Laissez-vous inspirer
par la musique ! Après
avoir retracé les étapes
du dialogue séculaire
entre musique et
pensée, cet ouvrage
nourrit le management
de pistes d'action
directement issues de
la musique. Voici le
manager rationnel qui
se révèle à lui-même !

Il maîtrise ses émotions, improvise dans la discipline, se situe dans la durée, et affine sa réflexion sur les mérites comparés du langage et du silence, de la rigueur et de la séduction, de la nuance et du rythme. Bien entendu, un ouvrage situé aux confins de l'entreprise et de la musique ne saurait ignorer la réalité de l'orchestre. Si l'auteur met en évidence les leviers d'action communs aux deux univers, il trace nettement les limites d'une telle comparaison et s'interdit toute superposition hâtive. Riche de multiples références musicales et de suggestions discographiques, Le manager musicien offre également une réflexion sur le triple

sujet de la diversité, de l'apprentissage et du leadership.

The introductory essay sheds particular light on the relationship between

Czerny and his English publisher, Robert Cocks and Co., and the reception of Czerny's organ works in England. The essay further discusses the English attraction to the Germanic style during the Victorian age, the development of the organ in mid-nineteenth-century England, and the ability of Czerny and Cocks to appeal to a musical society rapt with the "king of instruments."
