Understanding Biblical Theology clarifies the catch-all term "biblical theology," a movement that tries to remove the often-held dichotomy between biblical studies for the Church and as an academic pursuit. This book examines the five major schools of thought regarding biblical theology and handles each in turn, defining and giving a brief developmental history for each one, and exploring each method through the lens of one contemporary scholar who champions it. Using a spectrum between history and theology, each of five "types" of biblical theology are identified as either "more theological" or "more historical" in concern and practice: Biblical Theology as Historical Description (James Barr) Biblical Theology as History of Redemption (D. A. Carson) Biblical Theology as Worldview-Story (N. T. Wright) Biblical Theology as Canonical Approach (Brevard Childs) Biblical Theology as Theological Construction (Francis Watson). A conclusion suggests how any student of the Bible can learn from these approaches.

This commentary seeks above all to explain the text of John's Gospel to those whose privilege and responsibility it is to minister the Word of God to others, to preach and to lead Bible studies. I have tried to include the kind of information they need to know, but to do so in such a way that the informed layperson could also use the work in personal study of the Bible, exclusively for purposes of personal growth in edification and understanding. In particular, I have attempted: (1) To make clear the flow of the text. (2) To engage a small but representative part of the massive secondary literature on John. (3) To draw a few lines towards establishing how the Fourth Gospel contributes to biblical and systematic theology. (4) To offer a consistent exposition of John's Gospel as an evangelistic Gospel. - Preface.

A Theology of John's Gospel and Letters introduces the first volume in the BTNT series. Building on many years of research and study in Johannine literature, Andreas Köstenberger not only furnishes an exhaustive theology of John's Gospel and letters, but also provides a detailed study of major themes and relates them to the Synoptic Gospels and other New Testament books. Readers will gain an in-depth and holistic grasp of Johannine theology in the larger context of the Bible. D. A. Carson (Trinity Evangelical Divinity School) says about Köstenberger's volume that "for the comprehensiveness of its coverage in the field of Johannine theology (Gospel and Letters), there is nothing to compare to this work." I. Howard Marshall (University of Aberdeen) writes, "This book is a 'first' in many ways: the first volume that sets the pattern for the quality and style of the new Biblical Theology of the New Testament series published by Zondervan; the first major volume to be devoted specifically to the theology of John's Gospel and Letters at a high academic level; and the first volume to do so on the basis that here we have an interpretation of John's theology composed by an eyewitness of the life and passion of Jesus." The Biblical Theology of the New Testament Series The Biblical Theology of the New Testament (BTNT) series provides upper college and seminary-level textbooks for students of New Testament theology, interpretation, and exegesis. Pastors and discerning theology readers alike will also benefit from this series. Written at the highest level of academic excellence by recognized experts in the field, the BTNT series not only offers a comprehensive exploration of the theology of every book of the New Testament, including introductory issues and major themes, but also shows how each book relates to the broad picture of New Testament theology.

THE MATTHEW COMMENTARY COLLECTION

This series is designed for those who know biblical languages. It is written primarily for the pastor and Bible teacher, not for the scholar. That is, the aim is not to review and offer a critique of every possible interpretation that has ever been given to a passage, but to exegete each passage of Scripture succinctly in its grammatical and historical context. Each passage is interpreted in the light of its biblical setting, with a view to grammatical detail, literary context, flow of biblical argument, and historical setting. While the focus will not be on application, it is expected that the authors will offer suggestions as to the direction in which application can flow.

1 and 2 Thessalonians is another release in the Zondervan Exegetical Commentary on the New Testament series—the only commentary series with a graphical display, theology in application section and identification of the main idea for each section. Designed for the pastor and Bible teacher, the Zondervan Exegetical Commentary on the New Testament brings together commentary features rarely gathered in one volume. Written by notable evangelical scholars, each volume treats the literary context and structure of the passage in the original Greek and each author provides an original translation based on the literary structure. The series consistently provides a main point, exegetical outline, verse-by-verse commentary, and theology in application in each section of every commentary. Critical scholarship informs each step but does not dominate the commentary, allowing readers to concentrate on the biblical author's message as it unfolds. While primarily designed for those with a basic knowledge of biblical Greek, all who strive to understand and teach the New Testament will find these books beneficial.

This new commentary — part of Eerdmans's acclaimed NICNT series — gives primary attention to John's gospel in its present form rather than the sources or traditions behind it. J. Ramsey Michaels assumes that the John who authored the book is someone very close to Jesus and, therefore, that the gospel is a testimony to events that actually happened in the life of Jesus. Yet Michaels does not ignore the literary character of the gospel of John or its theological contribution to the larger Christian community from its own time to the present day. Through a detailed verse-by-verse commentary, Michaels reveals how the gospel of "the disciple whom Jesus loved" is a unified composition, intertwined with the synoptics, yet drawing on material none of them cover.

In this volume from the Evangelical Exegetical Commentary, Paul Tanner argues that the book of Daniel is the Old Testament blueprint of the Bible's overarching eschatological narrative. Tanner examines key aspects of the book of Daniel such as the revelation of Israel's future in relation to gentile kingdoms, God's exaltation of Daniel as a channel through whom he reveals his will and God's sovereign control of the nations under whom Israel is being disciplined. Tanner provides exegetical insight to help readers better understand not only how God worked in Israel's history through Daniel, but how he sovereignly directs all of world history--for all time.

The last generation of gospel scholarship has considered the reconstruction and analysis of the audience behind the gospels as paradigmatic. The key hermeneutical template for reading the gospels has been the quest for the community that each gospel represents. This scholarly consensus regarding the audience of the gospels has been reconsidered. Using as a test case one of

the most entrenched gospels, Edward Klink explores the evidence for the audience behind the Gospel of John. This study challenges the prevailing gospel paradigm by examining the community construct and its functional potential in early Christianity, the appropriation of a gospel text and J. L. Martyn's two-level reading of John, and the implied reader located within the narrative. The study concludes by proposing a more appropriate audience model for reading John, as well as some implications for the function of the gospel in early Christianity.

Sproul's sermons at St. Andrew's Chapel are the foundation of these never-before-published expositions on Paul's epistle to the Romans. Chrysostom had it read aloud to him once a week.

Augustine, Luther, and Wesley all came to assured faith through its impact. The Reformers saw it as the God-given key to understanding the whole of Scripture. Throughout church history the study of the book of Romans has been pivotal to understanding Christian life and doctrine. Convinced that "Paul's fullest, grandest, most comprehensive statement of the gospel" is just as vital today, R. C. Sproul delivered nearly sixty sermons on Romans from October 2005 to April 2007 at St. Andrew's Chapel, where he has pastored for more than a decade. These never-before-published, passage-by-passage expositions will enrich any study of this weighty epistle. Part of the St. Andrew's Expository Commentaries series.

Jonah, part of the Hearing the Message of Scripture series, serves pastors and teachers by providing them with a careful analysis and interpretation of the Hebrew text of the Old Testament book of Jonah, quickly allowing pastors to grasp the big idea of the passage and how it fits in its larger context. The author demonstrates many linguistic connections between words and expressions in the book of Jonah itself, and with many other passages in both the Old and New Testaments.

In *John Verse by Verse*, respected New Testament scholar Grant R. Osborne invites the reader to become caught up in the dramatic masterpiece of the Fourth Gospel. He writes, "If I were teaching a course in college or seminary on creative writing, John's Gospel would be set alongside Shakespeare as models of brilliant characterization and plot." It is perhaps Osborne's favorite book of the Bible, and enthusiasm for it shines on every page. - Publisher
