Christian Theologians and the Bible in Nazi Germany

Princeton University Press
This brief, humorous introduction to theology by noted educator
and author Don McKim will provide seminarians, college students,
and general readers with a fun way to learn the basics. The book
covers the key movements, thinkers, definitions, and questions of
theology in a lighthearted way. Includes illustrations by Ron Hill.

Reading Maimonides' Philosophy in 19th Century Germany

Westminster John Knox Press
Learn to apply basic German grammar and vocabulary to reading
and translating progressively complex texts with the seventh
edition of JANNACH'S GERMAN FOR READING KNOWLEDGE.

Recognized as the leader in teaching reading skills, this text
provides the tools you need to read specialized literature in your
field. The Book Companion Website contains the readings that
appear in each chapter, plus new comprehension questions and
activities about the readings that are designed to let you practice
specific reading skills. Important Notice: Media content
referenced within the product description or the product text may
not be available in the ebook version.

Wipf and Stock Publishers

My theological work was always only a superstructure placed
upon the experiences and sufferings of my life... Helmut
Thielicke Thielicke's story is one of extraordinary circumstance. As
a young man living through Germany's darkest hour, he was time
and again put on the brink of death by sickness, Nazi oppression,
and war, and these experiences left an indelible mark on his
worldview. Fabian F. Grassl's thoroughly researched study takes a
fresh and original look at Thielicke's turbulent life through the
lens of suffering and death, casting new light on one of the
outstanding theologians, ethicists, and preachers of the twentieth
century. The reader is invited to explore a world of thought

decidedly shaped by the 'eschatological existence' of an intriguing personality; a flawed human being like the rest of us, yet endowed with a fascinating theological prowess, taking his stand amongst Germany's major historical upheavals of the last century.

HEBREWS, THE GENERAL LETTERS, AND REVELATION

Wipf and Stock Publishers

What if you had a guidebook that you could turn to at each stage of your academic journey to help you navigate through the process of getting a PhD in Biblical Studies and succeeding in the academic world? This book is precisely intended to fill that need. From theory to practice, you will find discussions and answers to the most pertinent and pressing questions that prospective and current doctoral students are faced with: How do I choose a program? How can I gain admission into an elite program? How do I choose a research topic? Alongside the "big" questions about the process, there are also a host of smaller matters: How do I publish an article? What conferences are out there in my field? Where do I start looking for a job? How do I get teaching experience? How do I write a syllabus? This guidebook tackles all of these questions and many more in three parts: Prepare focuses on getting into a PhD program; Succeed guides you through the doctoral program, especially the writing of the dissertation; and Advance treats issues that relate to success in the academic world such as conference participation, publishing, employment, and best practices in teaching. PRAISE FOR THE FIRST EDITION "Gupta has kindly provided me a book version of an academic mentor. In a time when many professors are busy,

Gupta walks the extra mile and makes himself present not only in person to those near him, but also in writing for those like me. I can't thank him enough!" --Natan B. de Carvalho, College Student "Dr. Gupta's book offered indispensable advice for me as I applied for PhD programs, completed my thesis, and applied for (and secured) tenure-track jobs. I am grateful for his service to the guild!" --Madison N. Pierce, Assistant Professor in New Testament, TEDS "Having started seminary about a year after the first edition appeared, I was able to use Gupta's abundance of clear-headed advice to build a path to doctoral study. I can see, as a student in a first-tier PhD program, that this journey would not have been possible had I not been able to learn the many unspoken rules Gupta outlines in this invaluable book." --Jonathan Groce, New Testament PhD student at Emory University "This book should be required for anyone even slightly interested in biblical higher education. I've enjoyed it so much that I've bought it three times, having given it away to two students." --Ryan Lytton, Director of Academic Services and Adjunct Professor at Life Pacific University-Virginia "This book has proven immensely helpful as I navigated the PhD application process. Providing useful benchmarks and invaluable suggestions, Gupta's sage advice prepared me for success." --Benjamin Castaneda, PhD student at the University of St. Andrews "The world of academic biblical studies can be difficult to navigate, especially for ethnic minorities. This book has prepared me well by making an opaque process clear and straightforward. I recommend it to anyone considering this path." --Daniel K. Eng, PhD candidate, University of Cambridge "I wanted to thank you for the invaluable guidance your book provided as I made decisions concerning my academic

future. I have just completed my M.A. in Classical Studies at Villanova and was accepted into graduate programs at both Edinburgh and Oxford. Every step of the way your text provided clear and specific recommendations. It was a true blessing." --Ken Tully, Adjunct Faculty at Villanova "Prepare, Succeed, Advance is a tremendously helpful reference tool. As an academic advisor, I will make this the first resource I recommend to colleagues who may not have the advantage of personal experience in a PhD program. As a student, I will regularly return to Gupta's work for counsel on the next stage of academic life. Doctoral students should rejoice at having such a sure guide to academic success and commend Gupta for his contribution." --Samuel Emadi, review in JETS 56/1 (2013) 139-141, (140-141) "This guide is indispensable to anyone thinking about a PhD." --Abram K-J, "Should I get a PhD?" Words on the Word blog, July 9 2012 "Nijay Gupta's Prepare, Succeed, Advance: A Guidebook for Getting a PhD in Biblical Studies and Beyond is just that, a guidebook. It does not claim to provide a formula on how the entire process works. At the same time, it is more than that in the sense that Gupta's honesty, attention to detail, and measured optimism throughout the entire book give his voice a level of credibility and warmth that prospective students will find invaluable as they begin their own individual paths toward academia." --Michael Suh, PhD, Emory, review in RBL: October 2014 "Prepare, Succeed, Advance has so many helpful points that my highlighter almost gave out. If you have even the tiniest desire to pursue a PhD in Biblical Studies, get a few pencils, two highlighters, and a copy of this book. You won't be sorry." --Andrew Kelley, PhD, Edinburgh "When I started to investigate what a PhD in Biblical

Studies entailed I was lost. What do schools look for? What programs are better for what field? So many questions, and so little (quality) answers. When I found Dr. Gupta's book I found both a map and compass. His book laid out the road ahead-- including avenues to avoid, and boulevards to explore in more detail. Following Dr. Gupta's candid advice I have received offers to study at a couple of UK PhD programs. I think I owe Dr. Gupta some money! Buy this book--you will not be disappointed!" -- Joshua Morris

The Temporal Mechanics of the Fourth Gospel Cambridge University Press

How can preachers preach biblically faithful sermons that move listeners to positive action? An author on the cutting edge of contemporary homiletics and theology offers a fresh approach to preaching that helps listeners see themselves as actors in God's grand drama. Ahmi Lee presents a unifying "third way" in homiletical approaches (i.e., theodramatic) that reimagines the preacher's role in relation to the Bible, the congregation, and the world. The book not only helps students understand various preaching models but also is relevant to working preachers who want to critique and improve their approach. Foreword by Mark Labberton.

A BEGINNER'S COURSE FOR THEOLOGICAL STUDENTS

Baker Academic

Occupy Religion introduces readers to the growing role of religion in the Occupy Movement and asks provocative questions about how people of faith can work for social justice. From the temperance movement to the Civil Rights movement, churches

have played key roles in important social movements, and Occupy Religion shows this role is no less critical today.

THIELICKE-THEOLOGIAN, PREACHER, BOUNDARY RIDER

Zondervan Academic

The Handbook of Reading Theological German is the premier resource for equipping those interested in reading and translating original German source materials and preparing academics for German comprehension examination. The book is ideal for students in biblical studies, church history, Jewish studies, and theology. Coauthored by Katharina Hirt, a native German speaker and professional linguist, and Christopher Ryan Jones, a native English speaker and doctoral candidate in biblical studies, this collaboration draws on the latest developments in linguistics to present a cutting-edge teaching methodology for graduate students learning to read German for research. Attuned to the specific needs of English speakers learning German, this handbook is well suited for independent study or for use in the classroom. Providing abundant exercises and readings, Jones and Hirt's work provides an excellent entry point for students required to learn theological German. The Handbook of Reading Theological German provides: An introduction to German grammar A demonstration of the role that German theology has had in the development of modern Jewish and Christian practices. Guided readings and biographies of six major German theologians and philosophers Further, advanced readings with minimal guidance from contemporary authors in the areas of Hebrew Bible, New Testament, Jewish studies, church history, and theology, so that students can focus on literature from their

chosen field of study

Reading German for Theological Studies BRILL

Since it first appeared in English translation in 1962, *A Little Exercise for Young Theologians* has achieved classic status. In thirteen concise reflections Helmut Thielicke offers wise counsel on the difficulties--and vital importance--of maintaining one's spiritual health in the course of academic theological study. Thousands of beginning theological students over the years have had the opportunity to eavesdrop, as it were, on a practical theology seminar by one of the twentieth century's leading Christian thinkers. More experienced pastors and theologians have also returned to this volume again and again for the valuable insights that Thielicke brings to bear on their vocation. One Woman Against the Reich Peter Lang Pub Incorporated Kant's proclamation of humankind's emergence from "self-incurred immaturity" left his contemporaries with a puzzle: What models should we use to sculpt ourselves if we no longer look to divine grace or received authorities? Deftly uncovering the roots of this question in Rhineland mysticism, Pietist introspection, and the rise of the bildungsroman, Jennifer A. Herdt reveals bildung, or ethical formation, as the key to post-Kantian thought. This was no simple process of secularization, in which human beings took responsibility for something they had earlier left in the hands of God. Rather, theorists of bildung, from Herder through Goethe to Hegel, championed human agency in self-determination while working out the social and political implications of our creation in the image of God. While bildung was invoked to justify racism and colonialism by stigmatizing those deemed resistant to self-cultivation, it also nourished ideals of dialogical encounter and

mutual recognition. Herdt reveals how the project of forming humanity lives on in our ongoing efforts to grapple with this complicated legacy.

Prepare, Succeed, Advance Wipf and Stock Publishers

On the initiative of Professor Paul Tillich, lectures on theological German were given at Union Theological Seminary, New York (beginning in 1948), later also at Princeton Theological Seminary, at Yale University Divinity School, and at the Theological Seminary of Drew University. In the course of the lectures faculty members and students asked me repeatedly for a special German-English theological vocabulary. This book is intended to meet their request. It contains basic theological expressions the knowledge of which is indispensable for reading theological texts. Furthermore it seemed to be expedient to include words which, although not strictly theological, are often used in a theological context. . . . In principal my selection has been limited to words and phrases current in theological writing of the nineteenth and twentieth centuries. --from the Preface

PURSUING EXCELLENCE FOR THE GLORY OF GOD

Baker Academic

"This book is an intellectual history of survival. The concept of survival is rooted in survival from the Holocaust"--

Carl Schmitt's International Thought Wm. B. Eerdmans Publishing

By redefining narrative temporality in light of modern physics, this book advances a unique and innovative approach to the deep-seated temporalities within the Gospel of John—and challenges the implicit assumptions of textual brokenness that

run throughout Johannine scholarship.

Forming Humanity Cambridge University Press

The extraordinary true story of a Christian mother's struggle to keep her family faithful to God during the enormous pressures and alluring charisma of Hitler's early regime. This is a powerful example for parents fighting to raise Christian kids in a post-Christian culture.

A GUIDEBOOK FOR GETTING A PHD IN BIBLICAL STUDIES AND BEYOND

University of Chicago Press

At the time when existentialism was a dominant intellectual and cultural force, a number of commentators observed that some of the language of existential philosophy, not least its interpretation of human existence in terms of nothingness, evoked the language of so-called mystical writers. This book takes on this observation and explores the evidence for the influence of mysticism on the philosophy of existentialism. It begins by delving into definitions of mysticism and existentialism, and then traces the elements of mysticism present in German and French thought during the late nineteenth and early twentieth centuries. The book goes on to make original contributions to the study of figures including Kierkegaard, Buber, Heidegger, Beauvoir, Sartre, Marcel, Camus, Weil, Bataille, Berdyaev, and Tillich, linking their existentialist philosophy back to some of the key concerns of the mystical tradition. Providing a unique insight into how these two areas have overlapped and interacted, this study is vital reading for any academic with an interest in twentieth-century philosophy, theology and religious studies.

A Biblical-Theological Approach Intellectual History of the Mo
 In this major work, Blumenberg takes issue with Karl Löwith's well-known thesis that the idea of progress is a secularized version of Christian eschatology, which promises a dramatic intervention that will consummate the history of the world from outside. Instead, Blumenberg argues, the idea of progress always implies a process at work within history, operating through an internal logic that ultimately expresses human choices and is legitimized by human self-assertion, by man's responsibility for his own fate.

Preaching God's Grand Drama Wipf and Stock Publishers
 Written in the intense political and intellectual tumult of the early years of the Weimar Republic, *Political Theology* develops the distinctive theory of sovereignty that made Carl Schmitt one of the most significant and controversial political theorists of the twentieth century. Focusing on the relationships among political leadership, the norms of the legal order, and the state of political emergency, Schmitt argues in *Political Theology* that legal order ultimately rests upon the decisions of the sovereign. According to Schmitt, only the sovereign can meet the needs of an "exceptional" time and transcend legal order so that order can then be reestablished. Convinced that the state is governed by the ever-present possibility of conflict, Schmitt theorizes that the state exists only to maintain its integrity in order to ensure order and stability. Suggesting that all concepts of modern political thought are secularized theological concepts, Schmitt concludes *Political Theology* with a critique of liberalism and its attempt to depoliticize political thought by avoiding fundamental political decisions.

The Guide to Religious Reform ISD LLC

Knowledge of key philosophic terms or concepts is vital to the understanding of many issues in Christian theology. This new anthology provides primary texts undergirding Diogenes Allen's earlier work, *Philosophy for Understanding Theology*, making for a valuable theological resource.

OCCUPY RELIGION

Springer Science & Business Media

What is education? How and why do educators do what we do? And, in what way can and ought education be distinctively Christian? These are a few of the probing questions for which this book seeks answers. Among other contributions, Currie's book explores a biblical philosophy of Christian education with unprecedented breadth and depth. To accomplish this objective, it considers what education is (chapter 1), what philosophy of education is (chapter 2), and what the ultimate goal of education is (chapter 3). Additionally, this book provides a never-before, Christian overview of twelve philosophies of education (chapters 4-15). Each of those chapters provides an introduction of a particular philosophy of education and some of that philosophy's exemplars. Each of those chapters also contributes a constructive, Christian critique. Chapter 16 highlights a biblical philosophy of Christian education—featuring some people, some principles, and some priorities for a biblical philosophy of Christian education, viz. pursuing excellence for the glory of God.

An Introduction Westminster John Knox Press

Reading German is a structured reading course designed to take a wide variety of users to an independent reading of authentic

German texts. It is ideally suited for courses in colleges and universities, for students or specialists in any discipline, and for independent learners. Drawing on recent research into reading in a foreign language, the course chapters focus on the recognition and decoding of progressively complex written structures, before rehearsing a variety of strategies (such as skimming and scanning) for negotiating longer and more complex texts. The book has four sections: a 16-chapter reading course an extensive

reference section containing a specially-designed grammar of written German a further exercises section, for further work on recognizing structures a text corpus containing 23 texts of various types, with facing English translations. Grammatical points explained in the reference section are frequently illustrated using examples located in the text corpus. The only other resource the user will need is a bilingual dictionary. Advice on how to use a dictionary is contained in the reference section.
