1001 Buildings You Must See Before You Die is the complete yet accessible guide to the architectural masterpieces of the world - a compendium of familiar landmarks and undiscovered gems that will inform and delight everyone with an interest in architecture and travel.

You Must Experience Before You Die Rizzoli Publications

With more than 300,000 copies sold worldwide in 15 languages, this newly revised and updated edition of 1001 Paintings You Must See Before You Die brings you right up to date with an incisive look at the world's best paintings. From Ancient Egyptian wall paintings to contemporary Western canvases, this book is truly comprehensive in scope and beautiful to leaf through. Within its pages you will see displayed 1001 of the most memorable, haunting, powerful, important, controversial and visually arresting paintings that have ever been created. More than 400 twentieth- and twenty-first-century paintings are reproduced in these pages, including new works from contemporary galleries. Entertaining and informative text written by an international team of artists, curators, art critics and art collectors illuminates both the paintings and the people who painted them. An insightful review accompanies a beautiful reproduction of every painting - an enviable art collection to dip into whenever you please. The book is organized chronologically, so you will discover fascinating and surprising juxtapositions as well as pleasing similarities as you turn the sumptuous pages. The paintings are also listed by artist and by title, making it easy to find a specific painting or trace the development of one painter's work. Accompany Professor Stephen Farthing on his personal guided tour of the paintings everyone should strive to see in a lifetime. Many are easily accessible - either in well-known galleries, such as the Louvre in Paris or MoMA in New York, or in smaller, more intimate collections across the far reaches of the globe. Every one of them is worth planning to see.

Explore the world's most fascinating historical and contemporary buildings - from ancient pyramids to hi-tech skyscrapers- in this essential guide to architecture. Great Buildings gives you an overview of the history of architecture from the ancient world to the present day. It takes you on guided tours of more than 50 masterpieces of every architectural style, from the Great Pyramid of Giza to Chartres Cathedral, Sydney Opera House, and the Guggenheim Museum in Bilbao. Each building is analysed visually. CGI cutaway artworks peel away roofs and walls to reveal its structure, and close-up photographs home in on details of period style. Great Buildings takes a worldwide look at both historical and contemporary architecture. It shows you how to "read" buildings and work out when they were constructed. What is the difference between a Doric and an Ionic column? How does a flying buttress work? Why do concrete balconies appear to float in thin air? You will find all the answers here, along with a wealth of intriguing stories about the patrons, builders, and architects who made each architectural masterpiece possible. Reading Great Buildings is like being taken on a personal tour by a guide who shows you exactly what to look at. It unlocks the secrets of architecture and tells the stories behind each building, making it the perfect introduction to architecture.
