Bloomsbury Publishing

Meke, a traditional rhythmic dance accompanied by singing, signifies an important piece of identity for Fijians. Despite its complicated history of colonialism, racism, censorship, and religious conflict, meke remained a vital part of artistic expression and culture. Evadne Kelly performs close readings of the dance in relation to an evolving landscape, following the postcolonial reclamation that provided dancers with political agency and a strong sense of community that connected and fractured Fijians worldwide. Through extensive archival and ethnographic fieldwork in both Fiji and Canada, Kelly offers key insights into an underrepresented dance form, region, and culture. Her perceptive analysis of meke will be of interest in dance studies, postcolonial and Indigenous studies, anthropology and performance ethnography, and Pacific Island studies.

Salpuri-Chum, A Korean Dance for Expelling Evil Spirits University of Texas Press

This work deals with the medical knowledge and beliefs of cultures outside of the United States and Europe. In addition to articles surveying Islamic, Chinese, Native American, Aboriginal Australian, Indian, Egyptian, and Tibetan medicine, the book includes essays on comparing Chinese and western medicine and religion and medicine. Each essay is well illustrated and contains an extensive bibliography.

Perspectives on Dance Fusion in the Caribbean and Dance Sustainability Praeger

This scholarly study demonstrates “that while post-Hurricane Katrina New Orleans is changing, the vibrant traditions of jazz . . . must continue” (Journal of African American History). An examination of the musical, religious, and political landscape of black New Orleans before and after Hurricane Katrina, this revised edition looks at how these factors play out in a new millennium of global apartheid. Richard Brent Turner explores the history and contemporary significance of second lines—the group of dancers who follow the first procession of church and club members, brass bands, and grand marshals in black New Orleans’s jazz street parades. Here music and religion interplay, and Turner’s study reveals how these identities and traditions from Haiti and West and Central Africa are reinterpreted. He also describes how second line participants create their own social space and become proficient in the arts of political disguise, resistance, and performance.

Cambridge University Press

This book is a study of Salpuri-Chum, a traditional Korean dance for expelling evil spirits. The authors examine the origins and practice of the dance focusing on traditional music, movements, and clothing.

Gemini and the Sacred Routledge

Ethnomusicology: A Research and Information Guide is an annotated bibliography of books, recordings, videos, and websites in the field of ethnomusicology. The book is divided into two parts; Part One is organised by resource type in categories of greatest concern to students and scholars. This includes handbooks and guides; encyclopedias and dictionaries; indexes and bibliographies; journals; media sources; and archives. It also offers annotated entries on the basic literature of ethnomusicological history and research. Part Two provides a list of current publications in the field that are widely used by ethnomusicologists. Multiply indexed, this book serves as an excellent tool

for librarians, researchers, and scholars in sorting through the massive amount of new material that has appeared in the field over the past decades.

Let's Make Some Noise Scarecrow Press

Landmark interdisciplinary study of religious systems through their dance performances

SIGNS OF THE SPIRIT

University of Illinois Press

How did Caribbean rituals help form new currents in the performing and visual arts of the United States? This book answers this question through an examination of the Caribbean-inspired dance creations of dancer/choreographer Katherine Dunham and the experimental films of avant-garde filmmaker Maya Deren.

DANCE OF THE SPIRIT

Springer Science & Business Media

The reflexive approach and the concept of bimusicality have made possible this in-depth study of the Rada rite, the foundation of the complex and sensationalized religion of Haiti, Vodun. Fleurant returned to his native Haiti to immerse himself in the socio-cultural life of those who practice the religion that was brought to Haiti by the people captured in Africa from the 16th to the 18th centuries. Through total immersion in daily life culture and apprenticeship in the music culture (reflexive approach and concept of bimusicality), the author has accessed information and provided a descriptive analysis heretofore unavailable to scholars. From this privileged position, the author details the complexity, sophistication, and beauty of the ritual, music, and dance. The pioneering works on the music or the dance of Vodun have attempted to cover the whole ritual spectrum. Fleurant contends that the religion is too complex and too sensationalized to be treated in one volume and that each rite should be studied separately and in greater depth. *Dancing Spirits* examines drum rhythms, song tunes, and texts of the major Rada dances. A model of the Rada ceremony in Bòpo, a community located some ten miles north of Port-au-Prince, serves as a guide to the reader not familiar with Vodun liturgy. The work challenges studies that do not delve deeply enough into this complex religion, and serves as a model for further studies.

The Garland Handbook of Latin American Music Simon and Schuster

Through different disciplinary perspectives, the authors shed light on the rich and complex Africa-Black Diaspora world; revealing historical transformation and transmutations that continue to define and reshape what is undoubtedly a landscape of dizzying expansion, transformations, and complexities, if not contradictions.

Music, Communities, Sustainability Bantam

Introduces the richly varied musical traditions of the Caribbean from interdisciplinary perspectives that will support decolonised curricula and research.

Perspectives on the Grateful Dead University of Chicago Press

The Haitian Revolution was perhaps the most successful slave rebellion in modern history; it created the first and only free and independent Black nation in the Americas. This book tells the story of how enslaved Africans forcibly brought to colonial Haiti through the trans-Atlantic slave trade used their

cultural and religious heritages, social networks, and labor and militaristic skills to survive horrific conditions. They built webs of networks between African and 'creole' runaways, slaves, and a small number of free people of color through rituals and marronage - key aspects to building the racial solidarity that helped make the revolution successful. Analyzing underexplored archival sources and advertisements for fugitives from slavery, Crystal Eddins finds indications of collective consciousness and solidarity, unearthing patterns of resistance. The book fills an important gap in the existing literature on the Haitian Revolution. This title is also available as Open Access on Cambridge Core.

The Cambridge Companion to Caribbean Music Cambridge University Press

The music of the peoples of South and Central America, Mexico, and the Caribbean is treated with unprecedented breadth in this multi-volume work. Taking a sociocultural and human-centered approach, *Music in Latin America and the Caribbean* gathers the best scholarship from writers all over the world to cover in depth the musical legacies of indigenous peoples, creoles, African descendants, Iberian colonizers, and other immigrant groups that met and mixed in the New World. From these texts, music emerges as the powerful tool that negotiates identities, enacts resistance, performs beliefs, and challenges received aesthetics. More than two decades in the making, this work privileges the perspectives of cultural insiders and emphasizes the role that music plays in human life. Volume 2, *Performing the Caribbean Experience*, focuses on the reconfiguration of this complex soundscape after the Conquest and on the strategies by which groups from distant worlds reconstructed traditions, assigning new meanings to fragments of memory and welding a fascinating variety of unique Creole cultures. Shaped by an enduring African presence and the experience of slavery and colonization by the Spanish, French, British, and Dutch, peoples of the Caribbean islands and circum-Caribbean territories resorted to the power of music to mirror their history, assert identity, gain freedom, and transcend their experience in lasting musical messages. Essays on pan-Caribbean themes, surveys of traditions, and riveting personal accounts capture the essence of pluralistic and spiritualized brands of creativity through the voices of an unprecedented number of Caribbean authors, including a representative contingent of distinguished Cuban scholars whose work is being published in English translation for the first time in this book. Two CDs with 52 recorded examples illustrate the contributions to this volume.

The Garland Encyclopedia of World Music Dancing Spirits

The *Garland Encyclopedia of World Music* is a ten-volume reference work, organized geographically by continent to represent the musics of the world in nine volumes. The tenth volume houses reference tools and descriptive information about the encyclopedia's structure, criteria for inclusion and other information specific to the field of ethnomusicology. An award-winning reference, its contributions are from top researchers around the world who were active in fieldwork and from key institutions with programs in ethnomusicology. GEWM has become a familiar acronym, and it remains highly revered for its scholarship, uncontested in being the sole encompassing reference work with a broad survey of world music. More than 9,000 pages, with musical illustrations, photographs and drawings, it is accompanied by 300+ audio examples.

VODOU

Taylor & Francis

This book offers an introduction to the broad diversity of contemporary Christianities in a rich, complex, and challenging city context.

Songs for the Spirits Indiana University Press

Clarence Bernard Henry's book is a culmination of several years of field research on sacred and secular influences of àsé, the West African Yoruba concept that spread to Brazil and throughout the African Diaspora. Àsé is imagined as power and creative energy bestowed upon human beings by ancestral spirits acting as guardians. In Brazil, the West African Yoruba concept of àsé is known as axé and has been reinvented, transmitted, and nurtured in Candomblé, an Afro-Brazilian religion that is practiced in Salvador, Bahia. The author examines how the concepts of axé and Candomblé religion have been appropriated and reinvented in Brazilian popular music and culture. Featuring interviews with practitioners and local musicians, the book explains how many Brazilian popular music styles such as samba, bossa nova, samba-reggae, ijexá, and axé have musical and stylistic elements that stem from Afro-Brazilian religion. The book also discusses how young Afro-Brazilians combine Candomblé religious music with African American music such as blues, jazz, gospel, soul, funk, and rap. Henry argues for the importance of axé as a unifying force tying together the secular and sacred Afro-Brazilian musical landscape.

Rumble in the Jungle Univ. Press of Mississippi

Covers native American music, cajun, Mexico, Central America, Trinidad, Jamaica, Cuba, Dominican Republic, Puerto Rico, carnival, Celtic influences, New Orleans, bluegrass, cowboys, Memphis.

The Yoruba God of Drumming Odwirafo Kwesi Ra Nehem Ptah Akhan

UBEN-HYENG The Ancestral Summons UBEN-HYENG (u· ben' - shehng') is the combination of the Kenesu/Khanitu-Kamau (Nubian-Egyptian) term, Uben and the Twi-Akan term, Hyeng. The terms are defined in their respective languages as descriptive of drawing forth by illumination, to shine; bright, brilliant. As a name, they are representative of the revivifying energy of Creative Power. Just as the morning Sun calls for the rejuvenation of Earth, UBEN-HYENG is a summons for the rejuvenation of the culture. Contents: Origin and function of Our Spiritual Inheritance · Origin and purpose of: Libation · Ancestral and Deity worship · Ancestral and Deity possession · Ritual prayer · Ritual meditation · Ritual song and dance · Nature worship · Talismans and amulets · Ritual procreative activity · Oracular divination Nature and function of Idols · Necessity of making offerings · Origin and purpose of shrines · Necessity for Ancestral communication · Nature and function of the Goddesses and Gods · Nature and function of Ancestral names and Ancestral languages · Origin and purpose of immortality · Nature and function of cycles · Nature and function of Self-defense · Origin and purpose for sacrifice · Liberation and Ancestral religion · Law

The Spirits and the Law Springer

Vodou has often served as a scapegoat for Haiti's problems, from political upheavals to natural disasters. This tradition of scapegoating stretches back to the nation's founding and forms part of a contest over the legitimacy of the religion, both beyond and within Haiti's borders. *The Spirits and the Law* examines that vexed history, asking why, from 1835 to 1987, Haiti banned many popular

ritual practices. To find out, Kate Ramsey begins with the Haitian Revolution and its aftermath. Fearful of an independent black nation inspiring similar revolts, the United States, France, and the rest of Europe ostracized Haiti. Successive Haitian governments, seeking to counter the image of Haiti as primitive as well as contain popular organization and leadership, outlawed “spells” and, later, “superstitious practices.” While not often strictly enforced, these laws were at times the basis for attacks on Vodou by the Haitian state, the Catholic Church, and occupying U.S. forces. Beyond such offensives, Ramsey argues that in prohibiting practices considered essential for maintaining relations with the spirits, anti-Vodou laws reinforced the political marginalization, social stigmatization, and economic exploitation of the Haitian majority. At the same time, she examines the ways communities across Haiti evaded, subverted, redirected, and shaped enforcement of the laws. Analyzing the long genealogy of anti-Vodou rhetoric, Ramsey thoroughly dissects claims that the religion has impeded Haiti’s development.

JAZZ RELIGION, THE SECOND LINE, AND BLACK NEW ORLEANS

Contemporary French and Franco

This collection introduces readers to the history and practice of the Vodou religion, and corrects

many misconceptions. The book focuses specifically on the role Vodou plays in Haiti, where it has its strongest following, examining its influence on spiritual beliefs, cultural practices, national identity, popular culture, writing and art.

Medicine Across Cultures Univ. Press of Mississippi

The Grateful Dead, one of the most meticulously documented rock bands, significantly influenced American music and popular culture. Its popularity has endured for three decades despite mixed critical reception. Jerry Garcia, thought of among many as a musical icon and spokesperson for more than one generation of fans, was often equally scorned by various critics. This collection of scholarly essays attests to the varied fields of interest the band and its followers, known as Deadheads, have affected, including psychology, law, and ethnomusicology. The contributions explore the diversity of the culture of fans, empirically analyze the music, apply literary criticism to the lyrics, and explore Dead-related philosophical and theological concepts — in other words, they are as eclectic as the myriad Grateful Dead fans themselves. Appealing to Grateful Dead scholars, fans, and collectors alike, these twenty-two essays are grouped by subject, and each essay includes a bibliography of resources for further research.
