The Law Library presents the complete text of the Service Performance Measurement (US Postal Regulatory Commission

Regulation) (PRC) (2018 Edition). Updated as of May 29, 2018 The Commission is adopting a final rule on service performance measurement and customer satisfaction. The final rule reflects the Commission's consideration of comments on a proposed rule. Adoption of the final rule helps give effect to provisions in a 2006 federal law which, among other things, sought to increase Postal Service accountability. The Commission recognizes that exceptions from, and temporary waivers of, some reporting requirements may be appropriate. The discussion makes clear that these matters may be pursued in separate follow-up rulemakings initiated by the Postal Service. This ebook contains: - The complete text of the Service Performance Measurement (US Postal Regulatory Commission Regulation) (PRC) (2018 Edition) - A dynamic table of content linking to each section - A table of contents in introduction presenting a general overview of the structure
