Stephen Stimson Associates Landscape Architects is a design firm deeply rooted in planning, design, and construction of landscape in all its forms: garden, street, park, campus, community, and region. The Massachusetts firm is renowned for exceeding design goals with regard to space and use of materials, and Stimson's work often challenges design assumptions by using common

materials in uncommon ways.

This manual has been produced as part of the IAEA's Action Plan for the Safety of Radiation Sources and Security of Radioactive Material. It is intended to: assist in the recognition and identification of objects thought to be radioactive devices, sources and transport packages; provide instruction on what to do and how to obtain further help; enhance awareness of the existence of radioactive devices, sources and transport packages; and provide information on the International Catalogue of Sealed Radioactive Sources and Devices through regulatory authorities in IAEA Member States. It will also help in identifying sources involved in events that are reported for inclusion in the IAEA's Illicit Trafficking Database.--Publisher's description.

Arrigoni Art Studio features 31 paintings by David Michael Arrigoni, covering a period from 1956 to 2013. David works in oil and acrylic paints, creating clever paintings that inspire the imagination. David refers to each painting as, "A studied project to stimulate the imagination- realism with a slight twist. The subject in each painting is obvious, but I use 'artistic freedom' to deviate from the visual facts." David uses 21st Century tools and equipment to create his archival digital reproductions on canvas.
