In the tradition of A Year in Provence and Under the Tuscan Sun, acclaimed English travel writer Tahir Shah shares a highly entertaining account of making an exotic dream come true. By turns hilarious and harrowing, here is the story of his family's move from the gray skies of London to the sun-drenched city of Casablanca, where Islamic tradition and African folklore converge—and nothing is as easy as it seems.... Inspired by the Moroccan vacations of his childhood, Tahir Shah dreamed of making a home in that astonishing country. At age thirty-six he got his chance. Investing what money he and his wife, Rachana, had, Tahir packed up his growing family and bought Dar Khalifa, a crumbling ruin of a mansion by the sea in Casablanca that once belonged to the city's caliph, or spiritual leader. With its lush grounds, cool, secluded courtyards, and relaxed pace, life at Dar Khalifa seems sure to fulfill Tahir's fantasy—until he discovers that in many ways he is farther from home than he imagined. For in Morocco an empty house is thought to attract jinns, invisible spirits unique to the Islamic world. The ardent belief in their presence greatly hampers sleep and renovation plans, but that is just the beginning. From elaborate exorcism rituals involving sacrificial goats to dealing with gangster neighbors intent on stealing their property, the Shahs must cope with a new culture and all that comes with it. Endlessly enthralling, The Caliph's House charts a year in the life of one family who takes a tremendous gamble. As we

follow Tahir on his travels throughout the kingdom, from Tangier to Marrakech to the Sahara, we discover a world of fierce contrasts that any true adventurer would be thrilled to call home.

'Wishful Drinking is a touching and incisive account of bipolarity, addiction and motherhood.' Independent 'No motive is pure. No one is good or bad – but a hearty mix of both. And sometimes life actually gives to you by taking away.' Carrie Fisher in Wishful Drinking In Wishful Drinking, Carrie Fisher told the true and intoxicating story of her life with inimitable wit. Born to celebrity parents, she was picked to play a princess in a little movie called Star Wars when only 19 years old. "But it isn't all sweetness and light sabres." Alas, aside from a demanding career and her role as a single mother (not to mention the hyperspace hairdo), Carrie also spends her free time battling addiction and weathering the wild ride of manic depression. It's an incredible tale: from having Elizabeth Taylor as a stepmother, to marrying (and divorcing) Paul Simon, and from having the father of her daughter leave her for a man, to ultimately waking up one morning and finding a friend dead beside her in bed. Carrie Fisher's star-studded career included roles in numerous films such as The Blues Brothers and When Harry Met Sally. She was the author of four bestselling novels, Surrender in the Pink, Delusions of Grandma, The Best Awful and Postcards from the Edge, which was made into a hit film starring Shirley MaLaine and Meryl Streep. Carrie's experience with addiction and mental illness – and her willingness to talk honestly about them – made her a sought-after speaker and respected advocate. She was truly one of the most magical people to walk among us. Further praise for Carrie Fisher:- [Shockaholic] is the finest, funniest chronicler of the maddest celebrity mores.' Sunday Times 'Fisher has a talent for lacerating insight that masquerades as carefree self-deprecation' Los Angeles Times 'She is one of the rare inhabitants of

Winner of the Akutagawa Prize A sharp, photo-realistic novella of memory and thwarted hope set in modern-day Tokyo—an “unflinching . . . powerful” showcase of the best in contemporary Japanese literature (Shelf Awareness) Divorced and cut off from his family, Taro lives alone in one of the few occupied apartments in his block, a block that is to be torn down as soon as the remaining tenants leave. Since the death of his father, Taro keeps to himself, but is soon drawn into an unusual relationship with the woman upstairs, Nishi, as she passes on the strange tale of the sky-blue house next door. First discovered by Nishi in the little-known photo-book Spring Garden, the sky-blue house soon becomes a focus for both Nishi and Taro: of what is lost, of what has been destroyed, and of what hope may yet lie in the future for both of them, if only they can seize it.

Jim Crow has long represented America's imperfect union. This edition of the earliest Jim Crow plays and songs presents essential performances assembling backtalk, banter, masquerade, and

dance into the diagnostic American style. They celebrate blackness in a Republic that failed to unite until Americans agreed to disagree over Jim Crow's meaning.

With his stunning debut novel, *She's Come Undone*, Wally Lamb won the adulation of critics and readers with his mesmerizing tale of one woman's painful yet triumphant journey of self-discovery. Now, this brilliantly talented writer returns with *I Know This Much Is True*, a heartbreaking and poignant multigenerational saga of the reproductive bonds of destruction and the powerful force of forgiveness. A masterpiece that breathtakingly tells a story of alienation and connection, power and abuse, devastation and renewal--this novel is a contemporary retelling of an ancient Hindu myth. A proud king must confront his demons to achieve salvation. Change yourself, the myth instructs, and you will inhabit a renovated world. When you're the same brother of a schizophrenic identical twin, the tricky thing about saving yourself is the blood it leaves on your hands--the little inconvenience of the look-alike corpse at your feet. And if you're into both survival of the fittest and being your brother's keeper--if you've promised your dying mother--then say so long to sleep and hello to the middle of the night. Grab a book or a beer. Get used to Letterman's gap-toothed smile of the absurd, or the view of the bedroom ceiling, or the influence of random selection. Take it from a godless insomniac. Take it from the uncrazy twin--the guy who beat the biochemical rap. Dominick Birdsey's entire life has been compromised and constricted by anger and fear, by the paranoid schizophrenic twin brother he both deeply loves and resents, and by the past they shared with their adoptive father, Ray, a spit-and-polish ex-Navy man (the five-foot-six-inch sleeping giant who snoozed upstairs weekdays in the spare room and built submarines at night), and their long-suffering mother, Concettina, a timid woman with a harelip that made her shy and self-conscious: She holds a loose fist to her face to cover her defective mouth--her perpetual apology to the world for a birth defect over which she'd had no control. Born in the waning moments of 1949 and the opening minutes of 1950, the twins are physical mirror images who grow into separate yet connected entities: the seemingly strong and protective yet fearful Dominick, his mother's watchful "monkey"; and the seemingly weak and sweet yet noble Thomas, his mother's gentle "bunny." From childhood, Dominick fights for both separation and wholeness--and ultimately self-protection--in a house of fear dominated by Ray, a bully who abuses his power over these stepsons whose biological father is a mystery. I was still afraid of his anger but saw how he punished weakness--pounced on it. Out of self-preservation I hid my fear, Dominick confesses. As for Thomas, he just never knew how to play defense. He just didn't get it. But Dominick's talent for survival comes at an enormous cost, including the breakup of his marriage to the warm, beautiful Dessa, whom he still loves. And it will be put to the ultimate test when Thomas, a Bible-spouting zealot, commits an unthinkable act that threatens the tenuous balance of both his and Dominick's lives. To save himself, Dominick must confront not only the pain of his past but the dark secrets he has locked deep within himself, and the sins of his ancestors--a quest that will lead him beyond the confines of his blue-collar New England town to the volcanic foothills of Sicily 's Mount Etna, where his ambitious and vengefully proud grandfather and a namesake Domenico Tempesta, the *sostegno del famiglia*, was born. Each of the stories Ma told us about Papa reinforced the message that he was the boss, that he ruled the roost, that what he said went. Searching for answers, Dominick turns to the whispers of the dead, to the pages of his grandfather's handwritten memoir, *The History of Domenico Onofrio Tempesta*, a Great Man from Humble Beginnings. Rendered with touches of magic realism, Domenico's fablelike tale--in which monkeys enchant and religious statues weep--becomes the old man's confession--an unwitting legacy of contrition that reveals the truth's of Domenico's life, Dominick learns that power, wrongly used, defeats the oppressor as well as the oppressed, and now, picking through the humble shards of his deconstructed life, he will search for the courage and love to forgive, to expiate his and his ancestors' transgressions, and finally to rebuild himself beyond the haunted shadow of his twin. Set against the vivid panoply of twentieth-century America and filled with richly drawn, memorable characters, this deeply moving and thoroughly satisfying novel brings to light humanity's deepest needs and fears, our aloneness, our desire for love and acceptance, our struggle to survive at all costs. Joyous, mystical, and exquisitely written, *I Know This Much Is True* is an extraordinary reading experience that will leave no reader untouched.

Journey to the Centre of the Earth has been consistently praised for its style and its vision of the world. It explores the prehistory of the globe, but can also be read as a psychological quest, for the journey itself is as important as arrival or discovery. Professor Lidenbrock and his nephew Axel travel across Iceland, and then down through an extinct crater towards a sunless sea where they enter a living past and are confronted with the origins of man. A classic of nineteenth-century French literature, the novel's distinctive combination of realism and Romanticism has marked figures as diverse as Sartre and Tournier, Mark Twain and Conan Doyle. This new translation of the complete text is faithful to the lyricism, verve, and humour of the original. ABOUT THE SERIES: For over 100 years Oxford World's Classics has made available the widest range of literature from around the globe. Each affordable volume reflects Oxford's commitment to scholarship, providing the most accurate text plus a wealth of other valuable features, including expert introductions by leading authorities, helpful notes to clarify the text, up-to-date bibliographies for further study, and much more.

Computers are everywhere --- most obviously in our laptops and smartphones, but also our cars, televisions, microwave ovens, alarm clocks, robot vacuum cleaners, and other smart appliances. Have you ever wondered what goes on inside these devices to make our lives easier but occasionally more infuriating? For more than 20 years, readers have delighted in Charles Petzold's illuminating story of the secret inner life of computers, and now he has revised it for this new age of computing. Cleverly illustrated and easy to understand, this is the book that cracks the mystery. You'll discover what flashlights, black cats, seesaws, and the ride of Paul Revere can teach you about computing --- and how human ingenuity and our compulsion to communicate have shaped every electronic device we use. This new expanded edition explores more deeply the bit-by-bit, gate-by-gate construction of the heart of every smart device the central processing unit that combines the simplest of basic operations to perform the most complex of feats. Along with new chapters, Petzold has created a new website, [CodeHiddenLanguage.com](#), that uses animated interactive graphics to make computers even easier to comprehend. From the simple ticking of clocks to the worldwide hum of the internet, Code reveals the essence of the digital revolution.

A work of fantasy, *I Who Have Never Known Men* is the haunting and unforgettable account of a near future on a barren earth where women are kept in underground cages guarded by uniformed groups of men. It is narrated by the youngest of the women, the only one with no memory of what the world was like before the cages, who must teach herself, without books or sexual contact, the essential human emotions of longing, loving, learning, companionship, and dying. Part thriller, part mystery, *I Who Have Never Known Men* shows us the power of one person without memories to reinvent herself piece by piece, emotion by emotion, in the process teaching us much about what it means to be human.

This book presents a close reading of four Indian narratives from different time periods (epic, Upaniṣadic, pre-modern and contemporary): Ekalavya's story from the Mahābhārata (MBh 1.123.1-39), the story of Prajāpati, Indra and Virochana from the Chāndogya Upanisad (CU 8.7.1-8.12.5), the story of Sankara in the King's body from the Śankaradigvijaya, and A.R. Murugadoss's Hindi film Ghajini (2008), respectively. These stories are thematically juxtaposed with Pātāñjala-yoga, namely Pātāñjali's Yogasūtra and its vast commentarial body. The sūtras reveal hidden philosophical layers. The stories, on the other hand, contribute to the clarification of "philosophical junctions" in the Yogasūtra. Through sūtras and stories, the author explores the question of self-identity, with emphasis on the role of memory and the place of body in identity-formation. Each of the stories diagnoses the connection between self-identity and (at least a sense of) freedom. Employing cutting-edge methodology, crossing the boundaries of literary theory, story-telling, and philosophical reflection, this book presents fresh interpretations of Indian thought. It is useful to specialists in Asian philosophy and culture.

The Reverend Clarence Larkin was one of the most widely influential thinkers on end-times prophecies of the early twentieth century, and his writings remain vital to appreciating the apocalyptic Christian thought that today enjoys widespread popularity. This 1919 book serves as a study guide for the Book of Revelation, the Bible's prophetic final chapter. Larkin explains the concepts of the Beast and the False Prophet, the Seven Seals and the Seven Trumpets, and the importance of the Book of Daniel in understanding the Rapture. Charts and illustrations depict the "Pale Horse Rider," "Daniel's Four Wild Beasts," "Egyptian Plagues Compared," and more. Also available from Cosimo Classics: Larkin's *The Spirit World*, *Rightly Dividing the Word*, and *The Second Coming of Christ*. American Baptist pastor and author CLARENCE LARKIN (1850-1924) was born in Pennsylvania, and later set up his ministry there. He wrote extensively and popularly on a wide range of Biblical and theological matters.

In the modern age of urbanization, the mass population is becoming progressively reliant on

technical infrastructures. These industrial buildings provide integral services to the general public including the delivery of energy, information and communication technologies, and maintenance of transport networks. The safety and security of these structures is crucial as new threats are continually emerging. Safety and Security Issues in Technical Infrastructures is a pivotal reference source that provides vital research on the modernization of occupational security and safety

practices within information technology-driven buildings. While highlighting topics such as explosion process safety, nanotechnology, and infrastructural risk analysis, this publication explores current risks and uncertainties and the raising of comprehensive awareness for experts in this field. This book is ideally designed for security managers, safety personnel, civil engineers, architects, researchers, construction professionals, strategists, educators, material scientists, property owners, and students.
