NORTHERN TANZANIA

Bradt Travel Guides

Zambia is one of the best destinations in Africa for walking and river safaris, yet it is little explored by travellers. This fourth edition covers the prime attractions, including all national parks, from the lower Zambezi and Kafue to the famous Luangwa Park, host to several unique species and the top place for leopard-spotting. Advice for the independent traveler includes how to choose first-class bushcamps, lodges and/or hotels to organise memorable safaris.

Namibia Bradt Publications

This new, thoroughly updated second edition of the most practical guide to Central Asia's smallest and least understood country brings to life the 'Roof of the World': Tajikistan. Enhanced trekking details and maps are included, along with more detailed practical information than any other guidebook. Travelling to and entering Tajikistan is easier than ever before with improved

transport infrastructure and a new airport terminal in the capital, Dushanbe. Accommodation options in the capital have also improved with new high-end hotels now open for business. This new edition includes details of all such changes and improvements. With this guide you can explore the Tajik side of the Wakhan Corridor, complete with fortresses, petroglyphs, and stunning views of the Pamirs and Hindu Kush. Also covered are the Fann Mountains, easily the most accessible - and one of the most beautiful - mountain ranges in Tajikistan, the UNESCO World Heritage Sites of Sarazm and the Tajik National Park, the hot springs of Garm Chashma, and the Tajikistan section (which forms the majority) of the Pamir Highway, arguably the most spectacular drive in the world. Epic mountain landscapes, glacial lakes, and the mighty Amu Darya - the Oxus River of antiquity - encircle ancient Buddhist sites, Silk Road trading posts, medieval shrines, and planned Soviet cities alike. The modern population continues to draw upon its diverse heritage from Persia, China, Afghanistan and Russia, creating a complex and

intriguing culture waiting to be discovered. With first-hand descriptions of everything from Sogdian ruins to playing the traditional sport of buz kashi, trekking on the Murghab Plateau and eating shashlik in garden tea houses, Tajikistan's expert authors bring the country alive in Bradt's new and fully updated edition.

Zanzibar Bradt Publications

The Bradt Travel Guide Lonely Planet

A new, thoroughly updated ninth edition of the most comprehensive guide to Zanzibar available, with a complete review of accommodation listings to cover new options in all price brackets on all three main islands (over 300 properties visited personally). Also included is more detailed coverage of Zanzibar's cultural, historic and environmental status than in any other travel guide to the area, while all of the city/town/village maps have been redrawn and accurately updated, with

every property, major attraction, eatery and road recorded using GPS to provide a detailed level of guidance. The authors aim to direct readers to the more ethically minded hotels, tour operators and activities, from a focus on fair-trade shopping opportunities to marine awareness guidelines. Bradt's Zanzibar is the most frequently updated book on the islands: the authors are personally known in the region for their face-to-face, on-the-ground research methods and this is the book of choice for hoteliers and expatriate workers/residents on Zanzibar. The guide also includes a dedicated section on southern Tanzanian safaris, making this the ideal choice for a bush and beach combination. Zanzibar is a magical and evocative name, and for many the name alone is reason enough to come. The islands are magical and full of promise but the choices are vast: from the burgeoning hotel scene to the array of local operators offering seemingly the same trip. The authors have been visiting Zanzibar for more than 15 years and strive to provide all the information required to make the right choice of where to stay and how to make the most of your time on the islands,

as well as offering details of how to get off the beaten track. They say: 'a tremendous amount of change has taken place, and yet it remains impossible not to be enchanted as you approach from the air, looking down on sparkling turquoise waters, darkened only by patch reefs, and punctuated by the billowing triangular white sails of passing dhows. We still always smile as we step off the plane, to be enveloped by Zanzibar's exotic blend of warmth, humidity and aromatic spices.'

BRADT ZAMBIA

Bradt Travel Guides

Both evocative and magical, Zanzibar offers travellers the quintessential Indian Ocean experience; palm fringed coastlines, powder- white sand, and colourful aquatic life. Passionate about detail, Chris and Susan McIntyre have carried out extensive on-the-ground research in producing this updated edition. There has been significant growth in the number of hotels, lodges and guesthouses on all three main islands since the last edition and, consequently, the accommodation listings have increased significantly: notably in Zanzibar Town (Stone Town), Matemwe, Michamvi Peninsula, and Mafia island. They visited all the accommodation listed. With almost 300 properties featured, many are newly built and the vast majority (spanning all budget levels) do not feature in any other

guide on the market. Each entry has a detailed description with a strong emphasis on guiding readers to the most ethical options. Zanzibar goes into far greater depth than its competitors on the natural environment, history, culture, and sights. Few other guide books cover the islands of Pemba and Mafia in any detail and yet they are easily combined in a trip. With a focus on the environment, visitors are directed towards fair-trade shopping opportunities and sustainable marine parks. This new edition also includes a dedicated section on southern Tanzanian safaris, making this guide excellent for readers looking for a bush and beach combination. Advice is given on how to be sensitive to the local Muslim culture. Bradt's guide is the most frequently and scrupulously updated guide available, vital for a destination with tourism growing and changing so rapidly.

Tanzania Bradt Publications

Bradt's ever popular Tanzania has the latest information on planning a trip, whether visitors are seeking advice on independent travel or all-inclusive safaris in luxury game lodges. The main attractions of the Serengeti, Ngorongoro

Features include:

Bradt Travel Guides

With 16 well-researched chapters and 26 useful maps, this new thoroughly updated second edition of Bradt's The Gambia remains the most comprehensive guide available in any language to what is the smallest country on mainland Africa. Significant development has taken place in recent years and this new edition offers all the latest updates, including new restaurants and hotels, detailed coverage of the many new eco lodges and camps that have sprung up, information on festivals, music workshops and opportunities to experience the unique local culture, and informed advice about birdwatching possibilities in a country very popular with first-time birders to Africa. As well as encompassing the popular coastal resorts, the guide also provides all the

detailed information required to explore the relatively undeveloped interior, making it ideal for both visitors on organised packaged holidays and independent travellers alike. Bradt's *The Gambia* reveals all the background and practical information needed to explore arguably Africa's most welcoming and safest country with its plethora of beach resorts → catering to all tastes and budgets → that line the 80km stretch of tropical coastline running from the capital Banjul to the remote southern border. Small in size but rich in African character, *The Gambia* offers perhaps the closest English-speaking 'winter sun' destination from Europe. Justifiably popular with birdwatchers, the lush mangrove- and

jungle-fringed river is also home to crocodiles, hippos, chimpanzees and a variety of monkeys. Historic attractions include the mysterious megalithic stone circles at Wassu and Ker Batch, and the fortified James Island and former slave-trading village of Juffureh (to where Alex Haley traced his ancestry in the book and TV programme *Roots*) - all of which form part of the country's two UNESCO World Heritage Sites and offer rich pickings to moderately adventurous travellers. All in all, Bradt's *The Gambia* is the perfect companion for discovering this safe, welcoming and decidedly tourist-friendly English-speaking country which makes for an ideal short-stay introduction to the

unique atmosphere of Africa.

With Kilimanjaro, Zanzibar and the Coast Zanzibar
