### Great Houses of England & Wales Royal

Commission on the  
Ancient and Historical  
Monuments in Wales  
A survey of Irish domestic  
architecture from 1100 to  
1914, covering all types of  
dwellings and  
architectural styles

### **HISTORIC HOUSES OF NEW YORK STATE**

Houghton Mifflin Harcourt  
A bittersweet, biting,  
sharply observed family  
drama from the author of  
Waterloo After her father  
has a heart attack and  
subsequent surgery,  
Helen Atherton returns to  
her hometown of  
Washington, D.C., to help  
take care of him and,  
perhaps more honestly,  
herself. She's been living  
in Los Angeles, trying to  
work in Hollywood, slowly

spiraling into a depression  
fueled by hours spent  
watching C-SPAN-her  
obsession with politics a  
holdover from a childhood  
interrupted by her father's  
involvement in the Iran-  
Contra scandal. "I don't  
know whether to think of  
him as a coconspirator or  
a complicit bystander or  
just someone who was in  
the wrong place at the  
wrong time." Though the  
rest of the world has  
forgotten that scandal,  
the Atherton family never  
quite recovered. While  
living with her father in  
her childhood home,  
Helen tries to piece  
together the political  
moves that pulled her  
family apart. All the  
Houses is, at its heart, a  
father-daughter story.  
With razor-sharp prose, an  
alluring objectivity, and a  
dry sense of humor, Karen  
Olsson writes about the  
shape-shifting of our  
family relationships when  
outside forces work their  
way in-how Washington  
turns people into  
unnatural versions of

themselves, how  
problematic and  
overbearing sisters can  
be, and how familial  
nostalgia that sets in  
during early adulthood  
can prove  
counterproductive to  
actually becoming an  
adult.

### **THE FOOTNOTE**

Artisan Books  
Houses of the Presidents  
offers a unique tour of the  
houses and day-to-day  
lives of America's  
presidents, from George  
Washington's time to the  
present. Author Hugh  
Howard weaves together  
personal, presidential,  
and architectural histories  
to shed light on the way  
our chief executives lived.  
Original photography by  
Roger Straus III brings the  
houses and furnishings  
beautifully to life. From  
Jefferson's Monticello to  
Reagan's Rancho del  
Cielo, with fascinating and  
surprising stops between  
and beyond, Houses of  
the Presidents presents a  
fascinating alternative

history of the American presidency.

**In the Houses of the Holy** Courier Corporation Queens, New York, boasts a rich history that includes dozens of poorly publicized but historically impressive houses. A mix of farmsteads, mansions, seaside escapes, and architecturally significant community dwellings, these homes were owned by America's forefathers, nouveau riche industrialists, Wall Street tycoons, and prominent African American entertainers from the Jazz Age. Rufus King, a senator and the youngest signer of the US Constitution, operated a large family farm in Jamaica, while piano manufacturer extraordinaire William Steinway lived in a 27-room, granite and bluestone Italianate villa in Astoria. Local musicians include Louis Armstrong, Count Basie, James Brown, Ella Fitzgerald, and Lena Horne. Through more than 200 photographs, *Historic Houses of Queens* explores the borough's most notable residences--their architecture, owners, surrounding neighborhoods, peculiarities, and even their fates as some vanished due to financial

problems or fires.

**Life in Miniature** Little, Brown Provides a comprehensive introduction to the twelve schools of thought which have had the greatest influence on the study of history in the twentieth century. Ranging from Empiricism to Postcolonialism, Marxism to the Ethnohistorians, each chapter begins with an introduction to the particular school, the main protagonists, the critics, and is followed by a useful section of further readings. From the classic, such as G. R. Elton's "England Under the Tudors" and E. P. Thompson's "The Making of the English Working Class," to the recent, such as Henrietta Whiteman's "White Buffalo Woman" and Judith Walkowitz's "City of Dreadful Delight," the diverse selections collected here bring together the leading historians and theorists of the century.

### **HOUSES AND HISTORY IN THE MARCH OF WALES**

Routledge Clear, crisp line drawings--ideal for coloring--of 43 homes: Theodore Roosevelt Birthplace,

Gracie Mansion, Sunnyside, Olana, Harriet Tubman House, many more. Captions. Map

### **IF YOU LIVED HERE**

Penn State Press 'Excellent . . . Fresh, learned, readable and full of life' Dan Jones, Mail on Sunday Houses of Power is the result of Simon Thurley's thirty years of research, picking through architectural digs, and examining financial accounts, original plans and drawings to reconstruct the great Tudor houses and understand how these monarchs shaped their lives. \_\_\_\_\_ What was it like to live as a royal Tudor? Why were their residences built as they were and what went on inside their walls? Who slept where and with who? Who chose the furnishings? And what were their passions? \_\_\_\_\_ The Tudors ruled through the day, throughout the night, in the bath, in bed and in the saddle. Their palaces were genuine power houses - the nerve-centre of military operations, the boardroom for all executive decisions and the core of international politics. Far more than simply an architectural history - a study of private

life as well as politics, diplomacy and court - it gives an entirely new and remarkable insight into the Tudor world.

*The Houses of Roman Italy, 100 B.C.-A.D. 250*  
National Trust

With its patchwork of secluded courtyards, gardens and narrow tree-lined streets, New York's Greenwich Village is one of the very few neighborhoods that still retains the charm and timelessness of old New York. In this overview of houses from the early nineteenth century to contemporary Modernist examples, Kevin Murphy explores the architecture and interiors of eighteen houses and two gardens located in what has become one of New York City's most exclusive and desirable residential communities. Beginning with the Robert Blum House (1827), *The Houses of Greenwich Village* traces the rich history behind each home and delves into the compelling biographies of its original owners and architects, revealing the evolution of structure, design, and style in the neighborhood throughout the nineteenth century, as well as its vibrant and at times eccentric character into the twentieth century.

The stunning photographs by Paul Rocheleau were specially commissioned for this book and give readers unprecedented access to some of the most beautiful homes in New York.

### **THE HOUSES OF BELGRADE**

Tor Books  
In this book, now published in 10 languages, a preeminent intellectual historian examines the profound changes in ideas about the nature of history and historiography. Georg G. Iggers traces the basic assumptions upon which historical research and writing have been based, and describes how the newly emerging social sciences transformed historiography following World War II. The discipline's greatest challenge may have come in the last two decades, when postmodern ideas forced a reevaluation of the relationship of historians to their subject and questioned the very possibility of objective history. Iggers sees the contemporary discipline as a hybrid, moving away from a classical, macrohistorical approach toward microhistory, cultural history, and the history of everyday life.

The new epilogue, by the author, examines the movement away from postmodernism towards new social science approaches that give greater attention to cultural factors and to the problems of globalization.

*Houses of Power* W W Norton & Company Incorporated

Detailed, accurate illustrations of 43 homes in wide range of styles: Mark Twain House, House of the Seven Gables, Nathan Hale Homestead, Robert Frost Place, The Breakers, many more. Informative captions. *Houses of the Founding Fathers* Stewart, Tabori and Chang  
Features intricately detailed, bas-relief collage spreads of dwellings in other world regions and historical times to explain how different people live and have lived--from a village house in South Africa that tells the story of its family to a floating green house in the Netherlands. 20,000 first printing.

### **HISTORIC HOUSES OF QUEENS**

Courier Corporation  
The only history and theory textbook to include accessible extracts from a wide range of historical writing. Provides a

comprehensive introduction to the theorists who have most influenced twentieth-century historians. Chapters follow a consistent structure, putting difficult ideas into an accessible context. This is the only critical reader aimed at the undergraduate market. The Houses of History Merrell Pub Limited

The houses of history is a clear, jargon-free introduction to the major theoretical approaches employed by historians. This innovative critical reader provides accessible introductions to fourteen schools of thought, from the empiricist to the postcolonial, including chapters on Marxist history, Freud and psychohistory, the Annales, historical sociology, narrative, gender, public history and the history of the emotions. Each chapter begins with a succinct description of the ideas integral to a particular theory. The authors then explore the insights and controversies arising from the application of this model, drawing upon debates and examples from around the world. Each chapter concludes with a representative

example from a historian writing within this conceptual framework. This newly revised edition of the highly successful textbook is the ideal basis for an introductory course in history and theory for students of history at all levels.

*Historiography in the Twentieth Century*

Random House

In this engrossing account, footnotes to history give way to footnotes as history, recounting in their subtle way the curious story of the progress of knowledge in written form.

Wesleyan University Press

Boasting over 500 houses, churches, and other buildings pre-dating the Civil War, Natchez, Mississippi, is one of a few Southern towns that has produced and preserved such a rich architectural heritage. With its uncompromised attention to architecture and style, Natchez follows in the tradition of Cottages by the Sea and Charleston Style. It is a sumptuous entrée to the houses and gardens that abound in this richly historic, deeply Southern town that draws thousands of visitors each year. The houses captured in all their glory and charm include

Auburn, Longwood, Magnolia Hall, Landsdowne, and more. A unique celebration of architecture, style, history, and some "good old-fashioned Southern hospitality," Natchez is an illustrious and splendid look at the "jewel by the river" and a must-have for both the residents and the tourists who make Natchez a popular destination year after year.

### **HISTORY: A VERY SHORT INTRODUCTION**

Northwestern University Press

A "comprehensive and enjoyable" guide to the centuries-long history of dolls' houses and how they illuminate our past (Books Monthly). Dolls' houses are tiny slices of social history that give us a fascinating glimpse into domestic life over the last three hundred years. Through text and photos, Nicola Lisle explores the origins and history of dolls' houses and their furnishings, from the earliest known dolls' house in sixteenth-century Bavaria to the present, and looks at how they reflect the architecture, fashions, social attitudes, innovations, and craftsmanship of their

day. She discusses the changing role of dolls' houses and highlights significant events and people to give historical context, as well as taking a look at some of the leading dolls' house manufacturers such as Silber & Fleming and Lines Brothers Ltd (later Triang). Included are numerous examples of interesting dolls' houses, the stories behind them, and where to see them—including famous models such as Queen Mary's spectacular 1920s dolls' house at Windsor Castle. There is also a chapter on model towns and villages, which became popular in the twentieth century and also give us a window on the past by replicating real places or capturing scenes typical of a bygone era, plus advice for dolls' house collectors, a detailed directory of places to visit, a timeline of dolls' house history, and recommended further reading.

Rebuilding the Houses of Parliament The Houses of History

"Extensively documented with well-chosen, good quality photographs, Clarke's book effectively surveys these representative examples from the Late Republic to

the Late Empire, illustrating the shift in the agendas of decoration as well as in the patterns of the lives played out behind closed doors within these highly charged domestic interiors."—Richard Brilliant, author of *Visual Narratives: Storytelling in Etruscan & Roman Art* "An enlightening and engaging walk through Roman cultural history. . .

. This book will be essential to anyone interested in the classical past, in artistic ensembles, or in the experience of architecture."—Diane Favro, University of California, Los Angeles "Real experts in Roman painting are few. This book should be very welcome to Roman art historians and social historians wanting to present this material to their students."—Eleanor Winsor Leach, author of *The Rhetoric of Space* *The Houses of History* Manchester University Press

For the first time in over twenty years, the exquisite and unique building of the Houses of Parliament, also known as the Palace of Westminster, is the subject of an authoritative and fully illustrated

publication, offering new insight into Britain's most famous and celebrated symbol of state. Spanning the medieval period to the present day, *The Houses of Parliament: History, Art, Architecture* is a fresh, innovative study of this unique and complex Victorian building, placing it within a broad historical, political, and cultural context. The absorbing narrative is complemented by newly commissioned photography and rarely seen archival material, revealing the richly ornamented interiors, the art and the architecture, and how they relate to the political institutions within this monumental edifice, the site of British authority since the eleventh century. -- First book published on the building for over 20 years. -- Fresh perspectives on the history, architecture, art and design of one of the most famous and recognizable buildings in the world. -- Sumptuously illustrated with newly commissioned photography and unseen archival material and artwork from the medieval period to the present day. -- The scene of many of the most famous and significant events in British history

and politics. Continues to be at the centre of the British political world today. -- One of the most visited monuments in Europe, drawing millions of tourists from Britain and around the world each year.

Manchester University Press

This volume in the Nearby History series helps the

reader document the history of a home. The reader will learn to examine written records, oral testimonies, visual sources, and the house's surroundings. The author covers American housing patterns, the individual characteristics of houses in different regions, construction techniques and materials, household technology, and family life styles. Houses and Homes

is Volume 2 in The Nearby History Series.

### **HOUSES OF THE NATIONAL TRUST**

Farrar, Straus and Giroux Presents a tour of the houses belonging to some of America's early leaders, sharing an inside look at the domestic world of the Founding Fathers to chronicle their private lives, families, culture, interests, and aspirations.
