What's the Secret of Prayer? Prayer. We all know it should be a bigger part of our life. But few

feel they have mastered prayer (if that is possible) and all of us feel we could benefit from clear, practical guidance about how to pray with more power, more passion--and just to pray more! To help everyone from beginner to seasoned intercessor, *Becoming a Prayer Warrior* provides a

complete guide to the essentials of powerful prayer. From the basics to inspiring stories of world-changing prayer, Elizabeth Alves guides you in a fresh look at the incredible mystery of prayer and the benefits that prayer can bring. Move beyond the idea of prayer as a ritual or duty and learn how to truly communicate with God and experience His power and joy as never before.

"Beginning with basic

Bible teaching about the Lord Jesus Christ, Duncan Heaster proceeds to deconstruct the popular Trinitarian view of Jesus. But the author doesn't leave us with nothing in its place. He explores at great depth the character of the Lord Jesus, using close study of the Biblical text to perform a kind of archaeology of ancient personality. And he relentlessly pursues to the end his cardinal point: that knowing the real Christ is the essence of true Christianity, both now and eternally."--p. 4

This work gives a detailed history and defense of the Advent Movement of the

1840's known as Millerism, the movement from which the Seventh-day Adventist denomination sprang. The book is based on original sources, William Miller's correspondence, contemporaneous books, pamphlets, journals, newspapers. The first half is devoted to the history of the movement, and the second half to an examination of charges made against the Advent believers, such as that they wore ascension robes, that the Millerite preaching filled the

asylums, and so forth.

TESTIMONIES FOR THE CHURCH

Addison-Wesley

On August 14, 2011, when I was in Kandergrund in the Bernese Highlands in Switzerland an important connection became very clear to me. I recognized a spiritual cause for why we are losing part of our youth. I was very shocked. I thought of my children and grandchildren. Since then I have been intensively occupied with this

subject. Now I believe that the same spiritual cause is behind many of our problems; specifically the personal problems, in the local churches and the world-wide church. It is the lack of the Holy Spirit. If this is the cause, then we should urgently address this issue. If the cause can be eliminated or considerably reduced, then many problems will become superfluous or will be resolved.

In Never Bet the Farm two

leading entrepreneurs, Anthony Iaquinto and Stephen Spinelli, turn much of the so-called expert advice for entrepreneurs on its head. They show that by preparing for setbacks and using a framework that can help reduce risks and simplify decision making, entrepreneurs can increase their probability for success. They refute the idea that there is an ideal entrepreneurial "type," and show that luck can be as important as a business plan in many

enterprises. Above all, the authors emphasize that entrepreneurship is a career, not a one-time event, and winners are those who can keep themselves in the game. *Never Bet the Farm* is an easy-to-understand and attractive tool for anyone who has a business idea, but who might be wary of the risks implied in starting their own business. Examining sites that are familiar to many modern tourists, Valerie Warrior avoids imposing a modern perspective on the topic by using the testimony of the ancient Romans to describe traditional Roman religion. The ancient testimony recreates the social and historical contexts in which Roman religion was practised. It shows, for

example, how, when confronted with a foreign cult, official traditional religion accepted the new cult with suitable modifications. Basic difficulties, however, arose with regard to the monotheism of the Jews and Christianity. Carefully integrated with the text are visual representations of divination, prayer, and sacrifice as depicted on monuments, coins, and inscriptions from public buildings and homes throughout the Roman world. Also included are epitaphs and humble

votive offerings that illustrate the piety of individuals, and that reveal the prevalence of magic and the occult in the spiritual lives of the ancient Romans.

Purpose Driven Youth Ministry Kumon Pub North America Limited Bible Basics is a detailed study of basic Biblical doctrines and teachings. It's a self study guide, with questions at the end of each of the 11 sections. It's designed to go through the basic message of the Bible from start to finish. Bible Basics

is a positive presentation of the Gospel, but there are digressions to discuss difficult Bible passages, and to demonstrate that many confusing doctrines such as the Trinity, immortal soul and infant sprinkling are not Biblical nor strictly Christian, but instead merely the creation of mainstream church theologians. The book presents Biblical Christianity. Duncan Heaster is a Christadelphian and the book is also a summary of the doctrines of the Christadelphian faith. The

Christadelphian church uses the book as a standard reference. forcing him and his family to live in tents, Chiranjeev dreamt of a future working in a plush office in a city. Hundreds of kilometres away in Chhattisgarh, Sudoku whizkid Vipul focused on the International Physics Olympiad and winning a top rank in the All-India Joint Entrance Examination. Success would mean a coveted seat in one of the Indian Institutes of Technology-- not to mention celebrity status amongst peers and in the family. With an acceptance ratio far lower

than Harvard or MIT, the IIT JEE (or JEE Advanced) is one of the most competitive exams in the world. So how do the toppers succeed? Are there smart ways to prepare for the exam? How does the students' quest transform the lives of their families? Through extensive interviews with JEE top rankers, pioneering teachers and the many students who had to fight extraordinary odds to get into an IIT, Soum Paul, entrepreneur and IIT Kanpur alumnus, puts together stories of

fierce competition, incredible hard work and sacrifice. A fascinating account of the battle of a million brains.
