Thicker Than Blood Applewood Books

What made the classical scholar Richard Bentley deserve to be so viciously skewered by two of the literary giants of his day—Jonathan Swift in the Battle of the Books and Alexander Pope in the Dunciad? The answer: he had the temerity to bring classical study out of the scholar's closet and into the drawing rooms of polite society. Kristine Haugen's highly engaging biography of a man whom Rhodri Lewis characterized as "perhaps the most notable—and notorious—scholar ever to have English as a mother tongue" affords a fascinating portrait of Bentley and the intellectual turmoil he set in motion. Aiming at a convergence between scholarship and literary culture, the brilliant, caustic, and imperious Bentley revealed to polite readers the doings of professional scholars and induced them to pay attention to classical study. At the same time, Europe's most famous classical scholar adapted his own publications to the deficiencies of non-expert readers. Abandoning the church-oriented historical study of his peers, he worked on texts that interested a wider public, with spectacular and—in the case of his interventionist edition of Paradise Lost—sometimes lamentable results. If the union of worlds Bentley craved was not to be achieved in his lifetime, his provocations show that professional humanism left a deep imprint on the literary world of England's Enlightenment.

THE COMPLETE GUIDE TO THE ROLLS-ROYCE SILVER SERAPH AND BENTLEY ARNAGE

Courier Corporation

Bentley is a brand that is rich in history but forward thinking and innovative. This is the company that created a Le Mans winner and a state limousine in the same year. Their 200 mph vehicles contain the hands-titching of fine leather and of high glossed veneers from 80-year-old trees; as well as the latest in-car technologies. For Bentley there is no contradiction between supreme luxury and sheer exhilaration. This was James Bond's first car, the record-setting ride of the Bentley Boys, the vision of founder W.O. Bentley-- "a fast car, a good car, the best in its class"-- and a vision that is still unfolding. Here is a grand tour through one of automotive's truly distinctive brands. English/German/French/Russian/Chinese edition.

Bentley's Miscellany Courier Corporation

Nicolas Bentley was a man of many parts—publisher, circus clown, film extra, novelist, mimic, journalist, fireman, poet, ad man, and commercial artist. The godson of G.K. Chesterton, he became one of Britain's best-loved humorous cartoonists and caricaturists. Among the seventy-odd books that still carry the immortal by-line "Nicolas Bentley Drew the Pictures" are works by Hilaire Belloc, Damon Runyon, Lawrence Durrell, Kingsley Amis, and most famously, T.S. Eliot's Old Possum's Book of Practical Cats. Here, assembled for the first time in one volume, are nearly 200 of his finest joke drawings.

In the espionage community, Vienna is known as the City of Spies, and Matt Drake is about to learn why in the latest electrifying thriller from the New York Times bestselling author of Tom Clancy Target Acquired and The Outside Man. When a mysterious walk-in to the US embassy in Vienna claims to have critical information about a Russian intelligence operation, he raises eyebrows. But when he asks for Matt Drake by name and calls himself the Irishman, he gets the DIA's premier case officer on a one-way flight. Matt arrives to find Austria's charming capital lousy with intelligence officers, all swirling around Nolan Burke—a onetime member of the real IRA. But before Matt can debrief Nolan, the Irishman is kidnapped by a Russian direct action team. Now, Matt must find a way to repay the debt of honor he owes Nolan while stopping World War III in the process.

A forensic psychologist fights a mental war against two serial killers in this disturbing thriller from Mike Omer, Washington Post and Amazon Charts bestselling author of A Killer's Mind. An online video of a girl clawing at the ceiling of her own grave could be the worst thing FBI forensic psychologist

Zoe Bentley has ever seen. Perhaps even more disturbing is the implication of the video's title: "Experiment Number One." Zoe and her partner, Special Agent Tatum Gray, work as fast as they can to find the monster behind the shocking video, but soon another one shows up online, and another girl turns up dead. Meanwhile, a different murderer is on Zoe's mind. Rod Glover has been tormenting her since childhood, and his latest attack is a threatening photo of himself with Zoe's sister. As Glover's threats creep toward action, Zoe's torn between family and duty. Zoe must think fast to prevent another murder. With her own family's safety on the line, Zoe feels she's never been in more danger. And while she's always known her job could send her to an early grave, she always assumed she'd be dead first.

The New Testament Moreland Books Incorporated

From one of our most celebrated writers on religion comes this fresh, bold, and unsettling new translation of the New Testament David Bentley Hart undertook this new translation of the New Testament in the spirit of "etsi doctrina non daretur," "as if doctrine is not given." Reproducing the texts' often fragmentary formulations without augmentation or correction, he has produced a pitilessly literal translation, one that captures the texts' impenetrability and unfinished quality while awakening readers to an uncanniness that often lies hidden beneath doctrinal layers. The early Christians' sometimes raw, astonished, and halting prose challenges the idea that the New Testament affirms the kind of people we are. Hart reminds us that they were a company of extremists, radical in their rejection of the values and priorities of society not only at its most degenerate, but often at its most reasonable and decent. "To live as the New Testament language requires," he writes, "Christians would have to become strangers and sojourners on the earth, to have here no enduring city, to belong to a Kingdom truly not of this world. And we surely cannot do that, can we?"

After surviving a clandestine operation that went tragically wrong, Matt Drake escaped Syria with his life, but little else. Now, to save the life of another, he must return to Syria and confront his biggest failure in a debut thriller Lee Child calls "sensationally good." Defense Intelligence Agency operative Matt Drake broke a promise. A promise that cost three people their lives and crippled his best friend. Three months later, he's paralyzed by survivor's guilt and haunted by the memories of the fallen. Matt may have left Syria, but Syria hasn't left him. In the midst of his self-imposed exile, Matt is dragged back into the world of espionage and assets that he tried to forget. A Pakistani scientist working for an ISIS splinter cell has created a terrifying weapon of mass destruction. The scientist offers to defect with the weapon, but he trusts just one man to bring him out of Syria alive—Matt Drake. It's a suicide mission—one man against an army of terrorists. Still, with stakes this high, Matt has no choice but to try. He's going in on high alert, but he's blind to his greatest vulnerability. His most dangerous enemy is closer to home—not on the battlefield, but in the Oval Office.

Jack Ryan, Jr., will do anything for a friend, but this favor will be paid for in blood in the latest electric entry in the #1 New York Times bestselling series. Jack Ryan, Jr. would do anything for Ding Chavez. That's why Jack is currently sitting in an open-air market in Israel, helping a CIA team with a simple job. The man running the mission, Peter Beltz, is an old friend from Ding's Army days. Ding hadn't seen his friend since Peter's transfer to the CIA eighteen months prior, and intended to use the assignment to reconnect. Unfortunately, Ding had to cancel at the last minute and asked Jack to take his place. It's a cushy assignment--a trip to Israel in exchange for a couple hours of easy work, but Jack could use the downtime after his last operation. Jack is here merely as an observer, but when he hastens to help a woman and her young son, he finds himself the target of trained killers. Alone and outgunned, Jack will have to use all his skills to protect the life of the child.
