Bloomsbury Publishing

'Enormously readable...excellent' Dominic Sandbrook, Sunday Times 'A superb piece of thorough journalism' David Aaronovitch, The Times Nigel Farage is arguably one of the most influential British politicians of the 21st century. His campaign to take the UK out of the EU began as a minority and extreme point of view, but in June 2016 it became the official policy of the nation after a divisive referendum. In Michael Crick's brilliant new biography, *One Party After Another*, we find out how he did it, despite never once managing to get elected to Parliament. Farage left public school at the age of 16 to go and work in the City, but in the 1990s he was drawn into politics, joining UKIP. Ironically, it was the electoral system for the European Parliament that gave him access to a

platform, and he was elected an MEP in 1999. His everyman persona, combined with a natural ability as a maverick and outspoken performer on TV, ensured that he garnered plenty of media attention. His message resonated in ways that rattled the major parties - especially the Conservatives - and suddenly the UK's membership of the EU was up for debate. Controversy was never far away, with accusations of racism against the party and various scandals. But, having helped secure the referendum, Farage was largely sidelined by the successful official Brexit campaign. When Parliament struggled to find a way to leave, Farage created the Brexit Party to ensure Britain did eventually leave the EU early in 2020. Crick's compelling new study takes the reader into the heart of Farage's story, assessing his methods, uncovering remarkable hidden details and builds to an unmissable portrait of one of the most controversial characters in modern British politics.

Social welfare workers in all fields are

frequently motivated by a desire to 'work with people,' 'bring about change,' or to 'make a difference.' These ideals are often constrained (even thwarted) by systems and funding that are driven by social policy. This book explores some of the difficulties and dilemmas faced by contemporary social workers as they deliver welfare in a changing policy context. The book takes a skills-based approach to understanding the role and importance of social policy in social welfare practice. Written by experienced educators and authors, it shows readers how to understand, analyze, and engage with policy. It is especially relevant for social workers whose roles are currently being shaped and re-shaped by policies. *Surveyor and Municipal and County Engineer* Zed Books Ltd.

How does news circulate in a major post-industrial city? And how in turn are identities and differences formed and mediated through this circulation? This seminal work is the first to offer an empirical examination, and trace a city's pattern of, news circulation. Encompassing a comprehensive range of practices

involved in producing, circulating and consuming 'news' and recognizing the various ways in which individuals and groups may find out, follow and discuss local issues and events, *The Mediated City* critiques thinking that takes the centrality of certain news media as an unquestioned starting point. By doing so, it opens up a discussion: do we know what news is? What types of media constitute it? And why does it matter?

THE BRITISH MEDICAL JOURNAL

Dartmouth Publishing Company

These volumes provide an essential comprehensive work of reference for the annual municipal elections that took place each November in the 83 County Boroughs of England and Wales between 1919 and 1938. They also provide an extensive and detailed analysis of municipal politics in the same period, both in terms of the individual boroughs and of aggregate patterns of political behaviour. Being annual, these local election results give the clearest and most authoritative record of how political opinion changed between general elections, especially useful for research into the longer gaps such as 1924-29 and 1935-45, or crisis periods such as 1929-31. They also illuminate the impact of fringe parties such as the Communist Party and the British Union of Fascists, and also such questions as the role of women in politics, the significance of religious and ethnic differentiation and the connection between occupational and class divisions and party allegiance. Analysis at the ward level is particularly useful for socio-spatial studies. A major work of reference, *County Borough Elections in England and Wales, 1919-1938* is indispensable for university libraries and local and national record offices. Each volume has approximately 700 pages.

The Traitor's Daughter UPNE

This analysis of animal rights movements from a native and northern viewpoint, focusses on Inuit groups and discusses 'cultural imperialism', endangered species and a philosophy of 'wise use' rather than 'no use' of natural resources.

WINNER OF THE 2021 JOYCE CAROL OATES PRIZE NAMED A BEST BOOK OF 2020 BY O MAGAZINE, THE NEW YORKER, THE WASHINGTON POST, REAL SIMPLE, THE GUARDIAN, AND MORE FINALIST FOR: THE STORY PRIZE, THE L.A. TIMES BOOK PRIZE, THE ASPEN WORDS LITERARY PRIZE, THE CHAUTAUQUA PRIZE "Sublime short stories of race, grief, and belonging . . . an extraordinary new collection . . ." —The New Yorker "Evans's new stories

present rich plots reflecting on race relations, grief, and love . . ." —The New York Times Book Review, Editor's Choice "Danielle Evans demonstrates, once again, that she is the finest short story writer working today." —Roxane Gay, The New York Times—bestselling author of *Difficult Women* and *Bad Feminist* The award-winning author of *Before You Suffocate Your Own Fool Self* brings her signature voice and insight to the subjects of race, grief, apology, and American history. Danielle Evans is widely acclaimed for her blisteringly smart voice and X-ray insights into complex human relationships. With *The Office of Historical Corrections*, Evans zooms in on particular moments and relationships in her characters' lives in a way that allows them to speak to larger issues of race, culture, and history. She introduces us to Black and multiracial characters who are experiencing the universal confusions of lust and love, and getting walloped by grief—all while exploring how history haunts us, personally and collectively. Ultimately, she provokes us to think about the truths of American history—about who gets to tell them, and the cost of setting the record straight. In "Boys Go to Jupiter," a white college student tries to reinvent herself after a photo of her in a Confederate-flag bikini goes viral. In "Richard of York Gave Battle in Vain," a photojournalist is forced to confront her own losses while attending an old friend's unexpectedly dramatic wedding. And in the eye-opening title novella, a black scholar from Washington, DC, is drawn into a complex historical mystery that spans generations and puts her job, her love life, and her oldest friendship at risk.

This book employs a history of ideas approach to trace the complex journey of the Revolutionary Communist Party (RCP) and its afterlives. Although the RCP existed for barely two decades, it left a curiously lasting impact on British politics, and its legacies have provoked bewilderment, suspicion, and animosity. Formed as the Revolutionary Communist Tendency in 1978, the RCP represented a distinct and often controversial offshoot of the Trotskyist left. Campaigning principally around 'unconditional support for Irish freedom' and anti-racism, RCP cadres expounded an independent revolutionary politics to supersede capitalism. In the 1990s, however, the RCP leadership ruefully declared that the working class had suffered an historic defeat, and the party dissolved in 1996. Combining wide-

ranging archival research and twenty-four life-history interviews with former activists, *Preparing for Power* examines ideological continuity and change among the ex-RCP milieu. Explaining the party's key ideas, their evolution, and their retrospective contestation, Jack Hepworth analyses the RCP's trajectory in a broader political context. In doing so, Hepworth illuminates a network which has been the subject of considerable media sensation and polemical attention.

One Party After Another Simon and Schuster

In 1992, Derek Lewis – a highly successful television executive – was approached by a firm of head-hunters about the possibility of running the UK Prison Service. As the first Director General of the new semi-autonomous prison agency, and the only high-profile outsider ever hired to head the service, he was soon caught up in the web of self-interest and hidden agendas being pursued by politicians and public services alike. Prisons were alien and often violent places where antiquated conditions – overcrowding, slopping-out, drugs and intermittent rioting – co-existed with luxurious new blocks, the costs of which had spiralled out of control. Too often management and politicians had given in to the demands of prisoners and the prison officers' union. Still more bizarre were the ponderous rituals and circumlocutions of the Home Office, where debate displaced action and long hours were wasted discussing whether first names should be used in the office. The advent of Michael Howard as Home Secretary coincided with a run of dramatic prison riots and escapes, and the punitive and political aspects of prison were emphasised at the expense of rehabilitation. This is Lewis's account of prison politics, and of the events leading up to his eventual sacking by the new Home Secretary.

British Medical Journal Penguin

From the Pulitzer Prize-winning New York Times reporter who has defined Donald J. Trump's presidency like no other journalist: a magnificent and disturbing reckoning that chronicles his life and its impact, from his rise in New York City to his tortured postpresidency. All of Trump's behavior as president had echoes in what came before. In this revelatory and news-making book, Haberman brings together the events of his life into a single mesmerizing work. It is the definitive account of one of the most norms-shattering and consequential eras in American political history.

This is Lewis's account of prison politics, and of the events leading up to his eventual sacking by the new Home Secretary.The Traitor's Daughter The new urban left in local government in the 1980s aimed to change the way in

which local councils operate so that the users and providers of council services and the local community could gain greater control over the provision and delivery of council services. In this book, material is produced and analyzed to show that the aims of the new urban left labour councils, in this area, were, at best, only partly successful.The findings of a comparative case study into industrial relations in Sheffield City Council and Doncaster Borough Council shows that the commitments of Sheffield City Council, on the industrial relations front, were in many ways unfulfilled. Theoretical insights into the relationship between socialism and trade union practice, the position of professional workers in advanced capitalist society, the nature of the state and the theory and practice of the new urban left are advanced to help explain the lack of progress. It is concluded that labour councils need to think more strategically in order to overcome the structural and institutional obstacles to radical, socialist change.

In 1582, England is gripped by the fear of traitors. Kate Lyon, tainted by her exiled

mother's past treason, has been disowned by her father, Baron Thornleigh. But in truth, Kate and her husband Owen are only posing as Catholic sympathizers to gain information for Queen Elizabeth's spymaster. Kate is an expert decoder. The deception pains her, but she takes heart in the return to England of her long estranged brother Robert. If only she could be sure where his loyalties lie... Kate and Owen's spying yields valuable intelligence: English Catholics abroad are spearheading an invasion that would see Elizabeth deposed—or worse—in favor of Mary, Queen of Scots. Kate takes on the dangerous role of double agent, decoding and delivering letters the exiles send Mary. But when lives and fortunes hang by the thinnest threads, betrayal is only a whisper away... A brilliant blend of Tudor history and lush storytelling, *The Traitor's Daughter* is a riveting, passionate novel of loyalty, heartbreak, and one woman's undaunted courage.
