A Walk Along the Beach Macmillan
The forest is calling me with a woodwind
song . . . The branches wave a green,
friendly greeting. This way? That way?
The flowers light a path for me! Wander

plants are waiting to be discovered in

this immersive and magical paper-cut
world. Helen Musselwhite's intricate and
beautifully crafted paper scenes are

woods. An enchanting story which is also
a beautiful work of art and a fantastic
gift to treasure and share.

Once a person hikes a long trail, they
catch the bug, but does it get any easier

the second time around? Four years after starting the Appalachian Trail with his brother, Brian takes to the Continental Divide Trail for his second thru-hike in familiar company. However, trail life is not always as rewarding and romantic as the pictures you see or second-hand stories you hear. "Divided" provides an accurate account of life on trail: what hikers ponder, eat, love, loathe, and the questions they tire of answering. Some moments are too short, some are painfully long while others are whisked away unceremoniously with the wind. Follow along on the journey as Brian navigates difficulties, successes and everything between while attempting to walk from Mexico to Canada.

Please Take Me for a Walk is a celebration of dogs and kids and community. The book stars a very persuasive pup pleading with his best friend—the reader!—to take him for a walk. He recounts all the fun things they can see and do: chase squirrels in the yard, greet neighbors on their block, visit the shopkeepers downtown, swing by the schoolyard, and then run and play in the park. The dog run at the park is filled with all kinds of amazing purebreds and mutts, and our puppy wants them all to see "my best friend and me." Susan Gal

uses this story of a dog's best walk ever to catalog all the favorite places in a child's world. She starts in the house and the yard, then widens her scope to the block, the neighborhood, downtown, and the park. And she captures the magical way the people of a community can be brought together through their pets. The dog's enthusiastic voice and eagerness to go out walking will resonate with any dog owner. And Susan Gal's artwork is so enticing and adorable it will have even confirmed cat lovers heading for the pound! Happy walking, everyone!

A breathtaking, suspenseful story of one man's obsessive search to find the truth of another man's downfall, from the author of *The King Is Always Above the*

People, which was longlisted for the 2017 National Book Award for Fiction. Nelson's life is not turning out the way he hoped. His girlfriend is sleeping with another man, his brother has left their South American country, leaving Nelson to care for their widowed mother, and his acting career can't seem to get off the ground. That is, until he lands a starring role in a touring revival of *The Idiot President*, a legendary play by Nelson's hero, Henry Nunez, leader of the storied guerrilla theater troupe *Diciembre*. And that's when the real trouble begins. The tour takes Nelson out of the shelter of the city and across a landscape he's never seen, which still bears the scars of the civil war. With each performance, Nelson grows closer to his fellow actors, becoming hopelessly

entangled in their complicated lives, until, during one memorable performance, a long-buried betrayal surfaces to force the troupe into chaos. Nelson's fate is slowly revealed through the investigation of the narrator, a young man obsessed with Nelson's story—and perhaps closer to it than he lets on. In sharp, vivid, and beautiful prose, Alarcón delivers a compulsively readable narrative and a provocative meditation on fate, identity, and the large consequences that can result from even our smallest choices.

Jane Ronson is the epitome of a dutiful, devoted wife and mother. She has, with grit and grace, supported her husband, Colin, through the scandals and setbacks that have dogged his career as the Governor of New York State. After years in her restrictive role as the governor's wife, Jane achieves her own success as a writer, and is offered a publishing deal for her debut novel. This exciting news is overshadowed by Colin's sudden death under mysterious circumstances that eerily echo events that unfold in Jane's novel, making her the primary person of interest in the investigation. As the police question the Ronson family to try

to establish what happened on the night of Colin's death, it becomes increasingly apparent that everyone is keeping secrets - some to protect Colin, some to protect themselves. All of them to protect the Ronson family name. As Jane's and Colin's pasts emerge in the course of the investigation, the truth becomes increasingly elusive and disturbing.

At the heart of "All Things Flow into Form" (Fan wu liu xing), an ancient Chinese manuscript recently salvaged from the black market, is a concern with the process of self-cultivation, particularly the advancement through the incremental stages and the outcome that awaits one in the end: enlightenment, transparency, and self-possession. Critical to this discussion is a conception of a mind within a mind, the

unity of which is obtained through the isolation of an innermost core free from extraneous distractions. Such a state is presented as an ideal for kingship, and the text, despite its possibly very ancient roots, is focused on the ruler's ethical training rather than his political maneuvers, his obligation to Heaven and the spirits rather than his dominance over his subjects. Probing deep into this text, we may observe heretofore unappreciated aspects of many of the transmitted literary sources, and in turn, come to more definite conclusions about the manuscript itself. To the extent that this analysis is successful, it illustrates an approach that can be tested against future efforts to read ancient Chinese texts in the light of newly unearthed documents.

With its depiction of the downtrodden prostitutes, bootleggers, and hustlers of Perdido Street in the old French Quarter of 1930s New Orleans, "A Walk on the Wild Side" tells, in Algren's own words, "something about the natural toughness of women and men, in that order".

God only knows what possessed Bill Bryson, a reluctant adventurer if ever there was one, to undertake a gruelling

hike along the world's longest continuous footpath—The Appalachian Trail. The 2,000-plus-mile trail winds through 14 states, stretching along the east coast of the United States, from Georgia to Maine. It snakes through some of the wildest and most spectacular landscapes in North America, as well as through some of its most poverty-stricken and primitive backwoods areas. With his offbeat sensibility, his eye for the absurd, and his laugh-out-loud sense of humour, Bryson recounts his confrontations with nature at its most uncompromising over his five-month journey. An instant classic, riotously funny, *A Walk in the Woods* will add a whole new audience to the legions of Bill Bryson fans.

A child explores her neighborhood on a late-night walk with her dad, finding delight and comfort in moments of quiet and the warm windows into other people's lives. When a little girl can't sleep one night, her dad asks if she'd like to go for a walk. They tiptoe through the silent house and step out into the dark. It's strange and exciting to be out so late. Walking down the street, the girl can see inside the lit-up windows of apartment buildings and houses where people's lives are unfolding. Kids are having a pillow fight in one house, while a family has gathered for a festive meal in another. She and her dad reach the still-busy shopping area, walking past

restaurants and enticing store windows, then stop for a tranquil moment in the park before returning home. Sara O'Leary has captured a child's nighttime wonder as she explores her neighborhood and comes to the comforting realization that she belongs. Ellie Arscott's illustrations, luminous and rich in color, perfectly complement the story.
