THE ADDICTION FORMULA

Springer Nature

"The Humanities through the Arts, tenth edition, explores the humanities with an emphasis on the arts. Examining the relationship of the humanities to values, objects, and events important to people is central to this book. We make a distinction between artists and other humanists: Artists reveal values, while other humanists examine or reflect on values. We study how values are revealed in the arts while keeping in mind a basic question:

"What is art?" Judging by the existence of ancient artifacts, we see that artistic expression is one of the most fundamental human activities. It binds us together as a people by revealing the most important values of our culture"--

52 Tips for Improving Your Skills Baker Academic

This book helps "students to master the standard organizational patterns of the paragraph and the basic concepts of essay writing. The text's time-proven approach integrates the study of rhetorical patterns and the writing process with extensive practice in sentence structure and mechanics." - product description.

From New York Times Bestselling Author, Penelope Douglas, comes the latest standalone love-hate romance... "We were perfect together. Until we met." Misha I can't help but smile at the lyrics in her letter. She misses me. In fifth grade, my teacher set us up with pen pals from a different school. Thinking I was a girl, with a name like Misha, the other teacher paired me up with her student, Ryen. My teacher, believing Ryen was a boy like me, agreed. It didn't take long for us to figure out the mistake. And in no time at all, we were arguing about everything. The best take-out pizza. Android vs. iPhone. Whether or not Eminem is the greatest rapper ever... And that was the start. For the next seven years, it was us. Her letters are always on black paper with silver writing. Sometimes there's one a week or three in a day, but I need them. She's the only one who keeps me on track, talks me down, and accepts everything I am. We only had three rules. No social media, no phone numbers, no pictures. We had a good thing going. Why ruin

it? Until I run across a photo of a girl online. Name's Ryen, loves Gallo's pizza, and worships her iPhone. What are the chances? F*ck it. I need to meet her. I just don't expect to hate what I find. Ryen He hasn't written in three months. Something's wrong. Did he die? Get arrested? Knowing Misha, neither would be a stretch. Without him around, I'm going crazy. I need to know someone is listening. It's my own fault. I should've gotten his phone number or picture or something. He could be gone forever. Or right under my nose, and I wouldn't even know it. *Punk 57 is a stand alone New Adult romance. It is suitable for ages 18+.

Damion "Damizza" Young changed the face of music before his 21st birthday. Before he turned 30, he was the producer behind nearly 30 million worldwide records sold. He is one of the most successful, powerful & controversial music producers & radio programmers of our time - associated with names such as Jay-Z, Dr. Dre, Mariah Carey, Will Smith, Ja Rule, Gwen Stefani, No Doubt, Aaliyah, Snoop Dogg, 2Pac, Eminem, Notorious BIG, Sean 'Puffy' Combs, Jenifer Lopez, Korn, Ice Cube, Hootie & the Blowfish, Bone Thugs N' Harmony, Michael Jackson, Janet Jackson & literally dozens of the worlds other top talents - some of whom he made stars, and others whose stardom he saved. But there is a lot more to Damizza than music. Hear first hand accounts of how some of your favorite artists & songs were made - by someone that was in the room when music history was made.

SHADY BIZZNESS

St. Martin's Essentials

In this memoir full of humor and heart, comedian, writer, and producer Cristela Alonzo shares personal stories of growing up as a first-generation Mexican-American in Texas and following her dreams to pursue a career in comedy. When Cristela Alonzo and her family lived as squatters in an abandoned diner, they only had two luxuries: a television and a radio, which became her pop cultural touchstone and a guiding light. Cristela shares her experiences and struggles of being a first-generation American, her dreams of becoming a comedian, and how it feels to be a creator in a world that often minimizes people of color and women. Her stories range from the ridiculous—like the time she made her own tap shoes out of bottle caps or how the theme song of The Golden Girls landed her in the principal’s office—to the sobering moments, like how she turned to stand-up comedy to grieve the heartbreaking loss of her mother and how, years later, she’s committed to giving back to the community that helped make her. Each significant moment of the book relates to a song, and the resulting playlist is deeply moving, resonant, and unforgettable. Music to My Years will make you laugh, cry, and even inspire you to make a playlist of your own.

THE FUTURE OF THE MUSIC BUSINESS

ABC-CLIO

From Saturday Night Fever to Jersey Shore, Italian American youth in New York City have appropriated—and been appropriated by—popular American culture. Here, Donald Tricarico investigates how Italian ethnicity has been used to fashion Guido as a distinct youth style that signals inclusion in

popular American culture and, simultaneously, the making of a new ethnic subject. Emerging from a wave of Italian immigration after World War II in outer borough neighborhoods such as Bensonhurst, the story of the Guido is an Italian American story, symbolizing the negotiation of a negatively privileged ethnicity within American society. Tricarico takes up questions about the definition of Guido, the role of disco, and the identity politics of Jersey Shore in order to reconsider the significance of Guido for the study of Italian American ethnicity.

CULTURAL STUDIES

Penguin

"This is where the covert war begins on a very subconscious level, in the spirit of a people who have been robbed and spoiled. Robbed of the classical spiritual teachings of our ancestors and spoiled by trading our god for the enemies' wealth. More discussions about the soul are in my book 'The meta-physical God-estry of the soul of hip hop'"--P. 2.

Mixing Secrets for the Small Studio Penguin

Bitch Boxer was the winner of the Holden Street Theatres Awards 2013 at the Edinburgh Fringe Festival. Meet Chloe, 21 from Leytonstone. She likes the simple things in life: cherry sambuca, hairbrush-in-the-mirror karaoke with Rihanna and winding her Dad up. Oh, and she's a boxer. London, 2012. Women will step into the Olympic boxing ring for the very first time. And it's in Stratford. Down the road. As Chloe trains for the fight of her life, she is left winded by two life-changing events. In a man's world, can she prove she's still worth the title?

Humanities Through the Arts Oxford University Press

This open access monograph argues established democratic norms for freedom of expression should be implemented on the internet. Moderating policies of tech companies as Facebook, Twitter and Google have resulted in posts being removed on an industrial scale. While this moderation is often encouraged by governments - on the pretext that terrorism, bullying, pornography, "hate speech" and "fake news" will slowly disappear from the internet - it enables tech companies to censor our society. It is the social media companies who define what is blacklisted in their community standards. And given the dominance of social media in our information society, we run the risk of outsourcing the definition of our principles for discussion in the public domain to private companies. Instead of leaving it to social media companies only to take action, the authors argue democratic institutions should take an active role in moderating criminal content on the internet. To make this possible, tech companies should be analyzed whether they are approaching a monopoly. Antitrust legislation should be applied to bring those monopolies within democratic governmental oversight. Despite being in different stages in their lives, Anne Mette is in the startup phase of her research career, while Frederik is one of the most prolific philosophers in Denmark, the authors found each other in their concern about Free Speech on the internet. The book was originally published in Danish as Dit opslag er blevet fjernet - techgiganter & ytringsfrihed. Praise for 'Your Post has been Removed' "From my perspective both as a politician and as private book collector, this is the most important non-fiction book of the 21st Century. It should be disseminated to all European citizens. The learnings of this book and the use we make of them today are crucial for every man, woman and child on earth. Now and in the future." Jens Rohde, member of the European Parliament for the Alliance of Liberals and Democrats for Europe "This timely book compellingly presents an impressive array of information and analysis about the urgent threats the tech giants pose to the robust freedom of speech and access to information that are essential for individual liberty and democratic self-government. It constructively explores potential strategies for restoring individual control over information flows to and about us. Policymakers worldwide should take heed!" Nadine Strossen, Professor, New York Law School. Author, HATE: Why We Should Resist It with Free Speech, Not Censorship.

The Only Difference Between Success and Failure Phoenix Books, Inc.

What is the secret of talent? How do we unlock it? This groundbreaking work provides readers with tools they can use to maximize potential in themselves and others. Whether you're coaching soccer or teaching a child to play the piano, writing a novel or trying to improve your golf swing, this revolutionary book shows you how to grow talent by tapping into a newly discovered brain mechanism. Drawing on cutting-edge neurology and firsthand research gathered on journeys to nine of the world's talent hotbeds—from the baseball fields of the Caribbean to a classical-music academy in upstate New York—Coyle identifies the three key elements that will allow you to develop your gifts and optimize your performance in sports, art, music, math, or just about anything. • Deep Practice Everyone knows that practice is a key to success. What everyone doesn't know is that specific kinds of practice can increase skill up to ten times faster than conventional practice. • Ignition We all need a little motivation to get started. But what separates truly high achievers from the rest of the pack? A higher level of commitment—call it passion—born out of our deepest unconscious desires and triggered by certain primal cues. Understanding how these signals work can help you ignite passion and catalyze skill development. • Master Coaching What are the secrets of the world's most effective teachers, trainers, and coaches? Discover the four virtues that enable these "talent whisperers" to fuel passion, inspire deep practice, and bring out the best in their students. These three elements work together within your brain to form myelin, a microscopic neural substance that adds vast amounts of speed and accuracy to your movements and thoughts. Scientists have discovered that myelin might just be the holy grail: the foundation of all forms of greatness, from Michelangelo's to Michael Jordan's. The good news about myelin is that it isn't fixed at birth; to the contrary, it grows, and like anything that grows, it can be cultivated and nourished. Combining revelatory analysis with illuminating examples of regular people who have achieved greatness, this book will not only change the way you think about talent, but equip you to reach your own highest potential.

The Jazz Standards New World Library

(Music Pro Guide Books & DVDs). New technologies are revolutionizing the music business. While these changes may be smashing traditional business models and creating havoc among the major record companies, they are also providing new opportunities for unsigned artists, independent labels, and music business entrepreneurs. The Future of the Music Business provides a legal and business road map for success in today's music business by setting forth a comprehensive summary of the rules pertaining to the traditional music business, including music licensing, as well as the laws governing online distribution of music and video. The book also provides practical tips for: Selling music online; Using blogs and social networks; Developing an online record company; Creating an Internet radio station; Opening an online music store; Raising money for recording projects online;

Creating a hit song in the Digital Age; Taking advantage of wireless technologies, and much more. This revised third edition is the most up-to-date and thorough examination of current trends, and offers special sections on: What to do if someone steals your song; Protecting the name of your band or label ; How to find and get a music lawyer to shop your music; How to land a deal with an indie, or a major label. The video includes a comprehensive lecture, "How to Succeed in Today's Music Business," delivered by the author at the Tisch School of the Arts at NYU.

Building Marketing Strategy Harper Collins

This New York Times bestselling hit from Meg Cabot mixes the wit of the Princess Diaries with a supernatural twist on the Arthurian legend. Ellie's thrilled to meet Will, the star football player whose popularity at her new school is almost legendary. Yet as she gets to know Will better, Ellie starts to uncover some strange things about him. And the school. And even herself. Ellie doesn't think much of déjà vu, but she just can't shake the haunting feeling that, somehow, this has all happened before... A long-ago legend comes to new life in this tale of a love triangle, a medieval sword, and a totally awesome pool raft in this stand-alone novel from the New York Times bestselling author of The Princess Diaries.

Tech Giants and Freedom of Speech Psychology Press

Chart topping-and headline-making-rap artist Eminem shares his private reflections, drawings, handwritten lyrics, and photographs in his New York Times bestseller *The Way I Am* Fiercely intelligent, relentlessly provocative, and prodigiously gifted, Eminem is known as much for his enigmatic persona as for being the fastest-selling rap artist and the first rapper to ever win an Oscar. Everyone wants to know what Eminem is really like-after the curtains go down. In *The Way I Am*, Eminem writes candidly, about how he sees the world. About family and friends; about hip-hop and rap battles and his searing rhymes; about the conflicts and challenges that have made him who he is today. Illustrated with more than 200 full-color and black-and-white photographs-including family snapshots and personal Polaroids, it is a visual self-portrait that spans the rapper's entire life and career, from his early childhood in Missouri to the basement home studio he records in today, from Detroit's famous Hip Hop Shop to sold-out arenas around the globe. Readers who have wondered at Em's intricate, eye-opening rhyme patterns can also see, first-hand, the way his mind works in dozens of reproductions of his original lyric sheets, written in pen, on hotel stationary, on whatever scrap of paper was at hand. These lyric sheets, published for the first time here, show uncut genius at work. Taking readers deep inside his creative process, Eminem reckons with the way that chaos and controversy have fueled his music and helped to give birth to some of his most famous songs (including "Stan," "Without Me," and "Lose Yourself"). Providing a personal tour of Eminem's creative process, *The Way I Am* has been hailed as "fascinating," "compelling," and "candid."

Createspace Independent Publishing Platform

Lawrence Lessig, "the most important thinker on intellectual property in the Internet era", masterfully argues that never before in human history has the power to control creative progress been so concentrated in the hands of the powerful few, the so-called Big Media. Never before have the cultural powers- that-be been able to exert such control over what we can and can't do with the culture around us. Our society defends free markets and free speech; why then does it permit such top-down control? To lose our long tradition of free culture, Lawrence Lessig shows us, is to lose our freedom to create, our freedom to build, and, ultimately, our freedom to imagine.

THE EVOLUTION OF EMINEM

Createspace Independent Publishing Platform

Argues for an end to the practice of criminalizing artists and Internet users who build on the creative works of others and for implementing a collaborative and profitable "hybrid economy" that encourages innovation and protects both creative and ethicalneeds.

The Talent Code Basic Books (AZ)

Do you ever think you're the only one making any sense? Or tried to reason with your partner with disastrous results? Do long, rambling answers drive you crazy? Or does your colleague's abrasive manner rub you the wrong way? You are not alone. After a disastrous meeting with a highly successful entrepreneur, who was genuinely convinced he was 'surrounded by idiots', communication expert and bestselling author, Thomas Erikson dedicated himself to understanding how people function and why we often struggle to connect with certain types of people. Surrounded by Idiots is an international phenomenon, selling over 1.5 million copies worldwide. It offers a simple, yet ground-breaking method for assessing the personalities of people we communicate with - in and out of the office - based on four personality types (Red, Blue, Green and Yellow), and provides insights into how we can adjust the way we speak and share information. Erikson will help you understand yourself better, hone communication and social skills, handle conflict with confidence, improve dynamics with your boss and team, and get the best out of the people you deal with and manage. He also shares simple tricks on body language, improving written communication, advice on when to back away or when to push on, and when to speak up or shut up. Packed with 'aha!' and 'oh no!' moments, Surrounded by Idiots will help you understand and communicate with those around you, even people you currently think are beyond all comprehension. And with a bit of luck you can also be confident that the idiot out there isn't you!

Reinvent Yourself Black Irish Books

Achieve "Massive Action" results and accomplish your business dreams! While most people operate with only three degrees of action-no action, retreat, or normal action-if you're after big goals, you don't want to settle for the ordinary. To reach the next level, you must understand the coveted 4th degree of action. This 4th degree, also know as the 10 X Rule, is that level of action that guarantees companies and individuals realize their goals and dreams. The 10 X Rule unveils the principle of "Massive Action," allowing you to blast through business clichés and risk-aversion while taking concrete steps to reach your dreams. It also demonstrates why people get stuck in the first three actions and how to move into making the 10X Rule a discipline. Find out exactly where to start, what to do, and how to follow up each action you take with more action to achieve Massive Action results. Learn the "Estimation of Effort" calculation to ensure you exceed your targets Make the Fourth Degree a way of life and defy mediocrity Discover the time management myth Get the exact reasons why people fail and others succeed Know the exact formula to solve problems Extreme success is by definition outside the realm of normal action. Instead of behaving like everybody else and settling for average results, take Massive Action with The 10 X Rule, remove luck and chance from your business equation, and lock in massive success.

A Mixtape Memoir of Growing Up and Standing Up Longman Publishing Group

Do you feel awkward at networking events? Do you wonder what your date really thinks of you? Do you wish you could decode people? You need to learn the science of people. As a human behavior hacker, Vanessa Van Edwards created a research lab to study the hidden forces that drive us. And she's cracked the code. In *Captivate*, she shares shortcuts, systems, and secrets for taking charge of your interactions at work, at home, and in any social situation. These aren't the people skills you learned in school. This is the first comprehensive, science backed, real life manual on how to captivate anyone—and a completely new approach to building connections. Just like knowing the formulas to use in a chemistry lab, or the right programming language to build an app, *Captivate* provides simple ways to solve people problems. You'll learn, for example... · How to work a room: Every party, networking event, and social situation has a predictable map. Discover the sweet spot for making the most connections. · How to read

faces: It's easier than you think to speed-read facial expressions and use them to predict people's emotions. · How to talk to anyone: Every conversation can be memorable—once you learn how certain words generate the pleasure hormone dopamine in listeners. When you understand the laws of human behavior, your influence, impact, and income will increase significantly. What's more, you will improve your interpersonal intelligence, make a killer first impression, and build rapport quickly and authentically in any situation—negotiations, interviews, parties, and pitches. You'll never interact the same way again.
