 "Then There Were None, by award-winning Honolulu writer and artist Martha H. Noyes, is a personal and emotional account, in words and pictures, of the effect of Western contact on the Hawaiian population. Drawing from a variety of sources, Noyes chronicles the effects, from the arrival of Capt. Cook to the present, of disease, written language, the missionaries, landownership, the overthrow of the monarchy, and the suppression of hula and Hawaiian language, concluding with a look at present-day activism. Photographs vividly contrast tourist images with scenes from the real Hawaii and highlight the contrast between a culture rooted in cosmology and the material culture of those who made Hawaii their own." -- Amazon.com viewed August 4, 2020.

A tiny American town's plans for radical self-government overlooked one hairy detail: no one told the bears. Once upon a time, a group of libertarians got together and hatched the Free Town Project, a plan to take over an American town and completely eliminate its government. In 2004, they set their sights on Grafton, NH, a barely populated settlement with one paved road. When they descended on Grafton, public funding for pretty much everything shrank: the fire department, the library, the schoolhouse. State and federal laws became meek suggestions, scarcely heard in the town's thick wilderness. The anything-goes atmosphere soon caught the attention of Grafton's neighbors: the bears. Freedom-loving citizens ignored hunting laws and regulations on food disposal. They built a tent city in an effort to get off the grid. The bears smelled food and opportunity. *A Libertarian Walks Into a Bear* is the sometimes funny, sometimes terrifying tale of what happens when a government disappears into the woods. Complete with gunplay, adventure, and backstabbing politicians, this is the ultimate story of a quintessential American experiment -- to live free or die, perhaps from a bear.

Zoe Zola is one of ten invitees to an Agatha Christie symposium. Tempers flare...and then there are nine. Can Jenny Weston save Zoe from murder on the Upper Peninsula? Little Person author Zoe Zola believes that one of the unluckiest things in life is to receive an invitation—in the form of a letter edged in black—to an Agatha Christie symposium at an old Upper Peninsula hunting lodge. Her reluctance dissipates when she learns that the organizer is named Emily Brent—the name of a character poisoned by cyanide in Christie's *And Then There Were None*. As a dreary rain soaks the U.P., Zoe and nine other Christie scholars—each of whom bears a vague resemblance to one of the classic mystery novel's characters—arrive at the lodge. At the opening night dinner, arguments flare over the experts' discordant theories about Christie. Next morning, the guests find one particularly odious man has gone—whereabouts and reasons unknown. Such a coincidental resemblance to a work of fiction is surely impossible; therefore, it appears to be possible. As the guests disappear, one by one, Zoe resolves to beat a hasty retreat—but her car won't start. She calls her friend, amateur sleuth/little librarian Jenny Weston, but Jenny will have to wait out a storm off Lake Superior before she can come to the rescue. If Zoe's to stay alive to greet Jenny when she eventually arrives, she'll have to draw on everything she knows about Agatha Christie's devilish plots in Elizabeth Kane Buzzelli's fourth tantalizing Little Library mystery.

Excerpt: *And Then There Were None* is a detective fiction novel by Agatha Christie, first published in the United Kingdom by the Collins Crime Club on 6 November 1939 under the title *Ten Little Niggers* which was changed by Dodd, Mead and Company in January 1940 because of the presence of a racial epithet to the title *And Then There Were None*. In the novel, ten people, who have previously been complicit in the deaths of others but have escaped notice or punishment, are tricked into coming onto an island. Even though the guests are the only people on the island, they are all mysteriously murdered one by one, in a manner paralleling, inexorably and sometimes grotesquely, the old nursery rhyme, "Ten Little Niggers." The UK

edition retailed at seven shillings and sixpence (7 6) and the US edition at \$2.00. The novel has also been published and filmed under the title *Ten Little Indians*. It is Christie's best-selling novel with 100 million sales to date, making it the world's best-selling mystery ever, and one of the best-selling books of all time (Publications International lists it as 7th best-selling). It has been adapted into several plays, films, and a video game. Justice Wargrave, Vera Claythorne, Philip Lombard, General Macarthur, Emily Brent, Anthony Marston, Doctor Armstrong and William Blore have been invited to a...
