The 3-D Band Book is a three-dimensional approach to rehearsal preparation. This complete tune up/warm up program will reduce rehearsal stress and permit greater accomplishment with less effort. The overall preparedness that this book provides will make every rehearsal a more rewarding and enjoyable experience. The book is divided into three parts: tune up/warm up, key preparation, and rhythm preparation. In addition, there are three pages of harmony and ear training which will provide the basic knowledge necessary for relating to the exercises and chorales found in the book.

*Listening 3 Upper-intermediate Student's Book* Cambridge University Press

Using an inquiry-based approach to learning, Oxford Discover develops the communication skills and thinking skills students need for success in the 21st century. Who are your family and friends? Where can we see colors? How can we make music? Oxford Discover uses Big Questions such as these to tap into students' natural curiosity. It enables them to ask their own questions, find their own answers, and explore the world around them. This approach to language learning and literacy, supported by a controlled grammar and skills syllabus, helps students achieve near-native fluency in English. Oxford Discover gives

teachers the tools to develop children's 21st century skills, creating young thinkers with great futures. Use with Show and Tell as part of 9-level course.

## **MOVE FROM COMMON TO TRANSFORMED TEACHING & LEARNING IN YOUR CLASSROOM**

International Society for Technology in Education

Tune In develops listening skills and, introduces students to over 50 features of natural spoken English. Each lesson uses a step-by-step approach to teach students to understand what people say and how they say it. Students learn techniques such as how to check understanding, express uncertainty, and give polite negative answers. Easy-to-check material allows the teacher to focus on teaching rather than preparing.

In addition, there are three pages of harmony and ear training which will provide the basic knowledge necessary for relating to the exercises and chorales found in the book.

*Method for Teaching Ukulele in the General Music Classroom. : Student Method Book* Alfred Music Publishing

While reluctantly accompanying her husband and daughter to freshman orientation at Indiana University, Nora Quillen hears someone call her name, a name she has not heard in more than 25 years. Not even her husband knows that back in the 60s she was Jane Barth, a student deeply involved in the antiwar movement. *An American Tune* moves back and forth in time, telling the story of Jane, a girl from a working-class family who fled town after she was complicit in a deadly bombing, and Nora, the woman she became, a wife and mother living a quiet life in northern Michigan. An achingly poignant account of a family crushed under the weight of suppressed truths, now available as a Break Away Book Club Edition, *An American Tune* illuminates the irrevocability of our choices and how those choices come to compose the tune of our lives.

*Tune In--learning English Through Listening* New Vessel Press  
*Basic Fiddlers Philharmonic: Old-Time Fiddle Tunes* is absolutely perfect for introducing fiddling to your youngest string players. Eleven tunes from the old-time American fiddling tradition are presented first in a simplified, "basic" version of the tune printed with note names in the note heads. Following the Philharmonic format, the tune is then presented in an "advanced," but still accessible version of the tune. Several options for simple back-ups and very basic improvisation tips are provided for each instrument. *Basic Fiddlers Philharmonic* keeps each version on its own staff to avoid confusing young readers and lyrics are included where applicable. The accompaniment CD features recordings of both versions as well as a back-up track for play-along at home or in class.

### TUNE IN--LEARNING ENGLISH THROUGH LISTENING

Cambridge University Press

*Tune In, Log Out* is an ethnographic study of an Internet soap opera fan group. Bridging the fields of computer-mediated communication and audience studies, the book shows how verbal and non verbal communicative practices create collaborative interpretations and criticism, group humor, interpersonal relationships, group norms and individual identity. While much has been written about problems and inequities women have encountered online, Nancy K Baym's analysis of a female-dominated group in which female communication styles prevail demonstrates that women can build successful online communities while still welcoming male participation. In addition, a longitudinal look at the development of fan group allows an examination of the endurance of the group's social structure in the face of the Internet's tremendous growth. Lively and engaging, *Tune In, Log Out* provides an entertaining introduction to issues of online and audience community.

**3-D Band Book for B-flat Clarinet** Oxford University (Music Sales America). Since it first appeared in the 1930s, the concise, clear content of the best-selling *A Tune a Day* series has revolutionized music-making in the classroom and the home. Now, for the first time, C. Paul Herfurth's original books have been completely rewritten with new music and the latest in instrument technique for a new generation of musicians. *A New Tune a Day* books have the same logical, gentle pace, and keen attention to detail, but with a host of innovations: the inclusion of an audio CD with actual performances and backing tracks will make practice even more fun and exciting, and the explanatory diagrams and photographs will help the student to achieve the perfect technique and tone. The DVD shows you the basics from how to set up your instrument to playing your first notes. It takes you through the first few pages of the book ensuring you get off to a good start. Plus, excellent advice and tips from a professional player. Each book contains: advice on audio equipment \* instructions for effective technique and comfortable posture \*

explanatory section on reading music \* easy-to-follow lessons on clear, uncluttered pages \* an audio CD with a virtuoso performance, backing tracks and audio examples \* great music including duets and rounds \* tests to check progress and comprehension \* useful pull-out chart giving all fingerings \* and a DVD, authored for Zone 0, to help you get started on your instrument.

*Elementary* Indiana University Press

Describes the experiences of a white, gay Southerner who decides to move to Japan to teach English.

*Alfred's Musictech, Book 1* Alfred Music

This title develops learners' ability to understand real-life, spoken English through a variety of authentic recordings.

**A New Tune a Day for Classical Guitar** Tune In--learning English Through Listening Student Book

Nelson's highly acclaimed *In Tune with Music 2* includes an updated Student Book, Score Book, CD Set and a Teacher Manual. With two new chapters and a new text design, the book also includes many new listening examples, and numerous activities designed to reinforce the skills and concepts learned. The text combines a large number of melodies with keyboard accompaniments, as well as weblinks and ICT activities to engage, inspire and motivate all students of music.

### FINAL DRAFT LEVEL 3 STUDENT'S BOOK

Alfred Music Publishing

*Tune In--learning English Through Listening* Student Book Oxford University

*Rainbow Ukulele* Cambridge University Press

Do you wish you could get better grades? Do you struggle with certain subjects and believe that maybe you're not cut out for them? Do you want to spend less time studying and still get good grades? Maybe you think that some subjects are just not for you. Maybe you don't like to study, because you secretly believe that you just don't have what it takes, so why bother? Maybe you are a parent, worrying about your child's grades, worrying whether they will be able to qualify for the opportunities you want for them. Studying for tests and exams can be stressful, not just for students, but also for teachers and parents. Grades in school exams and standardized tests can seem to determine your entire future, and yet many students are not able to get the grades they think they need to succeed. *Anyone Can Get An A+* is a conversational, down-to-earth guide for high school and college students on how to maximize their learning and get the grades they want. This book draws on research from the fields of psychology and neuroscience, and gives students practical advice that they can implement right away, to overcome procrastination, make the most of their study time and improve their grades significantly. The book includes sections on how the right nutrition and diet can aid learning, how to organize your time and study schedule, how to keep track of all your deadlines and school-related paperwork, and how to overcome procrastination to complete your schoolwork on time. The author also discusses how students can incorporate the latest research on education and learning into their everyday study habits. *Anyone Can Get An A+* contains 39 tips on various aspects of studying and preparing for exams. In this book, you will learn: \* How best to prepare for exams \* What is the top mistake most students make when doing exam preparation and how to avoid it \* How to overcome procrastination and use your study time wisely \* How to break down larger assignments into smaller chunks \* How to write a paper \* How to use small segments of time effectively \* How to get help to understand difficult material This book includes techniques that work for both high school and college students. Although some of the examples used may resonate more easily

with college students, it is never too early to start good study habits, and many of the tips translate equally to high school and college. The author herself learnt many of these techniques while preparing for board exams in high school. Geetanjali Mukherjee was a top student through high school in Shri Ram School, New Delhi, India, law school at the University of Warwick in UK and graduate school in Cornell University, USA. She was class topper in the ICSE Board examinations in India, and graduated near the top of her class in the ISC Board examinations. Geetanjali graduated law school with honors, and was inducted into the Pi Alpha Alpha, the Global Honor Society for Public Affairs and Administration, for her high GPA at Cornell University. Anyone Can Get An A+ includes the following chapters: Chapter 1: Adopting The Right Attitude Chapter 2: Nourishing Your Mind and Body Chapter 3: Organizing Your Study Life Chapter 4: Getting The Most From Your Study Time Chapter 5: Beating Procrastination Chapter 6: Studying Effectively Chapter 7: Tackling Difficult Subjects Chapter 8: Revising For Exams

Volume 1 of this 2-volume set contains 54 complete lesson plans for the first 18 units of Guitar Expressions. Each lesson includes a Lesson Snapshot, Instructional Overview, a complete step-by-step lesson plan with embedded assessments. The book also includes reproducible student worksheets, assessments forms and student progress record, CDs containing complete instruction, demonstration, play-along, and additional listening tracks. Educators will be pleased to also find Bloom's Taxonomy Correlation, Assessment Overviews, and Core Thinking Overviews. Plus interactive Guitar Guru technology embedded on the included CD-ROM (included in V. 2) allows students to use their computers to view animated fretboard displays of selected songs.

*Student Book* Heritage Music Press

Two teaching experts offer methods for maximizing student comprehension in all areas of education—with extensive research and practical examples. All teachers want their students to think, learn, and understand. In this helpful guide, veteran educators Dr. JoAnn Jurchan and Dr. Chuck Downing examine what successful teachers are doing—and not doing—to achieve those goals. Often without realizing it, many teachers provide students ways to complete their assignments with minimal effort or comprehension. The problem is how to avoid the “TMI” trap—because Too Much Information can stifle critical thinking. *Tune Up Your Teaching* provides clear and detailed methods teachers can use to raise the level of both thinking and learning in their classrooms. Written in a conversational style, Jurchan and Downing use concrete examples in all core areas of education. To clarify critical points, the authors include “He Said She Said” dialogues providing insight into their thought process. Neither a “cookbook” nor a “one size fits all” solution, *Tune Up Your Teaching* instead describes a research-based process that can be personally tailored by any teacher to her or his situation.

The Music Tech Series Teacher's Manual incorporates all three of the books in the series (Composing Music with Notation, Playing Keyboard and Sequencing and Music Production). A Teacher's CD containing additional files not found in the Student CDs is included. The Teacher's Manual provides lesson ideas (suggestions that you can reference as you teach each page of the Student Books), assessment possibilities, and extension activities (additional activities you can consider to extend the lesson). The comb binding creates a lay-flat book that is perfect for study and performance.
