### **THE KILLING HOUSE (PAULA MAGUIRE 6)**

Beacon Press  
"Yann Arthus-Bertrand, an aerial photographer and devoted environmental activist, explores the impact of some of the serious issues facing our planet today, all visible from space: deforestation, urban sprawl, intensive farming, pollution, natural disasters, and much more"--Dust jacket flap.

**A Novel** Praeger  
I hired her to fix my company, to bring Marks Lingerie back to life. I didn't expect her to become my friend. I didn't expect to fall in love with her. The first rule of business is to never touch your employees. I think there is another rule about not falling for your best friend--a rule against imagining the curves of her body, or the way her breathing would change if

I pulled down her panties and unzipped my pants. Now, I can't wait any longer. I'm tossing out the rules. Damn the company. Damn our friendship. Damn my fears.

Ice Breakers!How To Get Any Prospect To Beg You For A PresentationFortune Network Publishing Inc.  
Archetypes, Myths, and Metaphors Academic Press

Examines the metaphoric phrases currently used to explain the workings and potential of the Internet, from the "information superhighway" to the "electronic marketplace," and their connection to ancient archetypes that have influenced thinking for millennia. UP.  
*A Savage Hunger (Paula Maguire 4)* MIT Press  
The phenomenon of the small world, as in two new acquaintances discovering that they have an acquaintance in common, is of great scientific interest. The small world phenomenon appears to be a fundamental property of social structure and function. Understanding it, its

origin, and its implications can shed light on problems in sociology, sociometrics, political science, social psychology, and anthropology. This volume brings together much of what is understood about the small world problem, and the chapters indicate the quality, vitality, and scope of this area.  
Time-tested Secrets for Capturing the Heart of Mr. Right John Wiley & Sons  
Want to get your MLM and network marketing prospects to beg you for a presentation by using Ice Breakers? You can turn any warm or cold prospect into a hot prospect, wanting to know all about your business. How? By learning how to effectively introduce your business into a social conversation with an easy, rejection-free sequence of just a few words. Prospects want what you have to offer, but they are afraid of someone selling them. However, prospects love to buy and join. So why not use socially acceptable word sequences that compel any prospect to literally beg you for a

presentation? This book contains several effective formulas with many examples of each formula that you can use or modify. Once we know how the formulas work, we can create unlimited Ice Breakers on-demand to use and pass on to our downline. Your distributors will no longer be afraid of prospecting; instead, they will love prospecting. It is much more fun when we are in control. Distributors want to work hard, but just don't know what to say. Their opening random remarks ruin their chances and they suffer bad experiences. That experience trains them to avoid prospecting. But with trained words and phrases, everything changes. Quick and positive results. Prospecting is fun again. Enjoy learning how to prospect negative people, positive people, relatives, co-workers, strangers, leads, cold prospects ... anyone, by using fun Ice Breakers that even the prospects enjoy. Spend the entire week giving presentations, instead of spending the entire week looking for someone to talk to. And never again will you have to hear one of your distributors complain, "I just don't

have anyone to talk to." Ice Breakers are the best way to energize your MLM and network marketing business. Order your copy now!

### **FROM DARKNESS TO LIGHT**

New York Review of Books "Having been born a freeman, and for more than thirty years enjoyed the blessings of liberty in a free State—and having at the end of that time been kidnapped and sold into Slavery, where I remained, until happily rescued in the month of January, 1853, after a bondage of twelve years—it has been suggested that an account of my life and fortunes would not be uninteresting to the public." -an excerpt

### **QUANTITATIVE DATA ANALYSIS**

City Lights Publishers The concept of "Web 2.0" began with a conference brainstorming session between O'Reilly and MediaLive International. Dale Dougherty, web pioneer and O'Reilly VP, noted that far from having "crashed", the web was more important than ever, with exciting new applications and sites popping up with surprising regularity. What's more,

the companies that had survived the collapse seemed to have some things in common. Could it be that the dot-com collapse marked some kind of turning point for the web, such that a call to action such as "Web 2.0" might make sense? We agreed that it did, and so the Web 2.0 Conference was born. In the year and a half since, the term "Web 2.0" has clearly taken hold, with more than 9.5 million citations in Google. But there's still a huge amount of disagreement about just what Web 2.0 means, with some people decrying it as a meaningless marketing buzzword, and others accepting it as the new conventional wisdom. This article is an attempt to clarify just what we mean by Web 2.0.

This volume puts together the works of a group of distinguished scholars and active researchers in the field of media and communication studies to reflect upon the past, present, and future of new media research. The chapters examine the implications of new media technologies on everyday life, existing social institutions, and the

society at large at various levels of analysis. Macro-level analyses of changing techno-social formation – such as discussions of the rise of surveillance society and the "fifth estate" – are combined with studies on concrete and specific new media phenomena, such as the rise of Pro-Am collaboration and "fan labor" online. In the process, prominent concepts in the field of new media studies, such as social capital, displacement, and convergence, are critically examined, while new theoretical perspectives are proposed and explicated. Reflecting the inter-disciplinary nature of the field of new media studies and communication research in general, the chapters interrogate into the problematic through a range of theoretical and methodological approaches. The book should offer students and researchers who are interested in the social impact of new media both critical reviews of the existing literature and inspirations for developing new research questions.

### **INTER-ETHNIC AND RELIGIOUS CONFLICT**

### **RESOLUTION IN NIGERIA**

*Ice Breakers! How To Get Any Prospect To Beg You For A Presentation*  
Since 1982, Nigeria has experienced more than ten large scale ethnic or religious riots in its major cities. These violent clashes have wreaked economic, political, and social havoc; caused an enormous number of deaths and injuries; and posed serious obstacles to Nigeria's sociopolitical development as well as retarded efforts at nation-building. The papers collected in this book serve as a critical part of an overall objective to develop and promote mechanisms for the understanding and resolution of ethnic and religious conflicts in Nigeria. Both academic and community leaders address various aspects of these conflicts, and Uwazie offers several thoughtful options for their successful resolution. *Inter-Ethnic and Religious Conflict Resolution in Nigeria* will interest students of African history and current affairs, scholars of anthropology and ethnicity studies, and those involved in international relations and

peace studies.

*All the Rules* Oxford University Press  
*Emotion: Theory, Research, and Experience, Volume 1: Theories of Emotion*, presents broad theoretical perspectives representing all major schools of thought in the study of the nature of emotion. The contributions contained in the book are characterized under three major headings - evolutionary context, psychophysiological context, and dynamic context. Subjects that are discussed include general psycho-evolutionary theory of emotion; the affect system; the biology of emotions and other feelings; and emotions as transitory social roles. Psychologists, sociobiologists, sociologists, psychiatrists, ethologists, and students the allied fields will find the text a good reference material.

### **ICE BREAKERS!**

Harper Collins  
Iconic, groundbreaking interviews of Alfred Hitchcock by film critic François Truffaut—providing insight into the cinematic method, the history of film, and one of the greatest directors of all

time. In Hitchcock, film critic François Truffaut presents fifty hours of interviews with Alfred Hitchcock about the whole of his vast directorial career, from his silent movies in Great Britain to his color films in Hollywood. The result is a portrait of one of the greatest directors the world has ever known, an all-round specialist who masterminded everything, from the screenplay and the photography to the editing and the soundtrack. Hitchcock discusses the inspiration behind his films and the art of creating fear and suspense, as well as giving strikingly honest assessments of his achievements and failures, his doubts and hopes. This peek into the brain of one of cinema's greats is a must-read for all film aficionados.

Appeal to emotion is a key technique of persuasion, ranked by Aristotle alongside logical reasoning and arguments from character. Although ancient philosophical discussions of it have been much researched, exploration of its practical use has focused largely on explicit appeals to a

handful of emotions (anger, hatred, envy, pity) in 5th-4th century BCE Athenian courtroom oratory. This volume expands horizons: from an opening section focusing on so-far underexplored emotions and sub-genres of oratory in Classical Athens, its scope moves outwards generically, geographically, and chronologically through the "Greek East" to Rome. Key thematic links are: the role of emotion in the formation of community identity; persuasive strategies in situations of unequal power; and linguistic formulae and genre-specific emotional persuasion. Other recurring themes include performance (rather than arousal) of emotions, the choice between emotional and rational argumentation, the emotions of gods, and a concern with a secondary "audience": the reader.

### **THREE AGAINST THE TIDE**

Harry N. Abrams  
First he took her hostage, and then he asked her to marry him! Jo Lucas's captor is none other than Gavin Hastings IV, millionaire homestead owner, who's suffering from a case of mistaken identity. Somehow the

arrogant but sinfully rugged bushman has found his way into Jo's heart--even though he kept her prisoner...all night! And now that Gavin's met her, he wants Jo for his bride. It seems he won't let her go until he has made her his. But the question for Jo is: does Gavin want to keep her because he's fallen in love with her...or as a mother for his little girl?

In *The Young and the Digital*, S. Craig Watkins skillfully draws from more than 500 surveys and 350 in-depth interviews with young people, parents, and educators to understand how a digital lifestyle is affecting the ways youth learn, play, bond, and communicate. Timely and deeply relevant, the book covers the influence of MySpace and Facebook, the growing appetite for "anytime, anywhere" media and "fast entertainment," how online "digital gates" reinforce race and class divisions, and how technology is transforming America's classrooms. Watkins also debunks popular myths surrounding cyberpredators, Internet

addiction, and social isolation. The result is a fascinating portrait, both celebratory and wary, about the coming of age of the first fully wired generation. From the Trade Paperback edition. *The Investigation, Prosecution, and Execution of Ted Bundy* HarperCollins Publishers

The search for Mr. Right starts here. This simple set of dating dos and don'ts-combining *The Rules* and *The Rules II*-will teach you how to find (and keep!) a man who treats you with the respect and dignity you deserve. Breakout sensation Monica Murphy takes the romance genre by storm with the deeply emotional, completely addicting story of *Drew and Fable*. Temporary. That's the word I'd use to describe my life right now. I'm temporarily working double shifts—at least until I can break free. I'm temporarily raising my little brother—since apparently our actual mother doesn't give a crap about either of us. And I always end up as nothing but the temporary girlfriend—the flavor of the week for every guy who's heard the rumor that I give it up so easily. At least Drew Callahan, college football legend and local golden boy, is upfront about it. He needs someone to play the part of his girlfriend for one week. In exchange for cash. As if that's not weird enough, ever since he

brought me into his world, nothing really makes sense. Everyone hates me. Everyone wants something from him. And yet the only thing Drew seems to want is . . . me. I don't know what to believe anymore. Drew is sweet, sexy, and hiding way more secrets than I am. All I know is, I want to be there for him—permanently. Praise for *One Week Girlfriend* “A sweet and sexy read with a dash of angst. It will hook you from page one!”—*Under the Covers* “The author had me hooked within the opening pages. What a great debut novel by Monica Murphy! . . . All I have to say is pick up the book and be prepared for the roller coaster you are about to get on. . . . You will not want to miss this book and this author.”—*Shh Moms Reading* “I chose this book to be the book. The perfect book that would make the world stop for a few hours and suck me into another universe completely. The perfect book that would make my heart race and stop all at the same time. This book is that book! This book is perfect!”—*The Obsessive Reader* “A deep and thought provoking story . . . Be on the lookout for
