Live authentically, abundantly, and victoriously as you learn how to embrace God's will for your life. As one of the most sought-after realizations in this world, discovering your purpose is something countless self-help books will claim they can help you do, but they're missing the biggest piece of the puzzle: your relationship with God. If you're ready to wake up, shake up, break away from bondage, dust off the dullness, and discover genuine joy, it's time to take action and allow the Lord to take control of your life. True transformation can only occur when you're receptive to God's will for your life, and past sorrows and mistakes often prohibit you from moving forward and receiving Jesus's forgiveness and grace. But forgiving others-and receiving forgiveness from the Lord-is imperative for experiencing wholeness and freedom. Growing closer to God also requires some internal housecleaning. From chapters on dusting away anything that dulls the true joy of a relationship with God to receiving the living water from Jesus that quenches any thirst for fulfillment, learn how trusting God fully and seeking after His guidance are the real keys to receiving lasting contentment and transformation.

Tools and teachings to guide you in the transition from the polarized mindset of the 3rd dimension to the joy and love of 5th dimensional vibrations • Explains how to recognize the 5D experiences you've already had, identify the differences between 3D linear thinking and 5D multidimensional

thinking, and turn 3D viewpoints around to expand your perception of what is possible • Includes exercises to protect your energies, especially while sleeping, and Sacred Geometry meditations to open yourself to higher frequencies • Reveals how to develop a Higher Self connection, increase your sensitivity to dimensional signatures, and consciously choose 5D, where love is the governing force We are all transitioning from the narrowly-focused and polarized awareness of the Third Dimension and waking up to the higher vibrations and abilities of the Fifth Dimension. Each of us has already experienced 5D: Think about your most memorable and uplifting experiences of the recent past--where everything went well, interactions were harmonious and loving, and all felt blissful and happy--that's 5D. For some, the shift is sudden and permanent, but for many of us, the change is gradual, coming in fleeting moments and waves. In this ascension manual, spiritual teacher Maureen J. St. Germain explains how to shift your energetic patterns and choose to permanently anchor yourself in the joy, love, and kindness of 5D. Guiding you through the opportunities the Fifth Dimension has to offer, the author reveals how to develop a Higher Self connection, increase your sensitivity to dimensional signatures, and consciously choose 5D, where love is the governing force. She shows how 5D relates to 3D as well as to 4D, the transitional dimension between the two, and explains how to read the energy patterns that distinguish one dimension from the next as well as how to experience multiple dimensions simultaneously. She explores how to identify the differences between "good vs. evil" polarized 3D linear thinking and dynamic 5D multidimensional thinking and how to turn 3D viewpoints around to expand your perception of what is possible. Offering eye-opening stories of 5D experiences from students and inspiring information from her spirit guides, the author also details exercises to protect your energies, especially while sleeping, and provides Sacred Geometry meditations to activate your 8th chakra and open yourself to higher frequencies. She also explores how awakening to 5D allows

you to form a strong bond to global consciousness, so your personal transformations will have a more profound impact on the people in your circle, and beyond.

Take a new look at healing, health, life, even death, and daily challenges and transitions. Transition and Survival Technologies takes readers further on their inner as well as inter-dimensional journeys into the worlds of healing, transitioning, shifting realities, dying ?????? into the worlds the human consciousness has a right to access and can indeed access to heal and survive here and beyond. We can free our attention to focus upon something much more subtle, abstract, and more real than our so-called "worldly" experiences. Once we are fully liberated and our perceptions set free to see, a new kind of understanding or vision of reality can come to us. We can then see ourselves as something far more, far greater, than we believed ourselves to be.

The sacred Flower of Life pattern, the primary geometric generator of all physical form, is explored in even more depth in this volume, the second half of the famed Flower of Life workshop. The proportions of the human body, the nuances of human consciousness, the sizes and distances of the stars, planets and moons, even the creations of humankind, are all shown to reflect their origins in this beautiful and divine image. Through an intricate and detailed geometrical mapping, Drunvalo Melchizedek shows how the seemingly simple design of the Flower of Life contains the genesis of our entire third-dimensional existence. From the pyramids and mysteries of Egypt to the new race of Indigo children, Drunvalo presents the sacred geometries of the reality and the subtle energies that shape our world. We are led through a divinely inspired labyrinth of science, stories, logic, and coincidence on a path of remembering where we come from and the wonder and magic of who we are. Finally, for the first time in print, Drunvalo shares the instructions for the Mer-Ka-Ba meditation--step-by-step techniques for the re-creation of the energy field of the evolved human--which is the key to ascension and the next dimensional world. if done from love, this ancient process of breathing prana opens up for us a world of tantalizing possibility in this dimension, from protective powers to the healing of oneself, of others, and even of the planet. You may discover a memory or a fleeting reflection of yourself in the following topics: - The Unfolding of the Third Informational System: the circles and squares of human consciousness, Leonardo da Vinci's true

understanding of the Flower of Life, and exploring the rooms of the great pyramid - Whispers From Our Ancient Heritage: the initiations of Egypt, the mysteries of resurrection, interdimensional conception, ancient mystery schools, Egyptian tantra, and sexual energy and the orgasm - Unveiling the Mer-Ka-Ba Meditation: chakras and the human energy system, energy fields around the body, the seventeen breaths of the Mer-Ka-Ba meditation, and the sacred geometry of the human lightbody.

Living Life from Within Simon and Schuster

Is there someone God has laid on your heart that you've been unable to reach with traditional methods? When sharing the gospel with your children, grandchildren, coworkers, and neighbors, does it feel like you are walking in a foreign land? If you said, yes, you have found your guide. Cheri Cowell reveals the cultural and relational differences making traditional faithsharing ineffective with this current generation, and then provides a solution as ancient as the Scriptures, yet as fresh (and refreshing) as today's news. What is this new/old way? Through a fictional story thread running through each chapter, you will be introduced to an ancient/future way of sharing The Story. Here, you will meet eight people just like those you long to reach with the lifegiving message of Christ, and six people who speak this new language of faith. Alongside these stories, you will also hear The Story retold as it relates directly to the needs of these eight and, likewise, to those in your own life.

In *Reaching Beyond*, Buddhist thinker and activist Daisaku Ikeda explores the origins, development, and international influence of jazz with legendary artists Herbie Hancock and Wayne Shorter. Reflecting on their lives and careers, Mr. Hancock and Mr. Shorter share the lessons they have learned from their musical mentors, including Miles Davis and Art Blakey, and how the Buddhist philosophy they've learned from President Ikeda over the past forty years deeply resonates with the emancipatory spirit of jazz. These wide-ranging conversations include such thought-provoking topics as: • Music's mission for peace in a time of discord • The importance of the artist's spiritual growth • The Buddhist concept of changing poison into medicine • Ways to make the "ideal America" a reality for everyone *Reaching Beyond* offers positive new ideas for musicians and nonmusicians alike.

Long ago we humans used a form of communication and sensing that did not involve the brain in any way; rather, it came from a sacred place within our hearts. What good would it do to find this place again? This is a book of remembering. You have always had this place within your heart, and it is still there now. It existed before creation, and it will exist even after the last star shines its brilliant light. At night when you enter your dreams, you leave your mind and enter the sacred space of your heart. But do you remember? Or do you only remember the dream? Why am I telling you about this "something" that is fading from our memories? What good would it do to find this place again in a world where the greatest religion is science and the logic of the mind? Don't I know where emotions and feelings are second-class citizens? Yes, I do. But my teachers have asked me to remind you who you really are. You are more than just a human being, much more. For within your heart is a place, a sacred place, where the world can literally be remade through conscious cocreation. If you really want peace of spirit and if you want to return home, I invite you into the beauty of your own heart. With your permission, I will show you what has been shown to me. I will give you the exact instructions to the pathway into your heart where you and God are intimately one. It is your choice. But I must warn you: Within this experience resides great responsibility. Life knows when a spirit is born to the higher worlds, and life will use you as all the great masters who have ever lived have been used. If you read this book and do the meditation and then expect nothing to change in your life, you may get caught spiritually napping. Once you have entered the light of the great darkness, your life will change -- eventually, you will remember who you really are.
