The People Vs Tech
From the bestselling author of The Dark Net comes a book that explains all the dangers of the digital revolution and offers concrete solutions on how we can protect our personal privacy, and democracy itself. The internet was meant to set us free. But have we unwittingly handed too much away to shadowy powers behind a wall of code, all manipulated by a handful of Silicon Valley utopians, ad men, and venture capitalists? And, in light of recent data breach scandals around companies like Facebook and Cambridge Analytica, what does that mean for democracy, our delicately balanced system of government that was created long before big data, total information, and

artificial intelligence? In this urgent polemic, Jamie Bartlett argues that through our unquestioning embrace of big tech, the building blocks of democracy are slowly being removed. The middle class is being eroded, sovereign authority and civil society is weakened, and we citizens are losing our critical faculties, maybe even our free will. The People Vs Tech is an enthralling account of how our fragile political system is being threatened by the digital revolution. Bartlett explains that by upholding six key pillars of democracy, we can save it before it is too late. We need to become active citizens, uphold a shared democratic culture, protect free elections, promote equality, safeguard competitive and civic freedoms, and trust in a sovereign authority. This essential book shows that the stakes couldn't be higher and that, unless we radically alter our course, democracy will

join feudalism, supreme monarchies and communism as just another political experiment that quietly disappeared.

#Bake for Syria brings together some of the top chefs in the world to create Syrian inspired pastries & baked goods in order to raise money & awareness for UNICEF's Syria Relief Fund.

#BakeForSyria was started as an offshoot of the very successful

#CookForSyria campaign by Lily Vanilli. This special edition cookbook will raise additional awareness and funds for the world's largest humanitarian crisis, with all profits going to Unicef's Syria Relief Fund. The cookbook is curated by Lily Vanilli in collaboration with Serena Guen, Clerkenwell Boy and Unicef's NEXTGen London. It is an amalgamation of stories and traditions around Syrian food from Syrian nationals and recipes from the restaurants, contributors and chefs headlining the #BakeForSyria campaign."--
