recognizes the ...[PDF] Gordon Conway Full Download-BOOKThe methods of rapid rural appraisal (RRA) and agroecosystem analysis (AA) are presented. The theoretical framework for these methods is described using a number of basic organizing concepts. The philosophy, history and techniques of RRA are highlighted and the methods of agroecosystem analysis as well as those of topical, participatory and monitoring RRA are described. Rapid rural appraisal and agroecosystem analysis. Agroecosystem analysis is a thorough analysis of an agricultural environment which considers aspects from ecology, sociology, economics, and politics with equal weight. There are many aspects to consider; however, it is literally impossible to account for all of them. This is one of the issues when trying to conduct an analysis of an agricultural environment.
