their dreams all the way to the stars?

This is a study of madness in the medieval Islamic world. Using a wide variety of sources, from the fields of history, literature, and art, the late Michael Dols explores beliefs about madness in Islamic society, and examines attitudes towards individuals afflicted by mental illness or disability. The book demonstrates the links between Christian and Muslim medical beliefs and practices, and traces the influence of certain Christian beliefs, such as

miracle-working, on Islamic practices. It breaks new ground in analysing the notions of the romantic fool, the wise fool, and the holy fool in medieval Islam within the framework of perceptions of mental illness. It shows that the madman was not regarded as a pariah, an outcast, or a scapegoat. This is a comprehensive and original work, whose insights into magic, medicine, and religion combine to open up our understanding of medieval Islamic society.

Alone in her native St Petersburg, Maria Glover sends an urgent summons to London and New York. Her son and daughter arrive too late to see her, but the end of their mother’s life marks the beginning of their own story: one of secrets, strangers, and the ultimate retelling of everything they thought they knew. ‘Docx knows that what we want most from a novel are stories into which we can sink our teeth and our hearts. His ability to evoke the atmosphere of a city is almost Dickensian’ Guardian ‘Full of insight: on the state of Russia, Britain and the US; and on the nature of music, addiction, love and sex. Funny and involving and the characters are often priceless’ Metro ‘I was amazed at the detail of Docx’s St Petersburg, with all its beauty and cruelty, similar to the style of Dostoevsky’ Financial Times ‘Unforgettable. Not since What a Carve Up! has there been such an absorbing indictment of the family’ Independent on Sunday

A haunting account of the sixteen years when a young Jamie Gehring and her family lived closer than anyone to Ted Kaczynski, the Unabomber As a child in Lincoln, Montana, Jamie Gehring and her family shared their land, their home, and their dinner table with a hermit with a penchant for murder. But they had no idea that the odd recluse living in the adjacent cabin was anything more than a disheveled man who brought young Jamie painted rocks as gifts. Ted was simply Ted, and erratic behavior, surprise visits, and chilling events while she was riding horses or helping her dad at his sawmill were dismissed because he was "just the odd hermit." In fact, he was much more--Ted eluded the FBI for seventeen years while mailing explosives to strangers, earning the infamous title of Unabomber. In Gehring's investigative quest twenty-five years later to reclaim a piece of her childhood and to answer the questions, why, how, she recalls what were once innocent memories and odd circumstances that become less puzzling in hindsight. The innocence of her youth robbed, Gehring needed to reconcile her lived experience with the evil that hid in plain sight. In this book, through years of research probing Ted's personal history, his writings, his secret coded crime journals, her own correspondence with him in his Supermax prison cell, plus interviews with others close to Kaczynski, Gehring unearths the complexity, mystery, and tragedy of her childhood with the madman in the woods. And she discovers a shocking revelation—she and her family were in Kaczynski's crosshairs. A work of intricately braided research, journalism, and personal memories, this book is a chilling response to the question: Do you really know your neighbor?

Set on a remote Scottish island, this “piercing, vivid, and humane story depict[s] the long aftermath of extreme domestic violence” (Kirkus Reviews). Nobody knows why John Baird, a quiet family man, took it into his head one day to pick up a shotgun and murder his wife and children. On the Scottish island of Litta, violent crime is unheard of, and the killings send shockwaves through this tiny community in which the Bairds were well-known and liked. Tommy, the only survivor of the terrible crime, has come back to Litta many years later. Faced with this reminder of the horrors that took place amongst them, the community must ask themselves again if anyone can truly know their neighbors. What drives a man to murder his own family? And to what extent is Tommy his father’s son? With unflinching candor and powerful prose, Our Fathers interrogates the damaging legacy of toxic masculinity, and reveals how family can both wound us and help us heal.

A magisterial history of the Himalaya: an epic story of peoples, cultures, and adventures among the world’s highest mountains. For centuries, the unique and astonishing geography of the Himalaya has attracted those in search of spiritual and literal elevation: pilgrims, adventurers, and mountaineers seeking to test themselves among the world’s most spectacular and challenging peaks. But far from being wild and barren, the Himalaya has been home to a diversity of indigenous and local cultures, a crucible of world religions, a crossroads for trade, and a meeting point and conflict zone for empires past and present. In this landmark work, nearly two decades in the making, Ed Douglas makes a thrilling case for the Himalaya’s importance in global history and offers a soaring account of life at the "roof of the world." Spanning millennia, from the earliest inhabitants

to the present conflicts over Tibet and Everest, Himalaya explores history, culture, climate, geography, and politics. Douglas profiles the great kings of Kathmandu and Nepal; he describes the architects who built the towering white Stupas that distinguish Himalayan architecture; and he traces the flourishing evolution of Hinduism, Islam, and Buddhism that brought Himalayan spirituality to the world. He also depicts with great drama the story of how the East India Company grappled for dominance with China’s emperors, how India fought Mao’s Communists, and how mass tourism and ecological transformation are obscuring the bloody legacy of the Cold War. Himalaya is history written on the grandest yet also the most human scale—encompassing geology and genetics, botany and art, and bursting with stories of courage and resourcefulness.

The classic collection of sixteen sermons preached and compiled by Dr. King As Dr. King prepared for the Birmingham campaign in early 1963, he drafted the final sermons for Strength to Love, a volume of his best-known homilies. King had begun working on the sermons during a fortnight in jail in July 1962. Having been arrested for holding a prayer vigil outside Albany City Hall, King and Ralph Abernathy shared a jail cell for fifteen days that was, according to King, “dirty, filthy, and ill-equipped” and “the worse I have ever seen.” While behind bars, he spent uninterrupted time preparing the drafts for classic sermons such as “Loving Your Enemies,” “Love in Action,” and “Shattered Dreams,” and continued to work on the volume after his release. A Gift of Love includes these classic sermons, along with two new preachings. Collectively they present King’s fusion of Christian teachings and social consciousness, and promote his prescient vision of love as a social and political force for change.
