R. K. Narayan

(1906—2001) witnessed nearly a century of change in his native India and captured it in fiction of uncommon warmth and vibrancy. Swami and Friends introduces us to Narayan's beloved fictional town of Malgudi, where ten-year-old Swaminathan's excitement about his country's initial stirrings for independence competes with his ardor for cricket and all other things British. Written during British rule, this novel brings colonial India into intimate focus through the narrative gifts of this master of literary realism.

Eleanor Estes's *The Hundred Dresses* won a Newbery Honor in 1945 and has never been out of print since. At the heart of the story is Wanda

Petronski, a Polish girl in a Connecticut school who is ridiculed by her classmates for wearing the same faded blue dress every day. Wanda claims she has one hundred dresses at home, but everyone knows she doesn't and bullies her mercilessly. The class feels terrible when Wanda is pulled out of the school, but by that time it's too late for apologies. Maddie, one of Wanda's classmates, ultimately decides that she is "never going to stand by and say nothing again." This powerful, timeless story has been reissued with a new letter from the author's daughter Helena Estes, and with the Caldecott artist Louis Slobodkin's original artwork in beautifully restored color.

*Rajmohan's Wife and Sultana's Dream* (1864/1908) features the debut novel of Indian writer Bankim Chandra Chatterjee and a story by Bengali writer, feminist, and educator Rokeya Sakhawat Hossain. *Rajmohan's Wife*, Chattopadhyay's only work in English, launched his career as a leading

Bengali intellectual and political figure. Written in English, *Sultana's Dream* originated as a way of passing time for its young author while her husband was away on work. Initially published in *The Indian Ladies Magazine*, *Sultana's Dream* helped establish Rokeya's reputation as a leading figure in Bengali arts and culture. *Rajmohan's Wife* is the story of Matangini, a beautiful woman married to a violent, jealous man. Unable to marry the man she loves—who happens to be her own sister's husband—she settles for the villainous Rajmohan, an abusive man who rules his middle-class Bengali household with an iron fist. With the help of her friend Kanak, Matangini does her best to avoid her husband's wrath, illuminating the importance of solidarity among women faced with oppression. Vindictive and cruel, Rajmohan secretly enacts a plan to rob Madhav, his brother-in-law, in order to obtain and invalidate a will. *Sultana's Dream* is set in Ladyland is a feminist utopia ruled by women, a perfect civilization with no need for men, who remain

secluded and without power. Free to develop their own society, women have invented flying cars, perfected farming to the point where no one must work, and harnessed the energy of the sun. With men under control, there is no longer fear, crime, or violence. Ultimately, Ladyland is a world made to mirror our own, a satirical exploration of the absolute power wielded by men over women, and a political critique of Bengali society at large. Sultana's Dream is more than a science fiction story; it is an act of resistance made by a woman who would shape the lives of her people through advocacy, education, and activism for generations to come. With a beautifully designed cover and professionally typeset manuscript, this edition of Bankim Chandra Chatterjee and Rokeya Sakhawat Hossain's Rajmohan's Wife and Sultana's Dream is a classic of Bengali literature and utopian science fiction reimagined for modern readers.

Its frivolous subject may have been the reason why Malavika and Agni mitra is sometimes considered to be the least significant of the three dramas of Kalidasa, the poet laureate of Indian antiquity who probably lived in the fifth century CE. Yet the play's lively and playful plot more than makes up for its lack of deities, heroic prowess and pathos. The machinations of King Agni mitra's jester to help him add a dancing girl to his harem in spite of the subtle intrigues of the two jealous queens carry the gallant hero through hope and despair to the happy ending.

Who Were the Shudras?  
1946 book by Dr. Bhimrao

Ambedkar on the history of the Shudra (lowest) Varna of the Indian caste system. The book is dedicated to Jyotirao Phule and seeks to dispel the idea that in India, Shudras are an untouchable caste. Ambedkar references Indian texts such as The Vedas and Mahabharata, among others, to suggest that the Shudras were really Aryan rulers who were demoted to a lower caste after a protracted struggle with the Brahmins. Ambedkar also analyses the Aryan race theory and disagrees with the widely accepted Indo-Aryan migration narrative in the history of the race. The book debunks beliefs and ideas and aims to foster compassion for a caste in India that is misunderstood and mistreated.
