Welcome to James Keane - card sharp and ladies' man - and one of the finest soldiers of Wellington's army. Keane - hot-tempered, a maverick, never quite accepted by his fellow officers - is in trouble for killing his man in a duel: an activity forbidden by Wellington. To avoid court martial, he takes on an unwelcome assignment: to form an ill-assorted bunch of reprobates into an elite unit capable of operating behind the lines. A nineteenth-century Dirty Dozen. Keane's Company is the first novel featuring James Keane and his band, whose adventures will continue in a series following the Peninsular War.

The American Monthly Magazine Dell 'Wonderfully imaginative' Bernard Cornwell, author of *The Last Kingdom*. British Intelligence maverick James Keane goes undercover in Napoleon's Paris for his most daring espionage mission yet. Perfect for fans of Simon Scarrow and Bernard Cornwell. It's 1812, and one man is on the top of the world. Napoleon Bonaparte has enjoyed victories all over Europe and is rebuilding the glorious city

of Paris. Meanwhile, his enemies struggle to keep alive the embers of rebellion that still burn at the city's heart. To aid this noble cause, a few British intelligence officers have been smuggled in, and James Keane is one of them. Keane finds himself at once adrift in a world of gambling houses and derelict cemeteries - of ex-Jacobites, disaffected French royalists, Irishmen and Americans, all of them voicing dissension. If Keane is to succeed, a means must be discovered by which to persuade these miscreants to rise against Napoleon's rule, without alerting the endless spies and informers that surround them. Forging alliances between unlikely collaborators proves especially difficult for Keane, whose honourable nature objects so strongly to this double-dealing. But he must persevere, or else lose the golden opportunity to aid in the defeat of the tyrannical French Emperor once and for all.

From the bestselling author of *Normandy '44* and *Sicily '43*, a brilliant new history of

the last days of the war 'Seldom is war so vividly described...An assault on the senses...Painful to read, impossible to put down' Gerard DeGroot, The Times 'Epic and moving...Holland brings this cramped universe vividly to life' Patrick Bishop, Daily Telegraph _____ It took a certain type of courage to serve in a tank in the Second World War. Encased in steel, surrounded by highly explosive shells, a big and slow-moving target, every crew member was utterly vulnerable to enemy attack from all sides. Living - and dying - in a tank was a brutal way to fight a war. The Sherwood Rangers were one of the great tank regiments. They had learned their trade the hard way, in the burning deserts of North Africa. From D-Day onwards, they were in the thick of the action til the war's end. They and their Sherman tanks covered thousands of miles and endured some of the fiercest fighting in Western Europe. Their engagements stretch from the Normandy beaches to the bridges at Eindhoven. They were the first British unit into Germany, grinding across the Siegfried Line and on into the Nazi heartland. Through compelling eye-witness testimony and James Holland's expert analysis, *Brothers In Arms* brings to vivid life the final bloody scramble across Europe and gives the most powerful account to date of what it was really like to fight in the dying days of World War Two.

The Black Jackals Univ of California Press THE FIRST NOVEL IN LEE CHILD'S #1 NEW YORK TIMES BESTSELLING JACK REACHER SERIES—NOW AN ORIGINAL SERIES ON PRIME VIDEO! "From its jolting opening scene to its fiery final confrontation, *Killing Floor* is irresistible."—People Ex-military policeman Jack Reacher is a drifter. He's just passing through Margrave, Georgia, and in less than an hour, he's arrested for murder. Not much of a welcome. All Reacher knows is that he didn't kill anybody. At least not here. Not lately. But he doesn't stand a chance of convincing anyone. Not in Margrave, Georgia. Not a chance in hell.

Journalist Walls grew up with parents whose ideals and stubborn nonconformity were their curse and their salvation. Rex and Rose Mary and their four children lived like nomads, moving among Southwest desert towns, camping in the mountains. Rex was a charismatic, brilliant man who, when sober, captured his children's imagination, teaching them how to embrace life fearlessly. Rose Mary painted and wrote and couldn't stand the responsibility of providing for her family. When the money ran out, the Walls retreated to the dismal West Virginia mining town Rex had tried to escape. As the dysfunction escalated, the children had to fend for themselves, supporting one another as they found the resources and will to leave home. Yet Walls

describes her parents with deep affection in this tale of unconditional love in a family that, despite its profound flaws, gave her the fiery determination to carve out a successful life. -- From publisher description.

THE GLASS CASTLE

A remarkable debut novel, 'Four Days in June' is an imaginative but accurate reconstruction of five men - all real figures - five points of view, and four days of one of the world's most famous battles.

A Thriller Brothers in Arms

"Kids like me didn't go to Vietnam," writes Jack McLean in his compulsively readable memoir. Raised in suburban New Jersey, he attended the Phillips Academy in Andover, MA, but decided to put college on hold. After graduation in the spring of 1966, faced with the mandatory military draft, he enlisted in the United States Marine Corps for a two-year stint.

"Vietnam at the time was a country, and not yet a war," he writes. It didn't remain that way for long. A year later, after boot camp at Parris Island, South Carolina, and stateside duty in Barstow, California, the Vietnam War was reaching its peak. McLean, like most available Marines, was retrained at Camp Pendleton, California, and sent to Vietnam as a grunt to serve in an infantry company in the northernmost reaches of South Vietnam. McLean's story climaxes with the horrific three-day Battle for Landing Zone Loon in June, 1968.

Fought on a remote hill in the northwestern corner of South Vietnam, McLean bore witness to the horror of war and was forever changed. He returned home six weeks later to a country largely ambivalent to his service. Written with honesty and insight, *Loon* is a powerful coming-of-age portrait of a boy who bears witness to some of the most tumultuous events in our history, both in Vietnam and back home.

Harper's Round Table Simon and Schuster

The renowned historian and author of *Normandy '44* recounts the operations and personal experiences of the legendary Sherwood Rangers during WWII. One of the last cavalry units to ride horses into battle, the Sherwood Rangers were transformed into a "mechanized cavalry" of tanks in 1942. After winning acclaim in the North African campaign, they spearheaded one of the D-Day landings in Normandy and became the first British troops to cross into Germany. Their courage, skill and tenacity contributed mightily to the surrender of Germany in 1945. Inspired by Stephen Ambrose's

Band of Brothers, historian James Holland profiles this extraordinary group of citizen soldiers. Informed by never-before-seen documents, letters, photographs, and other artifacts from Sherwood Rangers' families, Holland offers a uniquely intimate portrait of the war at ground level.

Brothers in Arms introduces heroes such as Commanding Officer Stanley Christopherson, squadron commander John Semken, Sergeant George Dring, and others who helped their regiment earn the most battle honors of any in British army history. Weaving their exploits into the larger narrative of D-Day to V-E Day, Holland offers fresh analysis and perspective on the endgame of WWII in Europe.

Blackness in Opera critically examines the intersections of race and music in the multifaceted genre of opera. A diverse cross-section of scholars places well-known operas (Porgy and Bess, Aida, Treemonisha) alongside lesser-known works such as Frederick Delius's Koanga,

William Grant Still's *Blue Steel*, and Clarence Cameron White's *Ouanga!* to reveal a new historical context for re-imagining race and blackness in opera. The volume brings a wide-ranging, theoretically informed, interdisciplinary approach to questions about how blackness has been represented in these operas, issues surrounding characterization of blacks, interpretation of racialized roles by blacks and whites, controversies over race in the theatre and the use of blackface, and extensions of blackness along the spectrum from grand opera to musical theatre and film. In addition to essays by scholars, the book also features reflections by renowned American tenor George Shirley. Contributors are Naomi André, Melinda Boyd, Gwynne Kuhner Brown, Karen M. Bryan, Melissa J. de Graaf, Christopher R. Gauthier, Jennifer McFarlane-Harris, Gayle Murchison, Guthrie P. Ramsey Jr., Eric Saylor, Sarah Schmalenberger, Ann Sears, George Shirley, and Jonathan O.
