No one feels the heat of an Ashes battle more than the captains of England and Australia. The weight of national expectation, and more than 120 years of history, is on their shoulders from the moment they walk out to toss a coin and start a Test match that is like no other. The Captains' Tales offers a unique insight into the minds of a generation of captains from two great nations, who share with the reader what it feels like to call the shots in Test cricket's greatest cauldron. From Mike Brearley's cajoling of Ian Botham during the famous summer of 1981 to Ricky Ponting's revenge mission of 2006-07, each Ashes captain from the last quarter-century reveals what made him tick, his vision of where he wanted to take his team and how he handled key characters within the dressing-room. The author, former Kent captain David Fulton, delves behind the scenes for

clues about how these sporting generals constructed their battle plans and uses his own experience to determine their strengths and weaknesses as leaders of men. The Captains' Tales will strike a chord not just with cricket lovers but with sporting captains of all abilities and readers who seek a greater insight into the broader issues of management and leadership.

The Revolutions of 1989 and the Resurgence of History A&C Black

It had taken three and a half decades, but the Detroit Tigers were finally crowned the best team in baseball in 1935. Coming on the heels of their hugely disappointing loss in the World Series to the St. Louis Cardinals the year before, the Tigers emerged victorious in a thrilling six-game October showdown against a talented Chicago Cubs team. It was Detroit's first World Series championship. For a city suffering from the Great Depression, it couldn't have come at a better time. The team was led by player-manager Mickey Cochrane, and featured an offense fueled by Hank Greenberg, Charlie Gehringer, and Goose Goslin (dubber the "G-Men"). On the mound were Lynwood Thomas "Schoolboy" Rowe, Tommy Bridges, Elden Auker, and General Crowder. With 93 victories that summer, the Tigers outpaced the New York Yankees by three games, taking their fifth American League title in club history. To commemorate the 80th anniversary of this great team, the Society for American Baseball Research is proud to present the 1935 Detroit Tigers in all their glory. With contributions from over 35 members of the SABR BioProject, this book is a delightful account of one of the most significant teams in sports history. "Navin Field was packed, and when we won Detroit really came alive. As a team we were like a bunch of brothers. Hank, Charlie, Billy, Goose, Schoolboy, Tommy...all of them. I think of those guys often. It was a wonderful time of my life." - Elden Auker Contents: Introduction by Scott Ferkovich Sleeping Giant: Detroit in the 1930s by Gary Gillette The Babe's Loss Was Detroit's Gain: The Cochrane Trade by John Milner The 1935 Season in Review by Greg Erion THE OWNER: Frank Navin by Marc Okkonen & David Jones THE PLAYERS Elden Auker by Robert H. No season exerts a grip on the hearts of English cricket followers quite like the summer of 1981. For the first time in a generation, the whole country was transfixed by a Test series. What made it all the more remarkable was that the fortunes of the national team, not to mention those of the game in general and the country itself, seemed at rock bottom. During the course of an Ashes series that shifted from the mundane to the fantastical with breathtaking speed, the third Test at Headingley proved to be the turning-point. Amid record unemployment and the worst outbreak of civil unrest in a century, England, 500-1 against at one stage (odds taken by two members of the Australian team), achieved the most improbable sporting triumph of the 20th century, mounting a dramatic comeback to beat Australia by 18 runs. The names of Ian Botham, Bob Willis and Mike Brearley duly became forever entwined with what readers of the Observer recently voted 'Most Memorable Sporting Moment'. 500-1 recreates the match with the aid of those who were there - players, officials, groundstaff, spectators and media - while placing events in their full context,

tracing a timeless tale in rich, vivid and unprecedented detail. As the thirtieth anniversary approaches, 500-1: The Miracle of Headingley has been fully updated to reflect the impact that Test had on the game and those who watched it, at a time of struggle in both the game and society as a whole.

[hearings before a subcommittee of the Committee on Appropriations, House of Representatives, Ninety-eighth Congress, first session](#) Central European University Press

Mike Brearley was one of England's greatest captains, thrice winning the Ashes, including the memorable series of 1981. He also led Middlesex to four county championships and two Gillette Cup wins. In this first-ever biography of Brearley, Mark Peel assesses the many facets of his complex personality to explain his phenomenal success as a leader.

Ian Botham arrived on the international scene just in time to ride sport's first big financial wave and exploit the Thatcherite mantra of go-out-and-get-what-you-want. He certainly needed the cash, having been regularly short since leaving state school in Yeovil at 15. In an era short on glamour and personalities, Botham brought an irresistible cocktail of talent, energy and swagger. With the stench of economic failure still in the air, he made the country feel good about itself again. He showed that Britain could still produce champions and that the working class still deserved to be valued. For this he won himself a fund of public goodwill, a fund he sometimes threatened to drain but uncannily managed to replenish. Before Botham, many saw cricket as a very staid, very boring game. He played it with an irreverent dash that stuck up two fingers at the cricket Establishment. He wore striped blazers and strange hats, sported long hair and droopy moustaches. He got into trouble over punch-ups, drugs and girls. He was even banned from playing at one point. But all this would have meant little had he not been able to keep on achieving remarkable things - as he did with impeccable timing and implausible frequency. He had an insatiable appetite, and an uncanny knack, for creating tales of heroism, but if he failed on that score there was always the chance of a scandal or two. He gave the media everything they needed for front pages and back, and some newspapers discovered that it didn't necessarily matter if the

story was true or not, as long as he was in it. Ian Botham tells the story a great piece of British sporting history, one of the greatest: of a man for whom the glamour and the grit came together. And it was the grit of the times in which Botham had grown up, and the grit of the where he had come from.

A fresh interpretation of the contexts, meanings, and consequences of the revolutions of 1989, coupled with state of the art reassessment of the significance and consequences of the events associated with the demise of communist regimes. The book provides an analysis that takes into account the complexities of the Soviet bloc, the events' impact upon Europe, and their re-interpretation within a larger global context. Departs from static ways of analysis (events and their significance) bringing forth approaches that deal with both pre-1989 developments and the 1989 context itself, while extensively discussing the ways of resituating 1989 in the larger context of the 20th century and of its lessons for the 21st. Emphasizes the possibility for re-thinking and re-visiting the filters and means that scholars use to interpret such turning point. The editors perceive the present project as a challenge to existing readings on the complex set of issues and topics presupposed by a re-evaluation of 1989 as a symbol of the change and transition from authoritarianism to democracy.

NEW YORK TIMES BESTSELLER The complete, uncensored history of the award-winning The Daily

Show with Jon Stewart, as told by its correspondents, writers, and host. For almost seventeen years, The Daily Show with Jon Stewart brilliantly redefined the borders between television comedy, political satire, and opinionated news coverage. It launched the careers of some of today's most significant comedians, highlighted the hypocrisies of the powerful, and garnered 23 Emmys. Now the show's behind-the-scenes gags, controversies, and camaraderie will be chronicled by the players themselves, from legendary host Jon Stewart to the star cast members and writers-including Samantha Bee, Stephen Colbert, John Oliver, and Steve Carell - plus some of The Daily Show's most prominent guests and adversaries: John and Cindy McCain, Glenn Beck, Tucker Carlson, and many more. This oral history takes the reader behind the curtain for all the show's highlights, from its origins as Comedy Central's underdog late-night program to Trevor Noah's succession, rising from a scrappy jester in the 24-hour political news cycle to become part of the beating heart of politics-a trusted source for not only comedy but also commentary, with a reputation for calling bullshit and an ability to effect real change in the world. Through years of incisive election coverage, passionate debates with President Obama and Hillary Clinton, feuds with Bill O'Reilly and Fox, and provocative takes on Wall Street and racism, The Daily Show has been a cultural touchstone. Now, for the first time, the people behind the show's seminal moments come together to share their memories of the last-minute rewrites, improvisations, pranks, romances, blow-ups, and moments of Zen both on and off the set of one of America's most groundbreaking shows.
