Review Four Days in

November is an

extraordinarily exciting,
precise, and definitive

narrative of the

assassination of President
John F. Kennedy on

November 22, 1963, by

Lee Harvey Oswald. It is
drawn from Reclaiming

History: The Assassination
of President John F.

Kennedy, a monumental

and historic account of

the event and all the

conspiracy theories it

spawned, by Vincent

Bugliosi, legendary prosecutor of Charles Manson and author of *Helter Skelter*. For general readers, the carefully documented account presented in *Four Days* is utterly persuasive: Oswald did it and he acted alone.

The Assassination of President John F. Kennedy Simon and Schuster

In this updated and revised edition, James DiEugenio dissects the new Oscar-nominated film, *The Post*, and how it disingenuously represents the Pentagon Papers saga, to the detriment of the true heroes of the operation. The story of the film stems from the failed attempt of Academy Award-winning actor Tom Hanks and producer Gary Goetzman to make Vincent Bugliosi's mammoth book about the

Kennedy assassination, *Reclaiming History*, into a miniseries. He exposes the questionable origins of *Reclaiming History* in a dubious mock trial for cable television, in which Bugliosi played the role of an attorney prosecuting Lee Harvey Oswald for murder, and how this formed the basis for the epic tome. *JFK: The Evidence Today* lists the myriad problems with Bugliosi's book and explores the cooperation of the mainstream press in concealing many facts during the publicity

campaign for the book and how this lack of scrutiny led Hanks and Goetzman—cofounders of the production company Playtone—to purchase the film rights. DiEugenio then shows how the failed film adapted from that book, entitled Parkland, does not resemble Bugliosi’s book and examines why. This book reveals the connections between Washington and Hollywood, as well as the CIA influence in the film community today. It includes an extended look at the little-known aspects

of the lives and careers of Bugliosi, Hanks, and Goetzman. JFK: The Evidence Today sheds light on the Kennedy assassination, New Hollywood, and political influence on media in America.

LIFE Macmillan Warren Commission Report is the result of the investigation regarding the assassination of United States President John F. Kennedy. The U.S. Congress passed Senate Joint Resolution 137 authorizing the Presidential appointed

Commission to report on the assassination of President John F. Kennedy, mandating the attendance and testimony of witnesses and the production of evidence. After eleven months of the investigation the Commission presented its findings in 888-page final report. The key findings presented in this report were that President Kennedy was assassinated by Lee Harvey Oswald, that Oswald acted entirely alone and that Jack Ruby also acted alone when he

killed Oswald two days later. The Commission's findings have proven controversial and have been both challenged and supported by later studies.

President Lyndon B. Johnson appointed the President's Commission on the Assassination of President Kennedy, commonly called the Warren Commission, by Executive Order (E.O. 11130) on November 29, 1963. Its purpose was to

investigate the assassination of President John Fitzgerald Kennedy on November 22, 1963, at Dallas, Texas. President Johnson directed the Commission to evaluate matters relating to the assassination and the subsequent killing of the alleged assassin, and to report its findings and conclusions to him. The following members served on the Commission: Earl Warren, Chief Justice of the United States, former Governor and attorney general of California, Chair; Richard B. Russell,

Democratic Senator from Georgia and chairman of the Senate Armed Services Committee, former Governor of Georgia, and county attorney in that State; John Sherman Cooper, Republican Senator from Kentucky, former county and circuit judge in Kentucky, and United States Ambassador to India; Hale Boggs, Democratic Representative from Louisiana and majority whip in the House of Representatives; Gerald R. Ford, Republican

Representative from Michigan and chairman of the House Republican Conference; Allen W. Dulles, lawyer and former Director of the Central Intelligence Agency; John J. McCloy, lawyer, former President of the International Bank for Reconstruction and Development, and former United States High Commissioner for Germany. On December 13, 1963, Congress passed Senate Joint Resolution 137 (Public Law 88-202) authorizing the Commission to

subpoena witnesses and obtain evidence concerning any matter relating to the investigation. The resolution also gave the Commission the power to compel the testimony of witnesses by granting immunity from prosecution to witnesses testifying under compulsion. The Commission, however, did not grant immunity to any witness during the investigation. The Commission acted promptly to obtain a staff to meet its needs. J. Lee

Rankin, former Solicitor General of the United States, was sworn in as general counsel for the Commission on December 16, 1963. He was aided in his work by 14 assistant counsel who were divided into teams to deal with the various subject areas of the investigation. The Commission was also assisted by lawyers, Internal Revenue Service agents, a senior historian, an editor, and secretarial and administrative personnel who were assigned to the Commission by Federal

agencies at its request. Officials and agencies of the state of Texas, as well as of the Federal Government, fully cooperated with the Commission on its work. From the first, the Commission considered its mandate to conduct a thorough and independent investigation. The Commission reviewed reports by the Federal Bureau of Investigation, Secret Service, Department of State, and the Attorney General of Texas, and then

requested additional information from federal agencies, Congressional committees, and state and local experts. The Commission held hearings and took the testimony of 552 witnesses. On several occasions, the Commission went to Dallas to visit the scene of the assassination and other places. The Commission presented its Report, in which each member concurred, to the President on September 24, 1964. The publication of the Report was soon followed by the

publication of the 26 volumes of the Commission's Hearings. The Commission then transferred its records to the National Archives to be permanently preserved under the rules and regulations of the National Archives and applicable federal law. *Standard Catalog of Firearms* The Final Warren Commission Report Ernest Hemingway is a mythic writer and alpha male. As a hunter and conservationist, he drew greatly from the strong example of Theodore

Roosevelt, and he much enjoyed teaching newcomers to shoot and hunt. Including short excerpts from Hemingway's works, these stories of his guns and rifles tell us as much about him as a lifelong, expert hunter and shooter and as a man.

THE WARREN COMMISSION: INVESTIGATION AND FINAL REPORT

W. W. Norton & Company
For fifty years the truth

about the assassination of President John F. Kennedy has been obscured. This book releases us from a crippling distortion of American history. At 1:00 p.m. on November 22, 1963, President John F. Kennedy was pronounced dead, the victim of a sniper attack during his motorcade through Dallas. That may be the only fact generally agreed upon in the vast literature spawned by the assassination. National polls reveal that an overwhelming majority of Americans (75%) believe

that there was a high-level conspiracy behind Lee Harvey Oswald. Many even believe that Oswald was entirely innocent. In this continuously absorbing, powerful, ground-breaking book, Vincent Bugliosi shows how we have come to believe such lies about an event that changed the course of history. The brilliant prosecutor of Charles Manson and the man who forged an iron-clad case of circumstantial guilt around O. J. Simpson in his best-selling Outrage

Bugliosi is perhaps the only man in America capable of writing the definitive book on the Kennedy assassination. This is an achievement that has for years seemed beyond reach. No one imagined that such a book would ever be written: a single volume that once and for all resolves, beyond any reasonable doubt, every lingering question as to what happened in Dallas and who was responsible. There have been hundreds of books about the assassination, but

there has never been a book that covers the entire case, including addressing every piece of evidence and each and every conspiracy theory, and the facts, or alleged facts, on which they are based. In this monumental work, the author has raised scholarship on the assassination to a new and final level, one that far surpasses all other books on the subject. It adds resonance, depth, and closure to the admirable work of the Warren Commission.

Reclaiming History is a narrative compendium of fact, forensic evidence, reexamination of key witnesses, and common sense. Every detail and nuance is accounted for, every conspiracy theory revealed as a fraud on the American public. Bugliosi's irresistible logic, command of the evidence, and ability to draw startling inferences shed fresh light on this American nightmare. At last it all makes sense. THE OFFICIAL WARREN COMMISSION REPORT ON THE ASSASSINATION OF PRESIDENT JOHN F.

KENNEDY

W. W. Norton & Company
 These are some of the things you will learn by reading this book: After almost sixty years, it is time for the world to know the truth behind the death of JFK. If Kennedy had won reelection in 1964, there would not have been an American Vietnam War. You will learn things about Lyndon B. Johnson that you would not believe were possible. John F. Kennedy's assassination started a

deep distrust that Americans have with their government that continues to this day. A major part of this distrust happened because the government lied to us about the assassination and lied to us about the Vietnam War. The conspiracy theory is what Hoover of the FBI came up with and then passed it along to the news media, the public and the Warren Commission. This book will tell you what really happened on November 22, 1963.
