Seder Olam is the basic text on which all historical understanding of Jewish tradition in the Talmud is based. This book is a translation with commentary of this classical text, making Seder Olam: The Rabbinic View of Biblical Chronology available to the English speaking public for the first time. The extensive commentary, by highly

regarded scholar Heinrich W. Guggenheimer, explains the detailed arguments that derive a complete and consistent chronology from biblical anecdotal remarks. The text also addresses a number of secondary topics, such as the status of the book of Daniel and negating the value of Daniel for messianic predictions. The commentary shows that in its present form, Seder Olam is a product of the early Babylonian talmudic academics, edited in the first half of the third century C.E. Since some part of the Seder Olam deals with calendar problems, Dr. Guggenheimer offers an appendix that gives complete instruction for the computation of the Jewish calendar and the conversion of Jewish into civil dates and vice-versa.  #1 NEW YORK TIMES BESTSELLER • The game-changing author of Tribe of Mentors teaches you

how to reach your peak physical potential with minimum effort. "A practical crash course in how to reinvent yourself."—Kevin Kelly, Wired

Is it possible to reach your genetic potential in 6 months? Sleep 2 hours per day and perform better than on 8 hours? Lose more fat than a marathoner by bingeing? Indeed, and much more. The 4-Hour Body is the result of an obsessive quest, spanning more than a decade, to hack the human body using data science. It contains the collective wisdom of hundreds of elite athletes, dozens of MDs, and thousands of hours of jaw-dropping personal experimentation. From Olympic training centers to black-market laboratories, from Silicon Valley to South Africa, Tim Ferriss fixated on one life-changing question: For all things physical, what are the tiniest changes that produce the biggest results? Thousands of tests later, this book contains the answers for both men and women. It's the wisdom Tim used to gain 34 pounds of muscle in 28 days, without steroids, and in four hours of total gym time. From the gym to the bedroom, it's all here, and it all

works. You will learn (in less than 30 minutes each):

- How to lose those last 5-10 pounds (or 100+ pounds) with odd combinations of food and safe chemical cocktails
- How to prevent fat gain while bingeing over the weekend or the holidays
- How to sleep 2 hours per day and feel fully rested
- How to produce 15-minute female orgasms
- How to triple testosterone and double sperm count
- How to go from running 5 kilometers to 50 kilometers in 12 weeks
- How to reverse “permanent” injuries
- How to pay for a beach vacation with one hospital visit

And that's just the tip of the iceberg. There are more than 50 topics covered, all with real-world experiments, many including more than 200 test subjects. You don't need better genetics or more exercise. You need immediate results that compel you to continue. That's exactly what The 4-Hour Body delivers.

Pseudepigrapha

A TikTok sensation, this rom-com about a young woman who agrees to fake date a colleague and bring him to her sister's wedding has "everything you could want in a romance" (Helen Hoang, New York Times bestselling author).

Catalina Martín desperately needs a date to her sister's wedding. Especially since her little white lie about her American boyfriend has spiralled out of control. Now everyone she knows—including her ex and his fiancée—will be there and eager to meet him. She only has four weeks to find someone willing to cross the Atlantic and aid in her deception. New York to Spain is no short flight and her raucous family won't be easy to fool. Enter Aaron Blackford—her tall, handsome, condescending colleague—who surprisingly offers to step in. She'd rather refuse; never has there been a more aggravating, blood-boiling, and insufferable man. But Catalina is

desperate, and as the wedding draws nearer, Aaron looks like her best option. And she begins to

realize he might not be as terrible in the real world as he is at the office.
