MUDWOMAN

FastPencil Inc

"Virginie Despentes's Vernon Subutex trilogy is the zeitgeistiest thing I ever read. Everything about it is contemporary, right down to the fearless woman author who doesn't think of herself as a feminist and gives an impression at least in interviews of habitually killing rapists . . . [It] has dupes and assholes and racists and the people they hate and a stunning diversity of internal monologues and trans true love. Like the last decade, it searches for a happy ending that isn't merely personal and can't find it . . . These novels with their depth and detail kick TV's sorry ass." —Nell Zink, Bustle, "The Best Books Of The 2010s" From the provocative writer and filmmaker Virginie Despentes comes volume one of her acclaimed trilogy of novels, Vernon Subutex—short-listed for the Man Booker International Prize. But who is Vernon Subutex? Vernon Subutex was once the proprietor of Revolver, an infamous music shop in Paris, where his name was legend throughout Paris. By the 2000s, however, with the arrival of the internet and the decline in CD and vinyl sales, his shop is struggling, like so many others. When it closes, Subutex finds himself with nowhere to go and nothing to do. Before long, his savings are gone, and when the mysterious rock star who had been covering his rent suddenly drops dead of a drug overdose, Subutex finds himself launched on an epic saga of couch-surfing, boozing, and coke-snorting before finally winding up homeless. Just as he resigns himself to life as a panhandler, a throwaway comment he once made on Facebook takes the internet by storm. The word is out: Subutex is lugging around a bunch of VHS tapes shot by that same dead rock musician—his last recordings on this earth. Soon a crowd of wild characters, from screen writers to social media groupies, from porn stars to failed musicians to random misfits, are hot on Vernon's trail . . . but Vernon is none the wiser.

SAMARKAND

Harvard University Press

Politicians have talked endlessly about the seismic economic and social impacts of the recent financial crisis, but many continue to ignore its disastrous effects on human health—and have even exacerbated them, by adopting harsh austerity measures and cutting key social programs at a time when constituents need them most. The result, as pioneering public health experts David Stuckler and Sanjay Basu reveal in this provocative book, is that many countries have turned their recessions into veritable epidemics, ruining or extinguishing thousands of lives in a misguided attempt to balance budgets and shore up financial markets. Yet sound alternative policies could instead help improve economies and protect public health at the same time. In *The Body Economic*, Stuckler and Basu mine data from around the globe and throughout history to show how government policy becomes a matter of life and death during financial crises. In a series of historical case studies stretching from 1930s America, to Russia and Indonesia in the 1990s, to present-day Greece, Britain, Spain, and the U.S., Stuckler and Basu reveal that governmental mismanagement of financial strife has resulted in a grim array of human tragedies, from suicides to HIV infections. Yet people can and do stay healthy, and even get healthier, during downturns. During the Great Depression, U.S. deaths actually plummeted, and today Iceland, Norway, and Japan are happier and healthier than ever, proof that public wellbeing need not be sacrificed for fiscal health. Full of shocking and counterintuitive revelations and bold policy recommendations, *The Body Economic* offers an alternative to austerity—one that will prevent widespread suffering, both now and in the future.

The Life You Were Born to Live Macmillan

Twenty-five languages die each year; at this pace, half the world's five thousand languages will disappear within the next century. In this timely book, Claude Hagège seeks to make clear the magnitude of the cultural loss represented by the crisis of language death. By focusing on the relationship of language to culture and the world of ideas, Hagège shows how languages are themselves crucial repositories of culture; the traditions, proverbs, and knowledge of our ancestors reside in the language we use. His wide-ranging examination covers all continents and language families to uncover not only how languages die, but also how they can be revitalized—for example in the remarkable case of Hebrew. In a striking metaphor, Hagège likens languages to bonfires of social behavior that leave behind sparks even after they die; from these sparks languages can be rekindled and made to live again.

Saxophone For Dummies New York : International Universities Press, c1958. 1970 printing.

In 2001, a stranger from Texas entered the high-stakes poker room in the Bellagio casino in Las

Vegas. A self-made billionaire, he challenged some of poker's greatest players to a series of heads-up matches. By the end, there was more than \$20 million on the table. For the first time ever, here is the detailed, true account of the legendary Big Game that shocked the poker world. Putting you railside to observe the pulse-pounding action, it takes you inside the iron-nerved mind of the professional gambler. Filled with vivid characters, sensational tales, and riveting human drama, this is a unique, suspenseful journey into the world of people who live on the razor's edge of fortune—where incredible wealth or utter ruin turn on the flip of a card.

Data structure refers to the assimilation of data in a way so that it can be used efficiently. The important types of data structures are the record, the array, the table, the file, the tree, the class, the union, etc. Data structures are designed by using different intricate algorithms in any computer program. Algorithms are a sequence of actions used for data processing along with calculation and reasoning tasks. This book is compiled in such a manner, that it will provide in-depth knowledge about the theory and practice of data structures and algorithms with respect to computer science. It unfolds the innovative aspects of this subject, which will be crucial for the holistic understanding of this area. This textbook is an essential guide for both academicians and those who wish to pursue this discipline further.

The Emperor's Pearl Disney Electronic Content

This book presents an innovative, unique and holistic approach to modeling and simulation approaches in healthcare management from leaders in computer modeling and simulation. From system architecture to modeling methodology, this book shows how to improve patient health and costs of care via the design and implementation of an efficient infrastructure. The framework, algorithms and methods are evaluated in real community environments. Researchers and professionals in health informatics, technology and policy will find this book invaluable.

Four modules explore topics in physical science, earth and space science, life science, and science and technology with hands-on activities designed to engage students in the processes of scientific inquiry and technological design. Modules within a developmental level may be taught in any sequence.

Batouala John Wiley & Son Limited

The hotly-anticipated sequel to SIX OF CROWS, this is GAME OF THRONES meets OCEAN'S ELEVEN in a fantasy epic from the number 1 NEW YORK TIMES bestselling author Leigh Bardugo. Welcome to the world of the Grisha. Kaz Brekker and his crew of deadly outcasts have just pulled off a heist so daring even they didn't think they'd survive. But instead of divvying up a fat reward, they're right back to fighting for their lives. Double-crossed and badly weakened, the crew is low on resources, allies, and hope. As powerful forces from around the world descend on Ketterdam to root out the secrets of the dangerous drug known as jurda parem, old rivals and new enemies emerge to challenge Kaz's cunning and test the team's fragile loyalties. A war will be waged on the city's dark and twisting streets - a battle for revenge and redemption that will decide the fate of the Grisha world. As gripping, sweeping and memorable as the Grisha trilogy - SHADOW AND BONE, SIEGE AND STORM and RUIN AND RISING - this novel is perfect for fans of Sarah J. Maas, Laini Taylor, Kristin Cashore and GAME OF THRONES. Winner of the Teen Choice Book Award for Book of the Year.

Illuminiam: the First Testament of the Illuminati Gendarmerie royale du Canada, Programme de sensibilisation aux drogues

"Oates is just a fearless writer...with her brave heart and her impossibly lush and dead-on imaginative powers." —Los Angeles Times "[An] extraordinarily intense, racking, and resonant novel." —Booklist (starred review) One of the most acclaimed writers in the world today, the inimitable Joyce Carol Oates follows up her searing, New York Times bestselling memoir, *A Widow's Story*, with an extraordinary new work of fiction. *Mudwoman* is a riveting psychological thriller, taut with dark suspense, that explores the high price of repression in the life of a respected university president teetering on the precipice of a nervous breakdown. Like Daphne DuMaurier's gothic masterwork, *Rebecca*, and the classic ghost story, *The Turn of the Screw*, by Henry James, Oates's

Mudwoman is a chilling page-turner that hinges on the power of the imagination and the blurry lines between the real and the invented—and it stands tall among the author's most powerful and beloved works, including *The Falls*, *The Gravedigger's Daughter*, and *We Were the Mulvaney's*.

Why Austerity Kills Jones & Bartlett Learning

Accused of mocking the inviolate codes of Islam, the Persian poet and sage Omar Khayyam fortuitously finds sympathy with the very man who is to judge his alleged crimes. Recognising genius, the judge decides to spare him and gives him instead a small, blank book, encouraging him to confine his thoughts to it alone. Thus begins the seamless blend of fact and fiction that is *Samarkand*. Vividly re-creating the history of the manuscript of the Rubaiyat of Omar Khayyam, Amin Maalouf spans continents and centuries with breathtaking vision: the dusky exoticism of 11th-century Persia, with its poetesses and assassins; the same country's struggles nine hundred years later, seen through the eyes of an American academic obsessed with finding the original manuscript; and the fated maiden voyage of the Titanic, whose tragedy led to the Rubaiyat's final resting place - all are brought to life with keen assurance by this gifted and award-winning writer.

MONOGRAPH

John Wiley & Sons

The terms 'analogous architecture' and 'old-new architecture' are key aspects of the teaching of Miroslav Sik at the ETH Zurich. During his first period there (1983-1991), Sik worked as Senior Assistant at the Chair of Fabio Reinhart and was in effect the spokesman of an architectural movement that became renowned far beyond the borders of Switzerland and is still influential today. In 1986/1991, the compact movement presented itself to the public with a touring exhibition and an accompanying large-scale 'Swiss Box', including chalk perspective drawings of its projects. Miroslav Sik worked as a Full Professor at the ETH Zurich between 1999 and 2018 during his second period there. Since the 1990s, Sik's theory and teaching have formed an important pillar of Swiss and international architectural history. This extensive volume contains the best 90/120 works respectively by students from both periods of Miroslav Sik's teaching, including plans, project descriptions and perspective diagrams. Some of the presented students went on to become renowned contemporary Swiss architects. This volume also includes the most important manifesto-like texts by Miroslav Sik and enlightening essays on the movement of analogous and old-new architecture. SELLING POINTS: * Miroslav Sik's theory and teaching have formed an important pillar of Swiss and international architectural history since the 1990s * A detailed and illustrated monograph on an important architect, pioneer of the compact movement 300 illustrations and 200 plans

Orion Children's Books

Tom Bryce does what any decent person would do. He picks up a CD left behind on the train seat next to him, and attempts to return it to its owner. But he soon becomes the sole witness to a vicious murder. His young family is threatened with their lives if he goes to the police. Supported by his wife, Kellie, he bravely makes a statement to the murder enquiry team headed by Detective Superintendent Roy Grace, a man with demons of his own—including his missing wife—to contend with. And from that moment, the killing of the Bryce family becomes a mere formality—and a grisly attraction. Kellie and Tom's deaths have already been posted on the internet. You can log on and see them on a website. They are looking good dead. *Looking Good Dead* is another chilling page-turner in Peter James' bestselling mystery series.
