"Hazard notice: contains military grade

profantiy"--Back cover.

And the Winner is Dell

After grad school, Catherine and Gwen chose polar opposite paths. Catherine built a career as a rockstar academic, while Gwen built a home with her

husband and children. Decades later, unfulfilled in polar opposite ways, each woman covets the other's life, commencing a dangerous game of musical chairs—the prize being Gwen's husband. With searing insight and trademark wit, this comedy is an unflinching look at gender politics in the wake of 20th-century feminist ideals.

PINE

Hachette Books

This year Smith and Kraus has decided to combine its annual best monologues and best scenes anthologies. The scenes included in this book are either for two men or for one man and one woman. The latter are scenes in which the male role is predominant. Here you will find a rich and varied selection of monologues

and scenes from plays that were produced and/or published in the 2008–2009 theatrical season. Most are for younger performers (teens through thirties), but there are also some excellent pieces for men in their forties and fifties, and even a few for older performers. Some are comic (laughs), some are dramatic (generally, no laughs). Some are rather short, some are rather long. All represent the best in contemporary playwriting. Several of the monologues are by playwrights whose work may be familiar to you, such as Don Nigro, A. R. Gurney, Sam Bobrick, Terrence McNally, Adam Rapp, Steven Dietz, Itamar Moses, Stephen Belber, Keith Reddin, Naomi Iizuka, Michael Weller, Roberto Aguirre-Sacasa, Richard Vetere, Bruce Graham, Jacquelyn

Reingold, Sam Shepard, and Nicky Silver; others are by exciting up-and-comers like Octavio Solis, Lydia Stryk, Michael Vukadinovich, Liz Flahive, John Kolvenbach, Sylvia Reed, Barton Bishop, Padraic Lillis, Michael Golamco, and Lucy Thurber. The scenes are by master playwrights, such as Itamar Moses, Noah Haidle, Aguirre-Sacasa, and Silver, and by exciting new writers, such as Saviana Stanescu, E. M. Lewis, Jonathan Rand, Kolvenbach, Golamco, Larry Kunofsky, and Susan Bernfield. Foreword vii

Monologues According to Goldman. Bruce Graham 2 Aloha Say the Pretty Girls. Naomi Iizuka 3 American Tet. Lydia Stryk 5 And the Winner Is. Mitch Albom 7 Back Back Back (2). Itamar Moses 9 Baggage. Sam Bobrick 13 Billboard. Michael Vukadinovich 15 Dr. Jekyll and

BEATING THE ODDS: A TEEN GUIDE TO 75 SUPERSTARS WHO OVERCAME ADVERSITY

Hay House, Inc

To Light the Flame of Reason is all about

the art of clear thinking, an art that is needed now more than ever in the world we now live in. Written for anyone who wants to navigate better in this world filled with populist dogmas, anti-science attitudes, and pseudo-philosophy, authors Christer Sturmark and Douglas Hofstadter provide a set of simple tools for clear thinking, as well as a deeper understanding of science, truth, naturalism, and morality. It also offers insights into the rampant problems of extremism and fundamentalism – and suggestions for how the world can move towards a new enlightenment. The book argues that we need to reawaken the basic values and ideals that defined the original age of enlightenment. We need to accept the idea that the world we inhabit is part of nature, and that it has

no trace of supernatural or magical forces. Ethical questions should be detached from religion. This doesn't mean that the questions become any easier — just that ideas are tested and judged without being profoundly tainted and constrained by religious dogmas. Such a form of secular humanism builds on the power of free thought — the power to investigate and understand the natural world. Although not everything can be investigated or understood, the sincere quest for knowledge and understanding establishes a flexible, nondogmatic attitude toward the world. Curiosity and openness lie at the core of such an attitude. The scientific method of careful and open-minded testing, as well as science's creative and reflective ways of thinking, provides key tools.

What clear, science-inspired thinking helps us to understand, among many other things, is that a person can be good and can be motivated to carry out morally good actions without ever bowing to, or being limited by, supposedly divine forces. To Light the Flame of Reason will appeal to adults who are trying to figure out how to deal with the ever-increasing daily bombardment of conflicting messages about what is right, true, sensible, or good, and it should appeal even more to teenagers and university students who are struggling to find a believable and reliable philosophy of life that can help guide them in their choices of what and whom to trust, and how to act, both on the personal and the social level. Today, more people have greater access to

information and knowledge than ever was dreamt of before, and more people are concerned about the world situation. More people have the chance, through their own actions, to make a difference. Each one of us, as an individual, matters. It is thus vitally important that each of us should choose, in a conscious and reflective manner, our own views of reality, of the world, and of humanity. And this means that it is crucial for us all to train ourselves in the art of thinking clearly. Christer Sturmark along with Pulitzer Prize winning author Douglas Hofstadter argue that we must refocus our efforts on cultivating a secular society, and in doing so, we will rediscover the values and ethics that are so foreign in today's society. The Four Agreements Pantheon

Having the bad luck to die the night before the Oscars after having finally been nominated, self-obsessed movie star Tyler Johnes bargains with a heavenly gatekeeper to allow him to return to Earth for the Academy Awards ceremony to see if he won.

An Exaggeration in Three Acts

Dramatists Play Service Inc

#1 NEW YORK TIMES BESTSELLER • A special 20th anniversary edition of the beloved book that changed millions of lives—with a new afterword by the author Maybe it was a grandparent, or a teacher, or a colleague. Someone older, patient and wise, who understood you when you were young and searching, helped you see the world as a more profound place, gave you sound advice to help you make your way through it.

For Mitch Albom, that person was Morrie Schwartz, his college professor from nearly twenty years ago. Maybe, like Mitch, you lost track of this mentor as you made your way, and the insights faded, and the world seemed colder. Wouldn't you like to see that person again, ask the bigger questions that still haunt you, receive wisdom for your busy life today the way you once did when you were younger? Mitch Albom had that second chance. He rediscovered Morrie in the last months of the older man's life. Knowing he was dying, Morrie visited with Mitch in his study every Tuesday, just as they used to back in college. Their rekindled relationship turned into one final "class": lessons in how to live. Tuesdays with Morrie is a magical chronicle of their time together, through

which Mitch shares Morrie's lasting gift with the world.

In *The Four Agreements*, bestselling author don Miguel Ruiz reveals the source of self-limiting beliefs that rob us of joy and create needless suffering. Based on ancient Toltec wisdom, *The Four Agreements* offer a powerful code of conduct that can rapidly transform our lives to a new experience of freedom, true happiness, and love. • A New York Times bestseller for over a decade • Translated into 46 languages worldwide “This book by don Miguel Ruiz, simple yet so powerful, has made a tremendous difference in how I think and act in every encounter.” — Oprah Winfrey “Don Miguel Ruiz’s book is a roadmap to enlightenment and freedom.” — Deepak

Chopra, Author, *The Seven Spiritual Laws of Success* “An inspiring book with many great lessons.” — Wayne Dyer, Author, *Real Magic* “In the tradition of Castaneda, Ruiz distills essential Toltec wisdom, expressing with clarity and impeccability what it means for men and women to live as peaceful warriors in the modern world.” — Dan Millman, Author, *Way of the Peaceful Warrior*

FOR ONE MORE DAY

Dramatists Play Service, Inc.

Gonzo journalist and literary roustabout Hunter S. Thompson flies with the angels—Hell’s Angels, that is—in this short work of nonfiction. “California, Labor Day weekend . . . early, with ocean fog still in the streets, outlaw motorcyclists wearing chains, shades

and greasy Levis roll out from damp garages, all-night diners and cast-off one-night pads in Frisco, Hollywood, Berdoo and East Oakland, heading for the Monterey peninsula, north of Big Sur. . . The Menace is loose again." Thus begins Hunter S. Thompson's vivid account of his experiences with California's most notorious motorcycle gang, the Hell's Angels. In the mid-1960s, Thompson spent almost two years living with the controversial Angels, cycling up and down the coast, reveling in the anarchic spirit of their clan, and, as befits their name, raising hell. His book successfully captures a singular moment in American history, when the biker lifestyle was first defined, and when such countercultural movements were electrifying and

horrifying America. Thompson, the creator of Gonzo journalism, writes with his usual bravado, energy, and brutal honesty, and with a nuanced and incisive eye; as *The New Yorker* pointed out, "For all its uninhibited and sardonic humor, Thompson's book is a thoughtful piece of work." As illuminating now as when originally published in 1967, *Hell's Angels* is a gripping portrait, and the best account we have of the truth behind an American legend.

The Magic Strings of Frankie Presto ABC-CLIO

A memoir on the joys (and headaches) of covering live theater and interviewing famous performers such as Cary Grant, Jerry Lewis, Tony Curtis, Julie Newmar, Bette Midler, Molly Ringwald and more.

HUNTING IN MANY LANDS

A TUNA CHRISTMAS

Samuel French, Inc.

From the author of Are You Smart Enough to Work at Google?, a fascinating look at how an equation that foretells the future is transforming everything we know about life, business, and the universe. In the 18th century, the British minister and mathematician Thomas Bayes devised a theorem that allowed him to assign probabilities to events that had never happened before. It languished in obscurity for centuries until computers came along and made it easy to crunch the numbers. Now, as the foundation of big data, Bayes' formula

has become a linchpin of the digital economy. But here's where things get really interesting: Bayes' theorem can also be used to lay odds on the existence of extraterrestrial intelligence; on whether we live in a Matrix-like counterfeit of reality; on the "many worlds" interpretation of quantum theory being correct; and on the biggest question of all: how long will humanity survive? The Doomsday Calculation tells how Silicon Valley's profitable formula became a controversial pivot of contemporary thought. Drawing on interviews with thought leaders around the globe, it's the story of a group of intellectual mavericks who are challenging what we thought we knew about our place in the universe. The Doomsday Calculation is compelling

reading for anyone interested in our culture and its future.

To Light the Flame of Reason Little, Brown Spark

The wives of the Robertsons all came into the family the same way: they fell in love with one of the Robertson boys. In the Duck Dynasty TV series, the women often come into their own when the whole family gathers around the table together to eat dinner, and fans of the show get a good glimpse into their lives, but that is hardly the whole story, which is why they decided to write this book... In *The Women of Duck Commander*, the wives show how they have worked together to help one another and to support the family in all its work and its happiness. They are committed to timeless values, and in the book they

share the insights, stories, and experiences that have made them who they are. The appeal of the Duck Dynasty comes, not because they are showing us anything new, but they are reminding us of the values our culture is in danger of losing.

A Novel Hachette UK

"In this hilarious sequel to Greater Tuna, it's Christmas in the third smallest town in Texas. Radio station OKKK news personalities Thurston Wheelis and Arles Struvie report on various Yuletide activities, including hot competition in

the annual lawn display contest. In other news, voracious Joe Bob Lipsey's production of 'A Christmas Carol' is jeopardized by unpaid electric bills. Many colorful Tuna denizens, some you will recognize from Greater Tuna and some appearing here for the first time, join in the holiday fun."--

THE BOOK OF THE BOONE AND CROCKETT CLUB

Harper Collins
Mitch Albom creates his most unforgettable fictional character—Frankie Presto, the greatest guitarist to ever walk the earth—in this magical novel about the bands we join in life and the power of talent to change our lives. In his most stunning novel yet, the voice of Music narrates the tale of its

most beloved disciple, young Frankie Presto, a war orphan raised by a blind music teacher in a small Spanish town. At nine years old, Frankie is sent to America in the bottom of a boat. His only possession is an old guitar and six precious strings. But Frankie's talent is touched by the gods, and his amazing journey weaves him through the musical landscape of the 20th century, from classical to jazz to rock and roll, with his stunning talent affecting numerous stars along the way, including Hank Williams, Elvis Presley, Carole King, Wynton Marsalis and even KISS. Frankie becomes a pop star himself. He makes records. He is adored. But his gift is also his burden, as he realizes, through his music, he can actually affect people's futures—with one string turning blue

whenever a life is altered. At the height of his popularity, Frankie Presto vanishes. His legend grows. Only decades later, does he reappear—just before his spectacular death—to change one last life. With its Forest Gump-like romp through the music world, *The Magic Strings of Frankie Presto* is a classic in the making. A lifelong musician himself, Mitch Albom delivers a remarkable novel, infused with the message that “everyone joins a band in this life” and those connections change us all.

[A Practical Guide to Personal Freedom](#)
Hachette Books

From the author of *The Five People You Meet in Heaven* and *Tuesdays with Morrie*, a new novel that millions of fans have been waiting for. "Every family is a

ghost story . . ." This is the story of Charley, a child of divorce who is always forced to choose between his mother and his father. He grows into a man and starts a family of his own. But one fateful weekend, he leaves his mother to secretly be with his father--and she dies while he is gone. This haunts him for years. It unravels his own young family. It leads him to depression and drunkenness. One night, he decides to take his life. But somewhere between this world and the next, he encounters his mother again, in their hometown, and gets to spend one last day with her--the day he missed and always wished he'd had. He asks the questions many of us yearn to ask, the questions we never ask while our parents are alive. By the end of this magical day, Charley

discovers how little he really knew about his mother, the secret of how her love saved their family, and how deeply he wants the second chance to save his own.
