## **DUDLEY RAMOS**

### **HOME CELL GROUP EXPLOSION**

Dag Heward-Mills

This course examines the ministry of the pastor in three areas: preparation, responsibilities, and relationships. In the unit on preparation, students study a pastor's qualifications, devotional life, and personal life. In the lengthy units on responsibilities, readers analyze a pastor's role in preaching and teaching, worship, pastoral care, leading, training, forming cell groups, and special services. In the final unit, students examine a pastor's relationships with lay leaders, team (staff), work, and calling. This is a principle-centered study to lay a life-long foundation for the pastoral ministry.

This book clearly explains how to plant churches that are simple enough to keep on reproducing and even grow into a movement of churches. Planting Churches that Reproduce is the fruit of Comiskey's extensive research and personal experience (three church plants in a wide variety of settings). Comiskey not only uses the latest North American church planting statistics but also extends the illustrations to include worldwide church planting. More than anything else, this book will provide practical solutions for those planting churches today. Comiskey's book is a must-read for all those interested in starting Christ-honoring,

multiplying churches. — LEONARD SWEET (Drew University) wrote: Better late than never but best never late. Where has this book been? How different might the church be today if Comiskey's invaluable resource had been available even ten years ago? Don't discover Comiskey ten years from now and exclaim, Where have I been! The book we've needed and been waiting for is here now. Tag, you're it. ALAN HIRSCH (Author of The Forgotten Ways) wrote: Here is a thoroughly practical, encouraging and thoughtful contribution to the small but growing body of literature on multiplication movements. This is an important book not only because it involves a return to a more genuinely biblical ecclesiology but also because it envisions the much more dynamic form of church that will advance the cause of Jesus in the 21st Century. JEANNETTE BULLER (Church planter and coach) wrote: Joel Comiskey brings both his experience and the experience of others together in a clear, easy to understand fashion that will be helpful to any simple church planter

today. As I read, I kept thinking of chapters I wanted to recommend to the various church planters I coach. Based on timeless principles of church planting, Comiskey lays a firm foundation for multiplying churches which I believe is on the heart of God. His practical application of these principles keeps the reader focused on the path toward church planting success. BOB ROBERTS (Pastor NorthWood, author of The Multiplying Church) wrote: Joel Comiskey does a great job in his book of explaining what a simple church is and how to plant them. He provides solid theology, numerous examples and strategic steps for planting simple churches. We will use it with our planters as a resource. I've read a lot of books on simple, cell, house churches defending them or promoting them - I don't think I've read anything as clear and as concise as this or as practical to get them started as this. PETER WAGNER (Presiding Apostle, International Coalition of Apostles) wrote: Joel Comiskey's lifelong passion for multiplying churches does not allow him to get stuck in the past. I love this

excellent book because it is a book for the future. Joel's blueprint will help many find their proper position for enriching their life and for extending the kingdom of God. DR. TOM JONES (Stadia East Regional Director) wrote: Joel Comiskey is a veteran church planter. His new book *Planting Churches that Reproduce* is biblical, practical and inspirational. If indeed church planters are going to get serious about evangelistic reproducing movements that start new testament churches then we must take a long and creative look at simple churches or some variation of the house church movement. The typical suburban church planting model will not get the job done alone. JIMMY SEIBERT (senior pastor of Antioch Community Church) wrote: Over the last ten years Joel's writings and research have deeply influenced who we are as a people. His genuine love for Jesus and his heart to capture what God is doing and saying is bearing great fruit for the body of Christ. His latest book, *Planting Churches that Reproduce*, is at the heart of what God is speaking to the body of Christ worldwide, whether in the United States or around

the world. RALPH NEIGHBOUR (author, professor, and church planter) wrote: Once again, Joel Comiskey has felt the pulse of the body of Christ and has given a prescription for its well being. This book is a combination of spiritual insights coupled with personal experience in the field of planting Biblical communities. I recommend this for the group that God forms to form a new Christ centered missional congregation. BEN WONG (founder of CCMN) wrote: Joel Comiskey's books have always been a blessing to me personally they have brought special insight into issues that people in cell churches are interested in. Joel, you have out done yourself again! You have written a book that will be used to bring the house church and cell church people together. Well done! All those who are interested in the new move of God for these final days must read this book! BOB LOGAN (author, professor, and church planter) wrote: *Planting Churches that Reproduce* is a good solid manual for planters who want to get back to the basics and discover what church is really all about. Comiskey helps

Christian leaders make the paradigm shift from buildings and events to people and evangelism-- and then provides clear strategies for moving forward. He underscores that what makes a church effective is not about size so much as it is about how well it can reproduce. AUBREY MALPHURS (lead Vision Navigator with the Malphurs Group) wrote: If you're a church planter or part of a church plant that is passionate about reaching the Next Generation-the future of the North American church, then this book is a must read!

Home Cell Group Explosion (2023 version) is the most researched and practical book ever written on cell group evangelism! Joel Comiskey traversed the globe to find out why certain churches and small groups are successful in reaching the lost. He found the answers and freely shares them within this volume. If you are a pastor or small group leader, you should devour this book! It will encourage you and give you simple, practical steps for dynamic small group life and growth. My friend Joel Comiskey is a combination of a local church practitioner and a painstaking scholar. Joel spent hundreds of hours and thousands of dollars visiting eight of the highest-visibility cell group churches to interview their leaders and record his findings. I love this book because it focuses on the multiplication of cells for the greatest evangelistic results. (C.Peter Wagner, Author, Scholar, and Church Growth Expert) Comiskey does not just describe what is happening in cell churches. He takes the next step and identifies in a step-by-step fashion how we can apply these

principles in our churches. It is all here-everything we need to know to start and grow a cell group ministry. I am grateful to Dr. Comiskey, for the time, effort, and research that has gone into producing this long-needed book. (Richard Peace, Ph.D., Professor of Evangelism and Spiritual Formation, Fuller Theological Seminary) Joel and I shared many days in Bogota as this book was written. His grasp of cell church models is superior to any other person I have worked with: this book is a treasure of information for church planters and pastors wishing to transition to the cell model. (Ralph W. Neighbour, Jr., Author, and Pioneer Church Planter)

### **A BIBLICAL CHURCH PLANTING MANUAL**

Strategic Book Publishing & Rights Agency  
In our world today there is no shortage of books and manuals that tell a person how a church should be planted. In most cases the books and manuals will highlight and specialize in one aspect or one methodology of church planting. The book, by its very title, "Church Planting: This Is Not a Manual," sets itself apart

from all the rest. Although certainly not a manual, it is filled with insights, real-life stories, and lessons learned through experience that will assist any church planter as he moves forward with his call from God to plant a church. This is the story of church planting as a lifestyle. Much of what a church planter needs when he gets to the field cannot be found in a manual. Much of what he needs is to be found in life experience lived at the feet of Jesus. Church planting is not a career choice. It is a calling to a lifestyle. The Agee family has lived the church planting lifestyle together for more than thirty-eight years. Their story of God's call, God's provision, God's sustaining power, and God's grace will be a blessing to all who will take the time to read this book.

**Robert's Rules of Order Newly Revised, 12th edition** CCS Publishing  
David Garrison, PhD  
University of Chicago, defines Church Planting Movements as rapidly multiplying indigenous churches planting churches that sweep across a people group or population segment. Garrison's Church Planting Movements: How God Is

Redeeming a Lost World signaled a breakthrough in missionary church planting. After the publication of Garrison's book in 2004 it became impossible to talk about missions without referencing Church Planting Movements. Church Planting Movements examines more than two-dozen movements of multiplying churches on five continents. After presenting these case studies, Garrison identifies ten universal elements present in each movement. He then broadens the circle of examination to identify a further ten common characteristics, factors identified in most, but not all, of the movements. He concludes his examination with a list of "Seven Deadly Sins," i.e. harmful practices that stifle or impede Church Planting Movements. Important for evangelical readers, the author returns to his findings to see how they stand up to the light of Scripture. What he discovers is that Church Planting Movements are much more consistent with the New Testament lay-led house-church movements that swept rapidly through the Mediterranean world in

the face of hostile opposition than today's more sedentary professional institutionalized Christianity. Learn more about Church Planting Movements from the book's website: [www.ChurchPlantingMovements.com](http://www.ChurchPlantingMovements.com).

This manual introduces the basic concepts of the cell ministry to the leaders called Face-to-Face Care Group leaders. These Care Group leaders will be given a simple set of criteria needed to assist Pastor Houpe with the initial launch of Face-to-Face Care Group leaders for the implementation of the vision. It contains the full scope of the vision being implemented at Harvest International Outreach Center and can serve as a model for any adaptation in other satellite churches and ministries. This book also contains a group of lessons outlines for training the leadership of the ministry. These individuals will serve as the catalyst for the vision in its early stages. These lessons are designed to be a fast tract training program. They cover enough of the particulars of the vision so that spiritually mature mentors and those already familiar with leadership principals can accelerate the implementation of Face-

to-Face. The vision's particulars can easily be modified to each pastor's individual assignment (Harvest Church Satellite Locations, CAM Members, etc.).

The Minister's Helper

Manual Regal Books

The New York Times bestselling author of *The Benedict Option* draws on the wisdom of Christian survivors of Soviet persecution to warn American Christians of approaching dangers. For years, émigrés from the former Soviet bloc have been telling Rod Dreher they see telltale signs of "soft" totalitarianism cropping up in America--something more Brave New World than Nineteen Eighty-Four. Identity politics are beginning to encroach on every aspect of life. Civil liberties are increasingly seen as a threat to "safety".

Progressives marginalize conservative, traditional Christians, and other dissenters. Technology and consumerism hasten the possibility of a corporate surveillance state. And the pandemic, having put millions out of work, leaves our country especially vulnerable to demagogic manipulation. In *Live Not By Lies*, Dreher

amplifies the alarm sounded by the brave men and women who fought totalitarianism. He explains how the totalitarianism facing us today is based less on overt violence and more on psychological manipulation. He tells the stories of modern-day dissidents--clergy, laity, martyrs, and confessors from the Soviet Union and the captive nations of Europe--who offer practical advice for how to identify and resist totalitarianism in our time. Following the model offered by a prophetic World War II-era pastor who prepared believers in his Eastern European to endure the coming of communism, *Live Not By Lies* teaches American Christians a method for resistance: • SEE: Acknowledge the reality of the situation. • JUDGE: Assess reality in the light of what we as Christians know to be true. • ACT: Take action to protect truth. Aleksandr Solzhenitsyn famously said that one of the biggest mistakes people make is assuming totalitarianism can't happen in their country. Many American Christians are making that mistake today, sleepwalking through the erosion of our

freedoms. *Live Not By Lies* will wake them and equip them for the long resistance.

Successful Home Cell Groups (16pt Large Print Edition) Gospel Light Publications

*The Pastor's Handbook (KJV)* is intended to meet the continuing need of the Christian minister for guidance and forms as he does the work of the ministry. It seeks to offer options to suit the tastes of the pastor and congregation within the parameters of quality, beauty and dignity. To this end, numerous changes, both large and small, have been made—more selected Scriptures, new alternatives for special occasions, some significant additions and changes. At the same time, every effort has been made to keep the book concise and compact to maximize its usefulness. The formulas should be sufficient for the ordinary needs of the minister. They may be modified or supplemented by materials from the pastor's private collection or his own preparation. Some who stress liberty in prayer and preaching dislike set forms, preferring spontaneity and a free style as they

worship. If the spiritual vitality of a church is maintained there need be no fear that these forms will become lifeless rituals. The use of forms should never become merely formal. And if the use of forms adds beauty and dignity to the atmosphere of sacredness, who can object? May the blessing of God attend all who glean from this manual, enabling it them to know what to say and how to say it. This is made also for allowing them to know what to do and how to do it especially as the occasion requires. Gratitude is expressed to many pastors and contributors for this volume. Includes the: worship service, baptism, communion, funerals, anointing services, healing services, membership, installation, baby and child dedication, consecration services, ceremonies for buildings and visitation.
