## **A DICTIONARY OF COSTUME AND FASHION**

Bloomsbury Publishing

The Visual Dictionary of Fashion Design is a comprehensive guide to the numerous terms associated with, and used within, the field of fashion. Over 250 terms are explained and contextualised, with

concise definitions accompanied by illustrations and examples taken from traditional and contemporary fashion design. The dictionary covers traditional terms still in current usage, as well as modern terminology such as Tank top and Militaria. It also defines a wide variety of practical terminology, such as Appliqué, Block printing, Flax, Logo, Silhouette and Tailoring, as well as

conceptual expressions including Postmodernism, Juxtaposition and Zeitgeist.

#### Historical Dictionary of the Korean War Interlink Books

This seminal text demystifies the terminology of working in the fashion industry today, providing definitions of processes, techniques, features, and even some historical terms that you need to know. The dictionary now includes coverage of sustainability, smart materials, new technologies, and processes. This book has been reorganized in a purely alphabetical order for easy reference. Lavishly illustrated with over 800 illustrations capturing the styles and details of fashion, this reference work is a must have for students, designers, fashion merchandisers, librarians, and fashion enthusiasts. The fifth edition also includes online availability to vocabulary and image flashcards via STUDIO for easy on-the-go access.

The Dictionary of Lost Words The Dictionary of Fashion History - What is an Apollo knot? - Who wore a Welch wig? - When were Zouave jackets the height of fashion? This new edition of The Dictionary of Fashion History further updates the landmark work of C. Willett Cunnington, Phillis Cunnington and Charles Beard. Featuring over 60 new and revised entries on diverse topics such as the Onesie, Brothel Creepers and the Birkin Bag, this edition is even more comprehensive and brings this costume historian's bible fully up to date. With many more images to accompany the text and illustrate key fashions - including cartoons, prints and lavish color photographs of surviving garments - this version of the dictionary brings dazzling and unusual garments to life for researchers, students, costume designers and everyone interested in the subject. Clear, concise, and meticulous in detail, this essential reference work answers countless questions relating to the history of dress and adornment and will continue to be the definitive guide for many years to come.

The Fairchild Dictionary of Fashion 3rd Edition InterVarsity Press Fashion History: A Global View proposes a new perspective on fashion history. Arguing that fashion has occurred in cultures beyond the West throughout history, this groundbreaking book explores the geographic places and historical spaces that have been largely neglected by contemporary fashion studies, bringing them together for the first time. Reversing the dominant narrative that privileges Western Europe in the history of dress, Welters and Lillethun adopt a cross-cultural approach to explore a vast

array of cultures around the globe. They explore key issues affecting fashion systems, ranging from innovation, production and consumption to identity formation and the effects of colonization. Case studies include the cross-cultural trade of silk textiles in Central Asia, the indigenous dress of the Americas and of Hawai'i, the cosmetics of the Tang Dynasty in China, and stylistic innovation in sub-Saharan Africa. Examining the new lessons that can be deciphered from archaeological findings and theoretical advancements, the book shows that fashion history should be understood as a global phenomenon, originating well before and beyond the fourteenth century European court, which is continually, and erroneously, cited as fashion's birthplace. Providing a fresh framework for fashion history scholarship, Fashion History: A Global View will inspire inclusive dress narratives for students and scholars of fashion, anthropology, and cultural studies.

#### **THE VISUAL DICTIONARY OF FASHION DESIGN**

Courier Corporation

The dictionary contains more than 3200 entries on all aspects of costume. Articles of clothing from all over the world and from all periods of history are included. More than 2000 drawings accompany the text, illustrating every aspect of the subject. Details of accessories and underwear, hairstyles and cosmetics, clothing materials and embellishments such as embroideries and lace are included. Ruth Turner Wilcox is the author of Folk and Festival Costume of the World.

"Survey of Historic Costume presents a thorough overview and chronology of Western dress from the ancient world to the trends of today"--

**The Fairchild Books Dictionary of Fashion** Scarecrow Press Historical Dictionary of Rococo Art covers all aspects of Rococo art history through a chronology, an introductory essay, a review of the literature, an extensive bibliography, and over 350 cross-referenced dictionary entries on prominent Rococo painters, sculptors, decorative artists, architects, patrons, theorists, and critics, as well as major centers of artistic production. This book is an excellent access point for students, researchers, and anyone wanting to know more about Rococo art.

The Complete Costume Dictionary OUP Oxford

First English translation of critically-acclaimed book opens the door to the fascinating universe of fashion. This book is not just a history of fashion from the early days of the creation of dressmaking fashion to the development of ready-to-wear manufacturing and the global enterprise it is today. Its ambition is to be the story of the creation, the evolution, and the implosion of the fashion related professions. With readable, highly-informative, and entertaining text—coupled with stunning photography—this book offers valuable insights into a profession which, unlike any other social body, is determined as much by its origins as by its economic context. Didier Grumbach walks you down the runways of fashion history and unfolds the secrets of the industry with stories and accounts from those who have played an active part in its development from the 1920s to the present. And he knows what he is talking about: he was born, grew up and made his mark in the circle that he opens for us here. For decades, he has collected archives, met with witnesses, interacted with the most influential players, and opened doors which are normally kept firmly shut. In his international bestseller, he finally offers us a 20th century illustrated history of fashion like no other—a saga, a family business, with noble fathers, prodigal sons, enthusiasms, passions, hatreds, strokes of genius and, of course, failures. The heroes are Dior, Saint Laurent, Kenzo, Sonia Rykiel, Prada, Hermès, and others. Their adventures are presented in an innovative chronological—and logical—order. From haute couture to the boom in ready-to-wear, the clothing industry, creators and designers, we witness the evolution in techniques, the shifting trends in the market, how an art matures and a culture changes. We also discover how the French ventured out of Paris to meet New York, London, Tokyo and Beijing. This book is a must for fashion lovers, professionals, and students who will find a thousand references never before presented. It will also enlighten the curious reader who wishes to go behind the scenes of this most seductive of theatres.

NEW YORK TIMES BESTSELLER • REESE'S BOOK CLUB PICK •

"Delightful . . . [a] captivating and slyly subversive fictional paean to the real women whose work on the Oxford English Dictionary went largely unheralded."—The New York Times Book Review "A marvelous fiction about the power of language to elevate or repress."—Geraldine Brooks, New York Times bestselling author of *People of the Book* Esme is born into a world of words.

Motherless and irrepressibly curious, she spends her childhood in the Scriptorium, an Oxford garden shed in which her father and a team of dedicated lexicographers are collecting words for the very first Oxford English Dictionary. Young Esme's place is beneath the sorting table, unseen and unheard. One day a slip of paper containing the word *bondmaid* flutters beneath the table. She rescues the slip and, learning that the word means "slave girl," begins to collect other words that have been discarded or

neglected by the dictionary men. As she grows up, Esme realizes that words and meanings relating to women's and common folks' experiences often go unrecorded. And so she begins in earnest to search out words for her own dictionary: the *Dictionary of Lost Words*. To do so she must leave the sheltered world of the university and venture out to meet the people whose words will fill those pages. Set during the height of the women's suffrage movement and with the Great War looming, *The Dictionary of Lost Words* reveals a lost narrative, hidden between the lines of a history written by men. Inspired by actual events, author Pip Williams has delved into the archives of the Oxford English Dictionary to tell this highly original story. *The Dictionary of Lost Words* is a delightful, lyrical, and deeply thought-provoking celebration of words and the power of language to shape the world. WINNER OF THE AUSTRALIAN BOOK INDUSTRY AWARD  
*Survey of Historic Costume* Univ of North Carolina Press  
 The *Historical Dictionary of the Fashion Industry* examines the origins and history of this billion-dollar industry. This is done through a list of acronyms and abbreviations, a chronology, an introductory essay, a bibliography, and hundreds of cross-referenced entries on designers, models, couture houses, significant articles of apparel and fabrics, trade unions, and the international trade organizations.

*Fashionpedia* Bloomsbury Academic

Many of the earliest books, particularly those dating back to the 1900s and before, are now extremely scarce and increasingly expensive. We are republishing many of these classic works in affordable, high quality, modern editions, using the original text and artwork.

*Fashion* Fashionary

Defines more than 10,000 words related to clothing and fashion, providing over 950 illustrations and covering not only pieces of attire but also stitches, weaves, fabrics, and accessories.
