LOVE PRECIOUS

HARRY AND ME

Virgin Books

Based on the massively popular Web site thisdayinmusic.com, this extraordinary day-by-day diary recounts the musical firsts and lasts, blockbuster albums and chart-topping tunes, and other significant happenings on each of the 365 days of the year.

The Trembling of a Leaf London, Heinemann

Stuart Sutcliffe is the most famous contender for the crown of 'fifth Beatle'. One of the founding members, a close friend of Lennon, he left the band after their Hamburg sojourn in order to pursue his promising career as an artist, dying shortly thereafter of a brain haemorrhage. For years his sister Pauline has tried to protect his memory against the Beatles' need to sanitise their

early history and now she is ready to tell the real story. In so doing she sheds new light on their formative period - the rivalry with McCartney, how George Harrison tried to keep the peace, the truth about Stuart's intense relationship with Lennon and why Lennon was haunted by guilt over her brother's death. And she describes what it was like for those like herself and Cynthia Lennon who have had no choice but to live with the Beatles all their lives. 'Gripping . . . the story of Stuart Sutcliffe. . . holds the key to the birth of pop's greatest group' Daily Mail 'An odd, fascinating book' MOJO

BRIAN EPSTEIN

Penguin

We live in a world of crowds and corporations, artworks and artifacts, legislatures and languages, money and markets. These are all social objects - they are made, at least in part, by people and by communities. But what exactly are these things? How are

they made, and what is the role of people in making them? In *The Ant Trap*, Brian Epstein rewrites our understanding of the nature of the social world and the foundations of the social sciences. Epstein explains and challenges the three prevailing traditions about how the social world is made. One tradition takes the social world to be built out of people, much as traffic is built out of cars. A second tradition also takes people to be the building blocks of the social world, but focuses on thoughts and attitudes we have toward one another. And a third tradition takes the social world to be a collective projection onto the physical world. Epstein shows that these share critical flaws. Most fundamentally, all three traditions overestimate the role of people in building the social world: they are overly anthropocentric. Epstein starts from scratch, bringing the resources of contemporary metaphysics to bear. In the place of traditional theories, he introduces a model based on a new distinction between the grounds and the anchors of social facts. Epstein illustrates the model with a study of the nature of law, and shows how to interpret the prevailing traditions about the social world. Then he turns to social groups, and to what it means for a group to take an action or have an intention. Contrary to the overwhelming consensus, these often depend on more than the actions and intentions of group members.

And in the End Springer Nature

Why has music so often served as an accomplice to transcendent expressions of gender? Why did the query "is he musical?" become code, in the twentieth century, for "is he gay?" Why is music so inherently queer? For Sasha Geffen, the answers lie, in part, in music's intrinsic quality of subliminal expression, which,

through paradox and contradiction, allows rigid gender roles to fall away in a sensual and ambiguous exchange between performer and listener. *Glitter Up the Dark* traces the history of this gender fluidity in pop music from the early twentieth century to the present day. Starting with early blues and the Beatles and continuing with performers such as David Bowie, Prince, Missy Elliot, and Frank Ocean, Geffen explores how artists have used music, fashion, language, and technology to break out of the confines mandated by gender essentialism and establish the voice as the primary expression of gender transgression. From glam rock and punk to disco, techno, and hip-hop, music helped set the stage for today's conversations about trans rights and recognition of nonbinary and third-gender identities. *Glitter Up the Dark* takes a long look back at the path that led here.

A Cellarful of Noise

Maximum Volume offers a glimpse into the mind, the music, and the man behind the sound of the Beatles. George Martin's working-class childhood and musical influences profoundly shaped his early career as head of the EMI Group's Parlophone Records. Out of them flowed the genius behind his seven years producing the Beatles' incredible body of work, including such albums as *Rubber Soul*, *Revolver*, *Sgt. Pepper's Lonely Hearts Club Band*, and *Abbey Road*. The first book of two, *Maximum Volume* traces Martin's early years as a scratch pianist, his life in the Fleet Air Arm during the Second World War, and his groundbreaking work as the head of Parlophone Records, when Martin saved the company from ruin after making his name as a

producer of comedy recordings. In its most dramatic moments, *Maximum Volume* narrates the story of Martin's unlikely discovery of the Beatles and his painstaking efforts to prepare their newfangled sound for the British music marketplace. As the story unfolds, Martin and the band craft numerous number-one hits, progressing towards the landmark album *Rubber Soul*—all of which bear Martin's unmistakable musical signature.

A cellarful of noise Oxford University Press

Freedom Girls: Voicing Femininity in 1960s British Pop shows how the vocal performances of girl singers in 1960s Britain defined—and sometimes defied—ideas about what it meant to be a young woman in the 1960s British pop music scene. The singing and expressive voices of Sandie Shaw, Cilla Black, Millie Small, Dusty Springfield, Lulu, Marianne Faithfull, and P.P. Arnold, reveal how vocal sound shapes access to social mobility, and consequently, access to power and musical authority. The book examines how Sandie Shaw and Cilla Black's ordinary girl personas were tied to whiteness and, in Black's case, her Liverpool origins. It shows how Dusty Springfield and Jamaican singer Millie Small engaged with the transatlantic sounds of soul and ska, respectively, transforming ideas about musical genre, race, and gender. It reveals how attitudes about sexuality and youth in rock culture shaped the vocal performances of Lulu and Marianne Faithfull, and how P.P. Arnold has re-narrated rock history to center Black women's vocalicity. *Freedom Girls* draws on a broad array of archival sources, including music magazines, fashion and entertainment magazines produced for young women, biographies and interviews, audience research reports, and others to inform analysis of musical recordings (including such

songs as "As Tears Go By," "Son of a Preacher Man," and others) and performances on television programs such as *Ready Steady Go!*, *Shindig*, and other 1960s music shows. These performances reveal the historical and contemporary connections between voice, social mobility, and musical authority, and demonstrate how singers used voice to navigate the boundaries of race, class, and gender.

THE DEATH AND LIFE OF MAL EVANS

Spectra

Ian Hunter's *Diary of a Rock 'n' Roll Star* has received a litany of plaudits and been described as "an enduring crystallization of the rock musician's lot, and a quietly glorious period piece" by *The Guardian*. A brutally honest chronicle of touring life in the 1970s, and a classic of the rock writing genre, *Diary of a Rock 'n' Roll Star* remains the gold standard for rock writing. This edition includes new content from Hunter and a foreword from Johnny Depp.

Jimmy Page by Jimmy Page Blue Laurel Press

This expanded edition includes a sketchbook and Beatles memorabilia bonus section with behind-the-scenes insights from writer Vivek Tiwary and artists Kyle Baker and Andrew Robinson—expanded to include eight pages unique to this edition! The *Fifth Beatle* recounts the untold true story of Brian Epstein—the visionary manager who created Beatlemania and guided the Beatles from basement gigs to unprecedented international stardom. It's also an uplifting, inspirational human story about the struggle to overcome seemingly insurmountable odds. This critically acclaimed and multiple award winning graphic novel has

been added to the Rock and Roll Hall of Fame Library and Archives! This new edition includes a revised sketchbook and Beatles memorabilia bonus section with behind-the-scenes insights from writer Vivek Tiwary and artist Andrew Robinson—expanded to include eight pages unique to this edition! “If anyone was ‘The Fifth Beatle’ it was Brian.” –Paul McCartney #1 New York Times bestseller Eisner and Harvey Award winner Lambda Literary Award finalist (Best LGBT Graphic Novel) American Library Association Great Book for Teens “Heartbreaking, exhilarating and unexpected . . . Brilliant in every aspect.” –IGN’s Best Graphic Novel, 2013

Chicago Review Press

START YOUR OWN RELIGION embodies the Timothy Leary's core attraction—expansive religious (personal) freedom. Become the highest version of yourself! The purpose of life is religious discovery. return to the temple of God—your ow body. Get of out your mind and get high. Religious living is conscious here-and-now aliveness. He urges readers to drop out, turn on tune in. Drop out and detach from external social drams. Turn on with a sacrament that returns you on to your body. Tune in and be reborn. Leary's message thrilled the youth of the 1960s and it is still appealing today.

The Story of Donnie Iris and the Cruisers Polaris

The definitive book on London music by the widely-acclaimed music writer. London is the city of immigrant music, West End

musicals, Ronnie Scott's jazz club, Abbey Road, mod culture, the Kinks, the Who and the Rolling Stones, all of whom transformed the city and were in turn transformed by it. In this fascinating history of the city's popular music, Paul Du Noyer, critically-acclaimed music writer and founding editor of MOJO, explores London's native talent, from Noël Coward and David Bowie to the Sex Pistols and Amy Winehouse, as well as international artists who were also influenced by the city. From Elizabethan traders and public execution songs, to The Beggar's Opera and East End music halls, right up to modern day troubadours such as Dizzee Rascal and Lily Allen, this captivating book will appeal to residents, visitors and exiles alike, as well as lovers of popular culture, social history and music. Above all, it is a celebration of the city -- packed with stories of the people and places that have made London the most exciting and innovative musical city on earth. From the Trade Paperback edition.

Glitter Up the Dark Faber & Faber

In a wondrous world of riddles and hidden treasure, bumbling Jack Hare is on a race against time to deliver a message of love from the Moon to the Sun. Far, far away in a world just like ours, a mother cheers her son Joe with the tale of Jack Hare's adventure. But when Jack's mission goes topsy-turvy, Joe and his mum must come to the rescue, and the line between the two worlds becomes blurred forever. Bringing to life Kit Williams' iconic picture book, *Masquerade* stars a talking fish, a tone-deaf barbershop quartet, a gassy pig, a precious jewel and a few mere mortals. It's a magical adventure that is, at its heart, about the love between a parent and a child.

Ah Pook is Here, and Other Texts London, Davies

Tells the story of Brian Epstein, the discoverer and manager of the Beatles, in graphic novel format, highlighting his struggle against a society that reviled his homosexuality, Judaism, and Liverpool upbringing.

Maximum Volume Calder Publications Limited

Without the determination, magnetism, vision, good manners, respectable clothes and financial security of Brian Epstein, no one would ever have heard of John, Paul, George, and Ringo. In Liverpool, in December 1961, Brian Epstein met the Beatles in his small office and signed a management deal. The rest may be history, but it's a history that Epstein created, along with a blueprint for all pop groups since. Out of the public eye, Epstein was flamboyant and charismatic. He drank, gambled compulsively and took drugs to excess. But people remember his wit, charm and capacity to inspire affection and loyalty. That's when he wasn't depressed, even suicidal. Epstein was Jewish in a society filled with anti-Semitism. He was homosexual at a time when it was a crime to be gay, and from his teenage days to the end of his life he suffered arrests, beatings and blackmail--all of which had to be kept secret. In *In My Life: The Brian Epstein Story*, Debbie Geller tells the story of Epstein's complicated life through the reminiscences of his friends and family. Based on dozens of interviews--with Paul McCartney, George Martin and Marianne Faithfull, among others--plus many of Epstein's personal diaries, this book uncovers the truth behind the enigmatic young man who unintentionally caused a cultural revolution--and in the process destroyed himself.

Up Jumped the Devil Chicago Review Press

Robert Johnson is the subject of the most famous myth about the

blues: he allegedly sold his soul at the crossroads in exchange for his incredible talent, and this deal led to his death at age 27. But the actual story of his life remains unknown save for a few inaccurate anecdotes. *Up Jumped the Devil* is the result of over 50 years of research. Gayle Dean Wardlow has been interviewing people who knew Robert Johnson since the early 1960s, and he was the person who discovered Johnson's death certificate in 1967. Bruce Conforth began his study of Johnson's life and music in 1970 and made it his mission to fill in what was still unknown about him. In this definitive biography, the two authors relied on every interview, resource and document, most of it material no one has seen before. As a result, this book not only destroys every myth that ever surrounded Johnson, but also tells a human story of a real person. It is the first book about Johnson that documents his years in Memphis, details his trip to New York, uncovers where and when his wife Virginia died and the impact this had on him, fully portrays the other women Johnson was involved with, and tells exactly how and why he died and who gave him the poison that killed him. *Up Jumped the Devil* will astonish blues fans who thought they knew something about Johnson.

NOISE THAT STAYS NOISE

St. Martin's Griffin

"Ken McNab's in-depth look at The Beatles' acrimonious final year is a detailed account of the breakup featuring the perspectives of all four band members and their roles. A must to add to the collection of Beatles fans, *And In the End* is full of fascinating information available for the first time. McNab reconstructs for

the first time the seismic events of 1969, when The Beatles reached new highs of creativity and new lows of the internal strife that would destroy them. Between the pressure of being filmed during rehearsals and writing sessions for the documentary *Get Back*, their company Apple Corps facing bankruptcy, Lennon's heroin use, and musical disagreements, the group was arguing more than ever before and their formerly close friendship began to disintegrate. In the midst of this rancour, however, emerged the disharmony of *Let It Be* and the ragged genius of *Abbey Road*, their incredible farewell love letter to the world"--

David Copperfield University of Texas Press

Harry Nilsson was The Beatles' favourite recording artist but terrified of performing live. Consequently, only a tiny minority of the hundreds of fans and musicians who contributed memories to this collection of stories ever saw him play in front of any kind of audience. But it's the songs - "there's nothing like them" according to Jimmy Webb - and his vocal style - "the supreme singer of any generation" says producer Richard Perry - that keep the love of Harry Nilsson lingering so long after his death aged just 52 in 1994. These very personal reflections by Harry on his career have been transcribed and added to the book and effectively make it *Harry & Me... & Harry*. Illustrated with rare and personal photos and memorabilia from the fans, *Harry & Me* is a beautifully designed treasure trove of the memories of a unique character who left an unforgettable legacy of some of the most life-affecting songs ever recorded.

The Love You Make Ronin Publishing

WITH AN INTRODUCTION BY CRAIG BROWN, BESTSELLING AUTHOR OF ONE TWO THREE FOUR Everybody knows the

Beatles: John, Paul, George, Ringo ... and Brian. The Fab Four's meteoric rise is one of the most famous rags-to-riches stories ever told. And behind it all was Brian Epstein, the 'fifth Beatle' and legendary manager, who transformed the group from a small-time club band into global superstars. What was his secret? How did one man lead these scruffy Liverpool lads to change the world of popular music forever? *A Cellarful of Noise* is Brian Epstein's original 1964 memoir of a life spent making music history. It includes thirty contemporary photographs which offer a glimpse of Brian and the Beatles on their way to phenomenal success. Eye-opening, moving and constantly entertaining, this is essential reading for every Beatles fan.

The Beatles 101 Souvenir Press

In 1963, it was unusual for a pop group to have a monthly magazine devoted exclusively to their career. Only Elvis Presley had been considered important enough to warrant such an honour. But then the Beatles were unusual. Within the space of that pivotal year, the Fab Four became the biggest thing in British popular culture and their worldwide fame was soon inescapable. One of the first to astutely recognise their greatness was Sean O'Mahony and the monthly magazine he launched with the full blessing of The Beatles and their manager Brian Epstein - *The Beatles Book*. *Looking Through You* presents a selection of over 300 images from the precious *Beatles Book* photo archive, many unpublished or unseen in their original form from the original negatives, as well as the story behind the success of the regular *Beatle* bulletin. With each new issue, *Beatle* fans worldwide would voraciously devour the contents from cover-to-cover, discovering the Fab Four's latest news and activities and most of all,

savouring the exclusive B&W photographs, captured by in-house photographer, Leslie Bryce. During the magazine's six-year run only a small fraction of these photographs were printed - and then often altered in some way. The Beatles Book Monthly captured the Beatles' development from British provincial theatres - through foreign tours including their ground-breaking first American visit - and onwards to the band's withdrawal into the recording studio. It was unique in its access - as well as concert tours and television shows, the band were photographed off duty, at their homes and in the studio - locales that were generally out-of-bounds to most Beatle observers. This unique and original photographic record preserves many important moments within the Beatles' career, providing a historically important glimpse into the world's greatest ever entertainment phenomenon.

Fifty Years Adrift Oxford University Press

Back in print due to popular demand; the David Bowie Black Book remains one of the most elegant books about the iconic superstar ever to have been published. Art directed by acclaimed graphic designer, Pierce Marchbank, and with text written by former NME

journalist and cultural commentator, Barry Miles, the David Bowie Black Book contains photographs from every era of Bowie's genre-defining career and was for many years the world's best-selling Bowie book.

Fifty Years of Peter Pan Genesis Publications

'The sharpest memoir written by one of the Beatles' inner circle.' Observer Derek Taylor's iconic memoir is a rare opportunity to be immersed in one of the most whirlwind music sensations in history: Beatlemania. As Time Goes By tells the remarkable story of Taylor's trajectory from humble provincial journalist to loved confidant right at the centre of the Beatles' magic circle. In charming, conversational prose, Taylor shares anecdotes and reminiscences so vivid and immediate that you find yourself plunged into the beating heart of 1960s counterculture. Whether watching the debut performance of 'Hey Jude' in a country pub or hearing first-hand gossip about a star-studded cast of characters, Taylor's unique narrative voice forges an autobiography like no other. Reissued here in a brand new edition with a foreword by celebrated writer Jon Savage, this long-admired memoir is a cult classic of the genre awaiting a new readership.
