Phrasal verbs are

indispensable parts of the English language. They add a sense of fluency into spoken or written language and render it richer in terms of vocabulary. Knowing and using not all, but even the most common ones would make our English sound more natural. However, the difficult thing about phrasal verbs is to memorize them because, they may have some meanings which are completely

irrelevant to their constituent parts. For this reason, we need to learn them by heart, which means “to memorize” them. Although it may sound hard to learn them in this way, using phrasal verbs in actual dialogs makes it easier to memorize them by creating a “match” on the cognitive level. If we support this with images as well, we may have a better chance to retain them

in our memories permanently. This is exactly where this book steps in. You will find hundreds of dialogs presented in drawings where characters use phrasal verbs. A total of carefully selected 228 phrasal verbs are given with up to their 3 common definitions. Therefore, you will have to memorize neither the outdated phrasal verbs nor their barely used meanings. There are 38

units in the book, each of which contains 6 phrasal verbs given in an alphabetical order. There is an “Exercises” section at the end of every unit and two Revision Tests after every five units. You will also find a general revision test with 100 questions in the back of the book. This test consists of all the phrasal verbs in this book. You can reach the answers to the exercises by using the buttons below exercise

pages. This book also contains links to the videos of each unit. These videos contain a broader explanation of the phrasal verbs and they offer 2-3-minute footages taken from various films where characters use the phrasal verbs presented in the relevant unit. The footages come with subtitles as well. You can reach these videos by using the buttons below pages. After looking at the

drawings, reading the dialogs, watching the movie footages and doing the exercises, you won't have any trouble keeping phrasal verbs in your long-term memory and using them in your own sentences. All you need to do is to make regular revisions, which is a must learning a new language. If you want to have this book as a hard copy with amounts over 100, please contact

117 MOST COMMON ENGLISH IDIOMS AND

PHRASAL VERBS

Cambridge University Press
Get the most out of the knowledge you learned in the ESL guide 117 Most Common English Idioms and Phrasal Verbs with this multiple-choice workbook. With this self-study ESL guide, you will be able to test your knowledge of the most common idioms and phrasal verbs - and immediately see the

correct answer after each question. This is the first of five workbooks based on the popular ESL guide 117 Most Common English Idioms and Phrasal Verbs, available separately. *Phrasal Verbs with Multi-words* Clic-books.com
A fine-grained qualitative and quantitative analysis of phrasal verbs covering almost 400 years, based on large amounts of empirical evidence.

A Unique Guide CreateSpace Updated to reflect questions found on the most recent ESL tests, this book presents 400 common phrasal verbs as they are used in everyday English. Phrasal verbs are verbs combined with prepositions or adverbs. Familiarity with phrasal verbs and understanding their use as nouns (breakup, showoff, etc.) or adjectives (spaced-out, broken-down, stressed-out, and many others) is essential to ESL students. Updated information includes: the most commonly used phrasal verbs; activities and examples that reflect our current technology and the world around us; an expanded introduction for the teacher with a thorough breakdown and explanation of phrasal verbs; and, a discussion of separable and inseparable phrasal verbs in Unit I, and more. This book's hundreds of examples in context and hundreds of exercises will be extremely useful to ESL students who are preparing for TOEFL or who simply wish to improve their English.

This book has
been written
as a learning
aid for EFL
students
(English as a
Foreign
Language). It
is geared

towards upper-intermediate and advanced students, and the first half goes over the most common verbs (e.g. come, bring, put, and make) while the second half runs through the most common prepositions (e.g. up, down, with, and on). The phrasal verbs are grouped together to make them sink in quicker. Multiple images are included in every chapter to draw out the various

shades of meaning and to make the words easier to memorize. Each chapter has at least one vocabulary table, one micro-text, one short exercise, and several striking images. At the end of the book, the vocabulary is revised in a number of exercises for antonyms and synonyms. For learners who are hungry for extra resources, there is a playlist on YouTube with almost 100

video lessons ('Learn Phrasal Verbs') that focus on the same vocabulary. This coursebook, combined with the videos, is ideal for self-study, but it could also be used in the classroom.

English Phrasal Verbs Ultimate Collection
Cambridge University Press
Improve your understanding of phrasal verbs in English.
Explanations and practice of

approximately 1,000 phrasal verbs, written for advanced-level (C1 to C2) learners of English.

This complete guide to over 850 Phrasal Verbs used in daily life by native speakers, also includes a section with over 200 business idioms and phrasal verbs. Cross that bridge and start

mastering the language today. About phrasal verbs Phrasal verbs, or multi - word verbs as they are often referred to, can be rather daunting for non natives of the English language. A mistake in using the wrong particle or the wrong word order can completely change the intended meaning. This can lead to misunderstandings which can either be horrific or hilarious. Students of the English

language are not expected to be able to remember all the phrasal verbs - they are too numerous - but they should be familiar with the most common ones and they should also be able to recognise their meanings in context. Phrasal verbs play an important role in the English language. There is no getting away from them. Every time natives speak they use them. Take a

look at the ones below. Did you know that the following two sentences have different meanings? Peter hung up after a few minutes = he ended the telephone call. Peter hung up on me after a few minutes = he ended the call by interrupting the conversation abruptly, angrily and rudely. Now look at these two examples: Pretty flabbergasting ! I've gone off cheese = I no longer like cheese. The

cheese has gone off = the cheese is not fresh anymore. It is not good to eat. If you eat it you could become sick. The alarm clock has just gone off = Can you turn it off please? I want to sleep for another few minutes. Does this mean that the alarm clock is not fresh anymore? NOOOO!!!! Does it mean the alarm clock doesn't like someone or something anymore? NOOO!!! Well what does it mean you

may be asking yourself. You should be able to understand from the context. Out of context 'to go off' is devoid of any meaning whatsoever. In the case of the alarm clock, it means, it didn't ring. Another example is: He turned on me = he either attacked me physically or verbally. He turned me on = he caused me to become excited. Now can you see why the wrong use can lead to numerous

misunderstandings? Phrasal verbs can be separable, that is, as seen in the example 'he turned me on', and inseparable as in the example 'he turned on me'. There are also phrasal verbs which are both separable and inseparable Example: She took off her jacket/she took her jacket off = she removed her jacket. In this book you will learn and become familiar with each phrasal verb type.

Good clear examples are set out to illustrate the meanings. ABOUT THE AUTHOR The author has been a teacher of English as a foreign language for over 18 years. Born in the North East of Scotland, she has spent most of her adult life abroad, teaching students of various nationalities how to speak English effectively.
