The pleasure of creating a manga character is immeasurable. The act of building and developing a character is not just linked to the

construction of the figure: each character has its own shape, personality and attributes. The artist must take into consideration these qualities in order to build a character that is plausible in the eye of the audience. To get some inspiration, have a look at the lessons to draw hundreds of Characters from Blossom Art Studio. This book contains step by step instructions of how to draw your favorite manga Characters from Cute Anime in a picture book format. Art grids are used to help improve your work by breaking down intimidating imagery into more manageable portions. The grid basically divides the original image into smaller blocks so that you can more easily see what belongs where. This can help you create more natural, effortless artwork, and increase your understanding of shapes, composition and color. The grid method has been used by artists for centuries as a tool to creating correct proportions. In this book you will learn to draw following characters: Unicorn, Shippo, Jewlulu, Gatomon, Fami, Chibi, Yukina Utsumi, Reisuke Houjou, Mizuki Amatsuka, Nozomi Waku, Mame Soramame, Koharu Seto, Hinata Miyakawa, Asahina Wataru. All the steps in this book are visually depicted in a very detailed manner and are self explanatory. Hence there are no written instructions required. I hope that you enjoy this book.
