### **THE BOOKS IN MY LIFE**

New Directions Publishing  
In this unique work, Henry  
Miller gives an utterly

candid and self-revealing  
account of the reading he  
did during his formative  
years.

*Stand Still Like the  
Hummingbird* Simon and  
Schuster

Henry Miller's famously  
banned book is "a matter-  
of-fact celebration of  
chucking one's dreary life

and following your heart  
to Paris" (Richard Price).  
Now hailed as an  
American classic, *Tropic  
of Cancer*, Henry Miller's  
masterpiece, was banned  
as obscene in this country  
for twenty-seven years  
after its first publication in  
Paris in 1934. Only a  
historic court ruling that

changed American censorship standards, ushering in a new era of freedom and frankness in modern literature, permitted the publication of this first volume of Miller's famed mixture of memoir and fiction, which chronicles with unapologetic gusto the bawdy adventures of a young expatriate writer, his friends, and the characters they meet in Paris in the 1930s. *Tropic of Cancer* is now considered, as Norman Mailer said, "one of the ten or twenty great novels

of our century." *Tropic of Cancer* New Directions Publishing Miller's groundbreaking first novel, banned in Britain for almost thirty years. *The Wisdom of the Heart* Diversion Publishing Corp. In 1941, Henry Miller, the author of *Tropic of Cancer*, was commissioned by a Los Angeles bookseller to write an erotic novel for a dollar a page. Under the *Roofs of Paris* (originally published as *Opus Pistorum*) is that book. Here one finds Miller's

characteristic candor, wit, self-mockery, and celebration of the good life. From Marcelle to Tania, to Alexandra, to Anna, and from the Left Bank to Pigalle, Miller sweeps us up in his odyssey in search of the perfect job, the perfect woman, and the perfect experience.

### **FREEDOM LIBRARIES**

New Directions Publishing In 1930 Henry Miller moved from New York to Paris, leaving behind — at least temporarily — his tempestuous marriage to

June Smith and a novel that had sprung from his anguish over her love affair with a mysterious woman named Jean Kronski. Begun in 1927, *Crazy Cock* is the story of Tony Bring, a struggling writer whose bourgeois inclinations collide with the disordered bohemianism of his much-beloved wife, Hildred, particularly when her lover, Vanya, comes to live with them in their already cramped Greenwich Village apartment. In a world swirling with violence,

sex, and passion, the three struggle with their desires, inching ever nearer to insanity, each unable to break away from this dangerous and consuming love triangle.

### **THE COLOSSUS OF MAROUSSI**

New Directions Publishing  
Selvbiografisk roman om forfatterens ungdomsår i Paris og New York, hvor han som forhutlet, arbejdsløs vagabond går rundt i stadig sult efter mad og kvinder  
**Tropic of Cancer (Harper Perennial**

### **Modern Classics)**

Rowman & Littlefield  
DIVDIVFearless, iconic poet, novelist, and feminist Erica Jong offers a fascinating in-depth appreciation of the controversial life and work of American literary giant Henry Miller/divDIV Henry Miller (*Tropic of Cancer*) and Erica Jong (*Fear of Flying*) are true literary soul mates. Both authors have been, in equal measure, lauded for their creative genius and maligned for their frank treatment of human sexuality. So who better

than Erica Jong to offer an expert appraisal and appreciation of Henry Miller, the man and his art?/divDIV At once a critical study, a biography, a memoir of a remarkable friendship, and a celebration of the life and work of the author whom Erica Jong compares to Whitman, *The Devil at Large* explores the peaks and valleys of Miller's storied writing career. It examines his tumultuous relationships—including his doomed marriage to June Mansfield and his

lifelong tenuous bond with his mother—and confirms his standing as a creative genius. /divDIV Jong, a renowned feminist, courageously answers critics who accuse her subject of degrading women in his fiction, suggesting instead that he sought to demystify them by means of the “violent verbal magic of his books.” With grace, wit, warmth, and intelligence, Jong brings readers close to the man and his writing. There has never been a more incisive and insightful

analysis of this exceptional American master./divDIV This ebook features an illustrated biography of Erica Jong including rare photos and never-before-seen documents from the author's personal collection./divDIV/div/div  
**The Rosy Crucifixion: Sexus** New Directions Publishing  
 A handsome, slip-cased, two-volume edition is printed in commemoration of thereigning achievements of this singular American writer.

### Symbolic Action in Henry Miller's Tropic of Cancer

Tropic of Cancer

Unlock the more

straightforward side of

Tropic of Cancer with this

concise and insightful

summary and analysis!

This engaging summary

presents an analysis of

Tropic of Cancer by Henry

Miller, which is closely

based on the author's

time as a struggling writer

in Paris, when he drifted

from friend to friend,

scraped together a living

through borrowing and

mundane jobs, and spent

much of his time drinking

and womanising. The novel's explicit sexual content meant that it was considered pornographic when it was first written; consequently, it was the subject of multiple obscenity trials and was initially banned in the US. However, it garnered praise from writers including George Orwell, and is now recognised as one of the most influential books of the 20th century. Find out everything you need to know about Tropic of Cancer in a fraction of the time! This in-depth and informative

reading guide brings you:

- A complete plot summary
- Character studies
- Key themes and symbols
- Questions for further reflection

The clear and concise style makes for easy understanding, providing the perfect opportunity to improve your literary knowledge in no time. See the very best of literature

in a whole new light with BrightSummaries.com!

## **THE HENRY MILLER READER**

HarperCollins UK

In his great triptych "The Millennium," Bosch used oranges and other fruits to symbolize the delights of Paradise. In his great triptych "The Millennium," Bosch used oranges and other fruits to symbolize the delights of Paradise. Whence Henry Miller's title for this, one of his most appealing books; first published in 1957, it tells the story of Miller's

life on the Big Sur, a section of the California coast where he lived for fifteen years. Big Sur is the portrait of a place—one of the most colorful in the United States—and of the extraordinary people Miller knew there: writers (and writers who did not write), mystics seeking truth in meditation (and the not-so-saintly looking for sex-cults or celebrity), sophisticated children and adult innocents; geniuses, cranks and the unclassifiable, like Conrad Moricand, the "Devil in

Paradise" who is one of Miller's greatest character studies. Henry Miller writes with a buoyancy and brimming energy that are infectious. He has a fine touch for comedy. But this is also a serious book—the testament of a free spirit who has broken through the restraints and clichés of modern life to find within himself his own kind of paradise.

**Tropic of Cancer and Tropic of Capricorn** Yale University Press  
Henry Miller's letters to Emil contain a compelling record of this writer in the

making, beginning with his first efforts in 1922, tracing his ten-year struggle to find his own voice, and reaching a climax with the publication of 'Tropic of Cancer' in 1934. This one-sided correspondence was often quarried for publication, and has never appeared in print until now.

Stand Still Like the Hummingbird

Grove/Atlantic, Inc.

Shocking, banned and the subject of obscenity trials, Henry Miller's first novel Tropic of Cancer is one of

the most scandalous and influential books of the twentieth century Tropic of Cancer redefined the novel. Set in Paris in the 1930s, it features a starving American writer who lives a bohemian life among prostitutes, pimps, and artists. Banned in the US and the UK for more than thirty years because it was considered pornographic, Tropic of Cancer continued to be distributed in France and smuggled into other countries. When it was first published in the US in 1961, it led to more than

60 obscenity trials until a historic ruling by the Supreme Court defined it as a work of literature. Long hailed as a truly liberating book, daring and uncompromising, Tropic of Cancer is a cornerstone of modern literature that asks us to reconsider everything we know about art, freedom, and morality. 'At last an unprintable book that is fit to read' Ezra Pound 'A momentous event in the history of modern writing' Samuel Beckett 'The book that forever changed the way American literature

would be written' Erica Jong Henry Miller (1891-1980) is one of the most important American writers of the 20th century. His best-known novels include *Tropic of Cancer* (1934), *Tropic of Capricorn* (1939), and the *Rosy Crucifixion* trilogy (*Sexus*, 1949, *Plexus*, 1953, and *Nexus*, 1959), all published in France and banned in the US and the UK until 1964. He is widely recognised as an irreverent, risk-taking writer who redefined the novel and made the link between the European

avant-garde and the American Beat generation.

### THE COSMOLOGICAL EYE

New Directions Publishing An engaging invitation to rediscover Henry Miller—and to learn how his anarchist sensibility can help us escape “the air-conditioned nightmare” of the modern world The American writer Henry Miller's critical reputation--if not his popular readership—has been in eclipse at least since Kate Millett's

blistering critique in *Sexual Politics*, her landmark 1970 study of misogyny in literature and art. Even a Miller fan like the acclaimed Scottish writer John Burnside finds Miller's "sex books"—including *The Rosy Crucifixion*, *Tropic of Cancer*, and *Tropic of Capricorn*—“boring and embarrassing.” But Burnside says that Miller's notorious image as a “pornographer and woman hater” has hidden his vital, true importance—his anarchist sensibility and the way it

shows us how, by fleeing from conformity of all kinds, we may be able to save ourselves from the "air-conditioned nightmare" of the modern world. Miller wrote that "there is no salvation in becoming adapted to a world which is crazy," and in this short, engaging, and personal book, Burnside shows how Miller teaches us to become less adapted to the world, to resist a life sentence to the prison of social, intellectual, emotional, and material conditioning. Exploring the full range of

Miller's work, and giving special attention to *The Air-Conditioned Nightmare* and *The Colossus of Maroussi*, Burnside shows how, with humor and wisdom, Miller illuminates the misunderstood tradition of anarchist thought. Along the way, Burnside reflects on Rimbaud's enormous influence on Miller, as well as on how Rimbaud and Miller have influenced his own writing. An unconventional and appealing account of an unjustly neglected writer, *On Henry Miller* restores

to us a figure whose searing criticism of the modern world has never been more relevant. *The Devil at Large* Grove/Atlantic  
Tropic of Cancer Random House  
*From Tropic of Cancer* Grove/Atlantic  
The first book of a trilogy of novels known collectively as "The Rosy Crucifixion." It is autobiographical and tells the story of Miller's first tempestuous marriage and his relentless sexual exploits in New York. The other books are "Plexus"

and "Nexus."

## **PREFACE TO HENRY MILLER'S TROPIC OF CANCER**

New Directions Publishing  
A collection of works spanning the entire career of great 20th-century American writer Henry Miller, edited and introduced by Lawrence Durrell. In 1958, when Henry Miller was elected to membership in the American Institute of Arts and Letters, the citation described him as: "The veteran author of many books whose originality

and richness of technique are matched by the variety and daring of his subject matter. His boldness of approach and intense curiosity concerning man and nature are unequalled in the prose literature of our times." It is most fitting that this anthology of "the best" of Henry Miller should have been assembled by one of the first among Miller's contemporaries to recognize his genius, the eminent British writer Lawrence Durrell. Drawing material from a dozen

different books Durrell has traced the main line and principal themes of the "single, endless autobiography" which is Henry Miller's life work. "I suspect," writes Durrell in his Introduction, "that Miller's final place will be among those towering anomalies of authorship like Whitman or Blake who have left us, not simply works of art, but a corpus of ideas which motivate and influence a whole cultural pattern." Earlier, H. L. Mencken had said, "his is one of the most beautiful prose

styles today," and the late Sir Herbert Read had written that "what makes Miller distinctive among modern writers is his ability to combine, without confusion, the aesthetic and prophetic functions." Included are stories, "portraits" of persons and places, philosophical essays, and aphorisms. For each selection Miller himself prepared a brief commentary which fits the piece into its place in his life story. This framework is supplemented by a

chronology from Miller's birth in 1891 up to the spring of 1959, a bibliography, and, as an appendix, an open letter to the Supreme Court of Norway written in protest of the ban on *Sexus*, a part of which appears in this volume.

*The End of Obscenity*  
Routledge

Aller Retour New York is truly vintage Henry Miller, written during his most creative period, between *Tropic of Cancer* (1934) and *Tropic of Capricorn* (1939). Miller always said that his best writing was

in his letters, and this unbuttoned missive to his friend Alfred Perlès is not only his longest (nearly 80 pages!) but his best—an exuberant, rambling, episodic, humorous account of his visit to New York in 1935 and return to Europe aboard a Dutch ship. Despite its high repute among Miller devotees, *Aller Retour* New York has never been easy to find. It was first brought out in Paris in 1935 in a limited edition, and a second edition, "Printed for Private Circulation Only," was

issued in the United States ten years later. It is now available in paperback as a Revived Modern Classic, with an introduction by George Wickes that illuminates the people and personal circumstances which inform *Aller Retour* New York.

The account of a young writer and his friends in free-wheeling Paris.

### **CRAZY COCK**

Princeton University Press  
A cult modern classic,

*Tropic of Capricorn* is as daring, frank and influential as Henry Miller's first novel, *Tropic of Cancer*. A story of sexual and spiritual awakening, *Tropic of Capricorn* shocked readers when it was published in 1939. A mixture of fiction and autobiography, it is the story of Henry V. Miller who works for the Cosmodemonic telegraph company in New York in the 1920s and tries to write the most important work of literature that was ever published. *Tropic of Capricorn* paints a

dazzling picture of the life of the writer and of New York City between the wars: the skyscrapers and the sewers, the lust and the dejection, the smells and the sounds of a city that is perpetually in motion, threatening to swallow everyone and everything. 'Literature begins and ends with the meaning of what Miller has done' Lawrence Durrell 'The only imaginative prose-writer of the slightest value who has appeared among the English-speaking races for some years past' George

Orwell 'The greatest American writer' Bob Dylan Henry Miller (1891-1980) is one of the most important American writers of the 20th century. His best-known novels include Tropic of Cancer (1934), Tropic of Capricorn (1939), and the Rosy Crucifixion trilogy (Sexus, 1949, Plexus, 1953, and Nexus, 1959), all published in France and banned in the US and the UK until 1964. He is widely recognised as an irreverent, risk-taking writer who redefined the novel and made the link

between the European avant-garde and the American Beat generation. New Directions Publishing One of the great observers of Australian life, Henry Lawson looms large in our national psyche. Yet at his best Lawson transcends the very bush, the very outback, the very up-country, the very pub or selector's hut he conveys with such brevity and acuity: he make specific places universal. Henry Lawson is too often regarded as a legend

rather than a writer to be enjoyed. In this selection Lawson is revealed as an author whose delightful, humorous, wry and moving short stories continue to delight generations of readers. This is the essential Lawson collection - the classic of Australian classics. 'Lawson's sketches are beyond praise.' Joseph Conrad 'Lawson gets more feelings, observation and atmosphere into a page than does Hemingway.' Edward Garnett
