A high-schooler wanted infection-detecting sutures to be more accessible. She used beets.

Celebrating 20 remarkable years, MIT OpenCourseWare looks to the future, informed by learning needs underscored by the Covid-19 pandemic. Launched in 2001, OCW publishes materials from most MIT ...

**A map of Illinois political districts designed to discourage the casual tourist**

For science fiction fans in the mid-to-late 1990s, few TV shows scratched their itch like 3rd Rock From the Sun.

**I-565 RAMP BY TRASH PANDAS STADIUM EXPECTED TO OPEN BEFORE OPENING DAY**

Sure, eating out on occasion isn't going to result in a heart attack, but dining out daily might have a negative impact on your heart, as you are more likely to make unhealthy choices at a restaurant.

**5 Major Side Effects Of Not Getting Enough Fiber, Says Science**

Yelich and a few of his teammates filmed a public service announcement Monday, in partnership with the city of Milwaukee, advising everyone to ... I tend to follow the science.

Candace Owens to Fox News host Maria Bartiromo: "Calling everybody a racist" is "getting pretty old"

It would be nice to believe that once the process is over you and I and everyone else in this Land ... keep their people in office and make it almost impossible for any challenger to win.

**Everybody in Almost Every Language Says "Huh"? HUH?!**

Why isn't everyone celebrating that?" In some ways, our systems of science have worked brilliantly ... California reports most new cases in almost four weeks | The Cats restaurant fined \$ ...

**Everyday Habits That May Lead to Heart Attack, According to Science**

In the lab, she observed that beet-dyed sutures changed colors "almost instantaneously" when the pH level changed from healthy to infected.

COVID, DEI, Response To Civil Unrest | Set These Best NPOs Apart

With a new nationwide poll showing Republicans three times more likely than Democrats to avoid getting COVID-19 shots, a Central Illinois congressman and loyal member of the GOP said Thursday

...
