Suite Colombiana Alfred Music

The term nationalism in music usually refers to a movement from the nineteenth and early twentieth centuries, and is most often employed to describe the various European national schools that included folk elements in their music and consciously tried to separate themselves from the standards set in the Classical period by the French, Italian and especially the German traditionalists. In Latin America there was also a development of nationalism in music in the twentieth century. Countries from this continent, once politically independent, became interested in solidifying and glorifying their national identities. This essay will discuss the history and tradition of Venezuelan folk and academic music through the guitar compositions of Antonio Lauro, who was best known for his nationalistic trend to rescue and to celebrate the Venezuelan nation's musical traditions. I have also chosen eight waltzes

and the Suite Venezolana for guitar by the same composer, which are both representative works of Venezuelan academic and folklore music, and I have created a piano transcription. Aiming a new inclusion and expansion of the stagnant Venezuelan piano repertoire, with my hope they become useful compositions for the pianists' personal study and aid.

5 Endechas Alfred Music Antonio Lauro is one of the most famous composers to come from Venezuela. He has written many works for orchestra, piano, choir, harpsichord, and guitar. He is most well-known for his guitar works, this being his main instrument. In the early 1980s he gave concerts in London and Paris at the request of John Williams and Paco Pena. The pieces represented in these guitar works are for players at a beginner-intermediate level, and in standard notation only. The Venezuelan waltz differs from the European waltz in its rhythm which may alternate between 3/4 and 6/8 time and in its more syncopated style. Continuing the 19th Century tradition of other composers of Venezuelan waltzes, Lauro named

many of his pieces after people or places. "Maria Luisa" is the name of Lauro's wife. "El Nino" is an elaborate waltz in contrapuntal form dedicated to his son. "Natalia" is the name of his daughter. "El Negrito" is a nickname for Lauro's youngest son.

WORKS FOR GUITAR: NELLY ; ANA FLORENCIA ; PETRONILA

Alfred Music
Like his compositions, Milton Babbitt's writings about music have exerted an extraordinary influence on postwar music and thinking about music. In essays and public addresses spanning fifty years, Babbitt has grappled profoundly with central questions in the composition and apprehension of music. These writings range from personal memoirs and critical reviews to closely reasoned metatheoretical speculations and technical

exegesis. In the history of music theory, there has been only a small handful of figures who have produced work of comparable stature. Taken as a whole, Babbitt's writings are not only an invaluable testimony to his thinking--a priceless primary source for the intellectual and cultural history of the second half of the twentieth century--but also a remarkable achievement in their own right. Prior to this collection, Babbitt's writings were scattered through a wide variety of journals, books, and magazines--many hard to find and some unavailable--and often contained typographical errors and editorial corruptions of various kinds. This volume of almost fifty pieces gathers, corrects, and annotates virtually everything of significance that Babbitt has written. The result is complete, authoritative, and fully accessible--the definitive source of Babbitt's influential ideas.

Born in 1942 of mixed racial heritage, Gentil Montaa has deep roots in the musical culture of Colombia, spending much of his early adult life playing popular music in various groups. Due to the lack of guitar method books and sheet music in Colombia at the time, he was not exposed to the music of Sor, Aguado, Giuliani or Bach until he was in his early twenties, often through recordings which he then transcribed himself. All the while, Montaa was active as a composer and during the Alirio Diaz International Competition in Caracas in 1975, none other than Antonio Lauro called him aside and said, Montana, you must concentrate on your composition; it is a gift from God. Fortunately for the guitar world, he did just that.

This book offers guitarists a graded selection of 71 carols for the holiday

season. Most of the arrangements are graded variations in that each tune starts with an easy reading beginner arrangement (excellent for students and the last minute reading gig) and ends with intermediate settings using techniques such as tremolo, jazz voicings, and three voice counterpoint. All of the music in this book is typeset in landscape format so that no page turns are required, and printed in standard notation only with suggested left-hand fingering. the book fits beautifully on any folding music stand and (because of the low landscape format) leaves plenty of room for any standard clip-on light. the Holiday Gig Book is an excellent source of holiday tunes for the working guitarist.
