This report from the Home Affairs Select Committee cautions the Government against introducing measures which could damage the UK's thriving educational export sector. The Committee remains concerned that a number of the Government proposals could have serious unintended consequences. International students make up 10% of first degree students and over 40% of postgraduate students at UK universities. The international student market, estimated to be worth £40 billion to the UK economy is a significant growth market and the UK is the second most popular destination in the world for international students.

The Committee's findings include: the importance of the Post-Study Work route in attracting students to the UK and disagrees with the Government's proposal to close it; it suggests alternatives to the Government's proposals on language requirements, specifically a permanent change to the parameters of the student visitor visa so that it can be used as a viable route for all of those attending pre-degree programmes; it supports the Government's proposals to tighten the accreditation of language schools but is concerned that Government approval of the current accreditation bodies has lapsed. The Committee calls for a single streamlined accreditation system and agrees that any cap on student visas is unnecessary and undesirable; the Committee also notes that progress has been made on closing down bogus language schools and supports the Government's intention to crack down on bogus colleges and bogus students but it is not persuaded that students are migrants, as defined by the UN and suggests that students ought to be excluded from net migration numbers. The Committee also raises concerns that the data used in assessing migration figures are not fit for purpose and could inhibit effective policy making.

A NOVEL

Letts and Lonsdale

Slowly I learnt the ways of humans: how to ruin, how to hate, how to debase, how to humiliate. And at the feet of my master I learnt the highest of human skills, the skill no other creature owns: I finally learnt how to lie. Childlike in his innocence but grotesque in form, Frankenstein's bewildered creature is cast out into a hostile universe by his horror-struck maker. Meeting with cruelty wherever he goes, the friendless Creature, increasingly desperate and vengeful, determines to track down his creator and strike a terrifying deal. Urgent concerns of scientific responsibility, parental neglect, cognitive development and the nature of good

and evil are embedded within this thrilling and deeply disturbing classic gothic tale. Mary Shelley's *Frankenstein*, adapted for the stage by Nick Dear, premiered at the National Theatre, London, in February 2011.

The vast majority of teachers enjoy teaching and are positive about their workplace and colleagues, but they are disappointed by the profession. According to the UK's Health and Safety Executive, teaching staff and education professionals report the

highest rates of work-related stress, depression and anxiety in Britain. A colossal 81% of teachers say that they have considered leaving teaching in the last year because of workload. I've been there myself, and I have come out of the other end triumphant. In this book I'm going to show you that it is possible to be a guilt-free, effective teacher, without compromising on the quality of

your teaching or time with friends and family, and without giving away your precious evenings, weekends and holidays. The book includes true and tested strategies which continue to work well for me, and I'm confident they will work for you. I'll provide you with 'real world' tools from someone who, just like you, is in the

classroom Monday to Friday. I'm going to demonstrate how you can tackle your ever-increasing workload, including both ways of reducing it and ways to improve your own productivity. I'm going to show you that it is possible to obtain healthy levels of occupational well-being and truly achieve a work-life balance. You are going to get your life back.
