The Alloy of Law A Mistborn Novel  
From #1 New York Times bestselling author Brandon Sanderson, the Mistborn series is a heist story of political intrigue and magical, martial-arts action. Three hundred years after the events of the Mistborn trilogy, Scadrial is now on the verge of modernity, with railroads to supplement the canals, electric lighting in the streets and the homes of the wealthy, and the first steel-framed skyscrapers

racing for the clouds. When family obligations forced Waxillium Ladrian to forsake the frontier lands and return to the metropolis of his birth to take his place as head of a noble House, he little imagined that the crime-fighting skills acquired during twenty years in the dusty plains would be just as applicable in the big city. He soon learned that there too, just being a talented Twinborn — one who can use both Allomancy and Feruchemy, the dominant magical modes on Scadrial — would not suffice. This bustling, optimistic, but still shaky society will now face its first test by terrorism and assassination, crimes intended to stir up labor strife and

religious conflict. Wax, his eccentric sidekick Wayne, and brilliant, beautiful young Marasi, now officially part of the constabulary, must unravel the conspiracy before civil strife can stop Scadrial's progress in its tracks. #1 New York Times bestselling author Brandon Sanderson's epic Mistborn Trilogy continues with *The Well of Ascension*. They did the impossible, deposing the godlike being whose brutal rule had lasted a thousand years. Now Vin, the street urchin who has grown into the most powerful Mistborn in the land, and Elend Venture, the idealistic young nobleman who loves her, must build a healthy new society in the ashes of an empire. They have barely begun when three separate armies attack. As the siege tightens, an ancient legend seems to offer a glimmer of hope. But even if it really exists, no one knows where to find the Well of Ascension or what manner of power it bestows. It may just be that killing the Lord Ruler was

the easy part. Surviving the aftermath of his fall is going to be the real challenge.

A novella from #1 New York Times bestselling author Brandon Sanderson, Legion is a fast-paced, witty, and supremely fun thriller with a psychological bent. Stephen Leeds is perfectly sane. It's his hallucinations who are mad. A genius of unrivaled aptitude, Stephen can learn any new skill, vocation, or art in a matter of hours. However, to contain all of this, his mind creates hallucinatory people—Stephen calls them aspects—to hold and manifest the information. Wherever he goes, he is joined by a team of imaginary experts to give advice, interpretation, and explanation. He uses them to solve problems...for a price. His brain is getting a little crowded, however, and the aspects have a tendency of taking on lives of their own. When a company hires him to recover stolen property—a camera that can allegedly take pictures of

the past—Stephen finds himself in an adventure crossing oceans and fighting terrorists. What he discovers may upend the foundation of three major world religions—and, perhaps, give him a vital clue into the true nature of his aspects. ----

Sixth of the Dusk Hachette UK  
From #1 New York Times bestselling author Brandon Sanderson, the Mistborn series is a heist story of political intrigue and magical, martial-arts action. For a thousand years the ash fell and no flowers bloomed. For a thousand years the Skaa slaved in misery and lived in fear. For a thousand years the Lord Ruler, the "Sliver of Infinity," reigned with absolute power and ultimate terror, divinely invincible. Then, when hope was so long lost that not even its memory remained, a terribly scarred, heart-broken half-Skaa rediscovered it in the depths of the Lord Ruler's most hellish prison. Kelsier "snapped" and found in himself the powers of a Mistborn. A brilliant thief and

natural leader, he turned his talents to the ultimate caper, with the Lord Ruler himself as the mark. Kelsier recruited the underworld's elite, the smartest and most trustworthy allomancers, each of whom shares one of his many powers, and all of whom relish a high-stakes challenge. Only then does he reveal his ultimate dream, not just the greatest heist in history, but the downfall of the divine despot. But even with the best criminal crew ever assembled, Kel's plan looks more like the ultimate long shot, until luck brings a ragged girl named Vin into his life. Like him, she's a half-Skaa orphan, but she's lived a much harsher life. Vin has learned to expect betrayal from everyone she meets, and gotten it. She will have to learn to trust, if Kel is to help her master powers of which she never dreamed. This saga dares to ask a simple question: What if the hero of prophecy fails? Return to #1 New York Times bestseller Brandon Sanderson's Mistborn world of Scadrial as its second era, which began with The Alloy of Law, comes to its earth-shattering conclusion in The Lost Metal. For years, frontier lawman turned big-city senator Waxillium Ladrian has hunted the shadowy organization the Set—with his late uncle and his sister among their leaders—since they started kidnapping people with the power of Allomancy in their bloodlines. When Detective Marasi

Colms and her partner Wayne find stockpiled weapons bound for the Outer City of Bilming, this opens a new lead. Conflict between Elendel and the Outer Cities only favors the Set, and their tendrils now reach to the Elendel Senate—whose corruption Wax and Steris have sought to expose—and Bilming is even more entangled. After Wax discovers a new type of explosive that can unleash unprecedented destruction and realizes that the Set must already have it, an immortal kandra serving Scadrial's god, Harmony, reveals that Bilming has fallen under the influence of another god: Trell, worshipped by the Set. And Trell isn't the only factor at play from the larger Cosmere—Marasi is recruited by offworlders with strange abilities who claim their goal is to protect Scadrial...at any cost. Wax must choose whether to set aside his rocky relationship with God and once again become the Sword that Harmony has groomed him to be. If no one steps forward to be the hero Scadrial needs, the planet and its millions of people will come to a sudden and calamitous ruin. ### **Book Two of Mistborn** Baen

From #1 New York Times bestselling author Brandon Sanderson, Stephen Leeds is back in a new, double-length novella

that Library Journal says has "the pulse of a thriller and the hook of a fascinating hero balancing on the edge of psychosis." It's not his own genius that Stephen Leeds gets hired for. Clients want to tap into the imaginary experts that populate his mind—and it's getting a bit crowded in there. Now Stephen and his internal team of "aspects" have been hired to track down a stolen corpse—but it's not the corpse that's important, it's what the corpse knows. The biotechnology company he worked for believes he encoded top-secret information in his DNA before he died, and if it falls into the wrong hands, that will mean disaster. Meanwhile, Stephen's uneasy peace with his own hallucinations is beginning to fray at the edges, as he strives to understand how one of them could possibly have used Stephen's hand to shoot a real gun during the previous case. And some of those hallucinations think they know better than Stephen just how many aspects his mind should make room for. How long will he be able to hold himself together? Dragonsteel Entertainment Margaretha has always been a romantic, and hopes her newest suitor, Lord

Claybrook, is destined to be her one true love. But then an injured man is brought to Hagenheim Castle, claiming to be an English lord who was attacked by Claybrook and left for dead. Margaretha finds herself unable to pass Colin’s message along to her father, the duke, and convinces herself “Lord Colin” is just an addled stranger. Then Colin retrieves an heirloom she lost in a well, and asks her to spy on Claybrook as repayment. Margaretha knows she could never be a spy—not only is she unable to keep anything secret, she’s sure Colin is completely wrong about her potential betrothed. Though when Margaretha overhears Claybrook one day, she discovers her romantic notions may have been clouding her judgment about not only Colin but Claybrook as well. It is up to her to save her father and Hagenheim itself from Claybrook’s wicked plot.

NEW MILITARY FANTASY FROM THE CREATOR OF MONSTER HUNTER INTERNATIONAL LARRY CORREIA AND MASTER OF HORROR STEVE DIAMOND The war between Almacia and the Empire of Kolakolvvia is in its hundredth year. Casualties grow on both sides as the conflict leaves no corner of the world untouched. Illarion Glaskov's quiet life on the fringes of the empire is thrown into chaos when an impossible tragedy strikes his village. When he is conscripted into the Tsarist military, he is sent to serve in The Wall—an elite regiment that pilots suits of armor made from the husks of dead golems. But the great war is not the only—or even the worst—danger facing Illarion, as he is caught in a millennia-old conflict between two goddesses. He must survive the ravages of trench warfare, horrific monsters from another world, and the treacherous internal politics of the country he serves. About Larry Correia: “Correia piles on the intrigue, action, and cliffhangers in the invigorating second

Saga of the Forgotten Warrior epic fantasy. . . . Correia also weaves in elements that question the value of belief and the cost of giving authority to those who find more profit in preying on the weak. . . . Brisk fight scenes, lively characters, and plenty of black humor continue to make this series a real pleasure.” —Publishers Weekly “This book has everything I like in fantasy: intense action scenes, evil in horrifying array, good struggling against the darkness, and most of all people—gorgeously flawed human beings faced with horrible moral choices that force them to question and change and grow.” —Jim Butcher, creator of the New York Times best-selling Dresden Files “Best-selling fantasy author Correia casts a compelling spell with this India-influenced series opener. . . . Correia skillfully sets in motion this story of plots within plots, revealing complex, sympathetic characters and black-hearted villains with equal detail and insight. Full of action, intrigue, and wry humor, this exciting series launch promises many more thrills to come.” —Publishers Weekly, starred review “Fans who like Correia's fast-moving style will be pleased

with the plethora of action scenes, and epic fantasy readers interested in delving into a new universe should be equally satisfied. A solid choice for admirers of Brent Weeks and Brandon Sanderson's Mistborn series.” —Library Journal “Correia is, above all, a storyteller, and he weaves a unique and entertaining tale. Without question, his action sequences pop on the page, his magic system has a nice wrinkle, and he has the foundations laid out for some excellent character growth as the series continues. . . . [A] definite hit.” —Bookreporter “The lore here is fascinating and well told. I enjoyed learning the history of the world and the legend of Ramrowan. The politics are just complicated enough to feel real without being too difficult to follow. Where the book truly shines, however, is in the characters. All are well drawn and distinctively voiced.” —SFcrowsnest “I loved the book, it was great, fast paced, with wonderful characters, and also a lot of wonderful scenes that screamed to be painted.” —Larry Elmore, legendary award-winning artist and cover artist for Son of the Black Sword “Son of the Black Sword: Saga of the Forgotten Warrior tells

of what happens after the war with the gods, when demons were cast out and fell to the world to nearly destroy these unstoppable beasts until the gods sent a hero to save them. Centuries have passed since this event and the people have regulated these events to legend. One Ashok has been chosen to be a protector with a powerful weapon in hand, uncovering those who still practice old ways and are potential dangers to the order—but when he discovers all his efforts have been based on a lie, everything's about to change. A powerful epic fantasy evolves into a solid, compelling read.” —Midwest Book Review “[A] no-holds-barred all-out page-turner that is part science fiction, part horror, and an absolute blast to read.” —Bookreporter.com “A gun person who likes science fiction—or, heck, anyone who likes science fiction—will enjoy [these books] . . . The plotting is excellent, and Correia makes you care about the characters . . . I read both books without putting them down except for work . . . so whaddaya waitin’ for? Go and buy some . .

. for yourself and for . . . stocking stuffers.” —Massad Ayoob “This lighthearted, testosterone-soaked sequel to 2009's *Monster Hunter International* will delight fans of action horror with elaborate weaponry, hand-to-hand combat, disgusting monsters, and an endless stream of blood and body parts.” —Publishers Weekly on *Monster Hunter Vendetta* About Steve Diamond: “Residue will scare you—that’s its primary goal—but along the way it will touch you, shock you, make you laugh, make you cheer, and make you think. Horror has been waiting for Steve Diamond.” — Dan Wells *Campaign Setting and Game Supplement* Tor Books Rally Your Crew Based on the best-selling novels by Brandon Sanderson and powered by an all new story-driven rules system, the *Mistborn Adventure Game* lets you explore, command, or liberate the oppressed world of Scadrial, battle the Lord Ruler's Inquisitors, and master the primal forces of Allomancy, Feruchemy, and Hemalurgy.
