MANAGEMENT ACCOUNTING FOR DECISION MAKERS 8TH EDN PDF eBook

Management Accounting for Decision Makers

Adopting an innovative, open-learning approach to introduce the main principles of financial management in an accessible, non-technical way, this fully updated fifth edition provides a unique focus on the practical application of financial management and its role in decision making. New to this edition: Expanded coverage of key topics such as financing the business Increased coverage of corporate governance issues Even more real-world examples to help illustrate the practical application and importance of the topics discussed Financial statements throughout based on the latest International Accounting Standards Full-colour design, packed with pedagogical features, providing an original learning experience Key features: Written in a unique, 'open learning' style Clear explanations and minimal technical jargon to aid understanding -no previous knowledge of financial management is assumed Based on a solid foundation of theory, but focusing throughout on its value for decision making Covering all the main areas of financial management in sufficient detail to provide a good grasp of the subject Numerous examples, activities and exercises throughout, allowing the reader to test his/her knowledge at frequent intervals Fully supported by a comprehensive range of student and lecturer learning resources, Financial Management for Decision Makers is ideal for undergraduates from a non-finance/accounting discipline taking an introductory module in financial management, and postgraduate/postexperience students on courses such as the ACCA Diploma in Financial Management, Diploma in Management Studies and MBA programmes. The text is also suitable for finance and accounting students as a foundation for further study. Peter Atrill is a freelance academic and author working with leading institutions in the UK, Europe and SE Asia. He has previously held posts as Head of Business and Management and Head of Accounting and Law at University of Plymouth Business School.

FINANCIAL ACCOUNTING FOR DECISION MAKERS, 10TH EDITION

Financial Times/Prentice Hall

Management Accounting for Decision Makers Pearson

An Active Learning Approach Management Accounting Pearson

For courses in Introduction to Management Accounting. Get refreshed with

Hornngren/Sundem/Stratton's Introduction to Management Accounting, Twelfth Edition. This best-selling text offers a relevant, real-world decision-making approach to management accounting.

Students develop a solid understanding of costs and cost behavior and the use of cost information for planning and control decisions, not just inventory valuation. An exceptionally strong pedagogy and supplements package and flexible structure provide instructors with great latitude in choosing various combinations of breadth and depth, theory and procedures, simplicity and complexity. The Twelfth Edition now includes student-oriented real-world company examples such as Nantucket Nectars and McDonalds; new "Cognitive Exercises" and "Business First" boxes, new on-line courses and tutorial software package resources, and a new CD-ROM series, "Mastering Accounting."

Financial Accounting for Decision Makers Pearson Education

'Financial Accounting for Decision Makers' presents the key concepts of accounting without going into too much unnecessary technical detail. The book is aimed as 'users' of accounting information,

not 'preparers' of accounts.

Organizational Behaviour Financial Times/Prentice Hall

With a comprehensive and accessible introduction to the subject, Financial Accounting for Decision Makers focuses on the ways in which financial statements and information can be used to improve the quality of decision making. The practical emphasis throughout the book ensures the material is always relevant, whilst the authors' style of introducing topics gradually and explaining technical terminology in a clear, friendly style caters for all students, whether on specialist accounting or non-specialist business degrees.

Management Accounting for Decision Makers Pearson Higher Education AU

This text is an introductory course in management accounting for those seeking an understanding of basic principles and underlying concepts without detailed technical knowledge. It has a strong practical emphasis, with plenty of examples taken from the real world as well as numerical examples with step-by-step explanations.

Accounting and Finance for Non-Specialists Pearson Education

Designed to help you study, Management Accounting for Decision Makers is praised for its clear, accessible and uncluttered style. It provides a comprehensive introduction to the main principles of management accounting, with a strong practical emphasis and avoiding excessive technical detail. It has a clear and unequivocal focus on how accounting information can be used to improve the quality of decision making by managers, providing the perfect grounding for the decision makers of the future.

Financial Management for Decision Makers Financial Times/Prentice Hall

Now in its fifth edition, this successful text introduces the basic principles and underlying concepts of accounting and finance. It adopts a practical, non-technical approach, making it the ideal text for students from non-accounting disciplines. The text is written from a 'user' perspective, demonstrating ways in which accounting statements and financial information can be used to improve the quality of decision making.

ACCOUNTING

Financial Times/Prentice Hall

"This book provides an introduction to accounting and finance. It is aimed at Students who are not majoring in accounting or finance but who are, nevertheless, studying introductory level accounting and finance as part of their course. The course may be in business, economics, hospitality management, tourism, engineering or some other area. For these students, the book provides an overview of the role and usefulness of accounting and finance within a business or some other organisation. Students, who are majoring in either accounting or finance. These students should find the book a helpful introduction to the main principles, which can serve as a foundation for further study"--

ACCOUNTING & FINANCE + MYACCOUNTINGLAB ACCESS CARD

Presidio Press

A comprehensive introduction to management accounting, enabling students to develop an understanding of the importance of accounting as a management tool, for example in: Using and interpreting accounting to allow rational decisions to be made. Making and implementing plans based on accounting decisions. Exercising financial control over organizations. Contents include: costs and decision making; investment appraisal; cost-volume-profit analysis, full costing; budgets and budgetary control; standard costs and variance analysis; evaluation of divisional performance.

Management Accounting for Non-specialists Pearson

This first New Zealand edition of Accounting: An Introduction provides a solid introduction to financial and management accounting and finance for those needing to acquire an understanding of key concepts and their practical application in decision-making. The emphasis is on the application and interpretation of information for decision-making, and on the underlying concepts, rather than on the collection of data and the preparation of statements and reports. Aimed primarily at students who are studying accounting and finance as part of a university degree or MBA course, this text is designed specifically for the New Zealand market. The text incorporates New Zealand legislation and New Zealand equivalents to international accounting standards, and contains numerous real-world, New Zealand-specific examples. The Warehouse Group Limited's 2009 Annual Report is referred to frequently throughout the text.

Management Accounting for Decision Makers Pearson
