A NOVEL

Little, Brown

"It is close to midnight on a Saturday night when Jack Reacher gets off a bus at the Greyhound station in Nashville. Reacher is in no hurry. He has no appointments to keep.

No people to see. No scores to settle. Not yet anyway. But in the early morning hours, under particular circumstances, a familiar thought will be snaking through his sharp, instinctual lizard brain: A voice in his head telling him to walk away. Of course, this wouldn't be the first time he listened to his gut instead. Meanwhile, seventy-five miles south and west of Music City is a sleepy little town where a recently-fired guy nurses a grudge that will fester into fury--and a desire for payback. But who is watching him, standing guard over a long-buried secret, ready to strike before it can be revealed? If you don't have a sense of the danger you're in, then it's best to have

Reacher"--

The story of a boy, a boat, and a tiger promises an adventure which some may find hard to believe. However, with the Bookclub-in-a-Box discussion companion to Yann Martel's novel, *Life of Pi*, readers begin to consider how to believe the unbelievable. While Yann Martel takes readers on a voyage of discovery, Bookclub-in-a-Box interprets his exploration: can miracles exist? what is the power of faith? what guarantees successful survival? Let Bookclub-in-a-Box take readers into Pi's mind, the influences in his life, his physical struggle to survive at sea and his spiritual

struggle to understand his own faith and his place in the world. There are a great many deep concepts to reflect upon in this small fictional narrative, and Bookclub-in-a-Box presents them for thoughtful consideration.

"Thirty years ago, I lay in the womb of a woman, conceived in a sexual act of rape, being carried during the prenatal period by an unwilling and rebellious mother, finally bursting from the womb only to be tormented in a family

whose members I despised or pitied, and brought into association with people whom I should never have chosen." Shortly after its 1925 publication, Gertrude Beasley's ferociously eloquent feminist memoir was banned and she herself disappeared under mysterious circumstances. Though British Nobel Prize winner Bertrand Russell called *My First Thirty Years* "truthful, which is illegal" and Larry McMurtry pronounced it the finest Texas book of its era, Beasley's words have been all but inaccessible for almost a century—until now. Beasley penned one of the most brutally honest coming-of-age historical memoirs ever written, one which

strips away romantic notions about frontier women's lives at the turn of the 20th century. Her mother and sisters braved male objectification and the indignities of poverty, with little if any control over their futures. With characteristic ferocity, Beasley rejected a life of dependence, persisting in her studies and becoming first a teacher, then a principal, then a college instructor, and finally a foreign correspondent. Along the way, Beasley becomes a strident activist for women's rights, socialism, and sex education, which she sees as key to restoring bodily autonomy to women like those she grew up with. She is undaunted by authority figures but

secretly ashamed of her origins and yearns to be loved. My First Thirty Years is profoundly human and shockingly candid, a rallying cry that cost its author her career and her freedom. Her story deserves to be heard. Praise for My First Thirty Years: "For almost a century in Texas literary circles, Gertrude Beasley's 1925 memoir has been more a legend than a book... The tangled history of My First Thirty Years, and Beasley's horrific personal fate, are case studies in society's merciless treatment of women of her era who gave voice to socially unspeakable truths. The memoir's republication this month, which makes it widely available for the first time in 96 years, is

a long-overdue moment of reckoning. It's also a rich gift to the Texas literary canon."—Texas Monthly "We should all be as fierce, loud, and convinced of our own self-worth as Gertrude Beasley was. This story of a justifiably angry woman living ahead of the world she lived in will resonate deeply today."—Soraya Chemaly, activist and award-winning author of *Rage Becomes Her: The Power of Women's Anger* "Gertrude Beasley's 1925 memoir grabs the reader by the arm and holds tight, speaking with a voice as compelling as if she had just put down her pen this morning. Feminist, socialist, and acute observer of both herself and the world around her, Beasley

gives us stories that illuminate the costs of poverty and of being a woman. To read *My First Thirty Years* is to be in conversation with an extraordinary mind."—Anne Gardiner Perkins, author of *Yale Needs Women*

Chrissie Hynde, for nearly four decades the singer/songwriter/undisputed leader of the Pretenders, is a justly legendary figure. Few other rock stars have managed to combine her swagger, sexiness, stage presence, knack for putting words to music, gorgeous voice and just all-around kick-assedness into such a potent and alluring

package. From “Tattooed Love Boys” and “Brass in Pocket” to “Talk of the Town” and “Back on the Chain Gang,” her signature songs project a unique mixture of toughness and vulnerability that millions of men and women have related to. A kind of one-woman secret tunnel linking punk and new wave to classic guitar rock, she is one of the great luminaries in rock history. Now, in her no-holds-barred memoir *Reckless*, Chrissie Hynde tells, with all the fearless candor, sharp humor and depth of feeling we’ve come to expect, exactly where she came from and what her crooked, winding path to stardom entailed. Her All-American upbringing in Akron, Ohio, a child of

postwar power and prosperity. Her soul capture, along with tens of millions of her generation, by the gods of sixties rock who came through Cleveland—Mitch Ryder, David Bowie, Jeff Back, Paul Butterfield and Iggy Pop among them. Her shocked witness in 1970 to the horrific shooting of student antiwar protestors at Kent State. Her weakness for the sorts of men she calls “the heavy bikers” and “the get-down boys.” Her flight from Ohio to London in 1973 essentially to escape the former and pursue the latter. Her scuffling years as a brash reviewer for *New Musical Express*, shop girl at the Malcolm McLaren and Vivienne Westwood boutique

'Craft Must Wear Clothes But The Truth Loves To Go Naked', first-hand witness to the birth of the punk movement, and serial band aspirant. And then ,at almost the last possible moment, her meeting of the three musicians who comprised the original line-up of The Pretenders, their work on the indelible first album "The Pretenders," and the rocket ride to "Instant" stardom, with all the disorientation and hazards that involved. The it all comes crashing back down to earth with the deaths of lead guitarist James Honeyman Scott and bassist Peter Farndon, leaving her bruised and saddened, but far from beaten. Because Chrissie Hynde is, among other things,

one of rock's great survivors. We are lucky to be living in a golden age of great rock memoirs. In the aptly titled Reckless, Chrissie Hynde has given us one of the very best we have. Her mesmerizing presence radiates from every line and page of this book.

Born in Taiwan, Ang Lee is one of cinema's most versatile and daring directors. His ability to cut across cultural, national, and sexual boundaries has given him recognition in all corners of the world, the ability to work with complete artistic freedom whether inside or outside of Hollywood, and two Academy Awards for Best Director. He has won astounding critical

acclaim for *Crouching Tiger, Hidden Dragon* (2000), which transformed the status of martial arts films across the globe, *Brokeback Mountain* (2005), which challenged the reception and presentation of homosexuality in mainstream cinema, and *Life of Pi* (2012), Lee's first use of groundbreaking 3D technology and his first foray into complex spiritual themes. In this volume, the only full-length study of Lee's work, Whitney Crothers Dilley analyzes all of his career to date: Lee's early Chinese trilogy films (including *The Wedding Banquet*, 1993, and *Eat Drink Man Woman*, 1994), period drama (*Sense and Sensibility*, 1995), martial arts (*Crouching*

Tiger, Hidden Dragon, 2000), blockbusters (*Hulk*, 2003), and intimate portraits of wartime psychology, from the Confederate side of the Civil War (*Ride with the Devil*, 1999) to Japanese-occupied Shanghai (*Lust/Caution*, 2007). Dilley examines Lee's favored themes such as father/son relationships and intergenerational conflict in *The Ice Storm* (1997) and *Taking Woodstock* (2009). By looking at the beginnings of Lee's career, Dilley positions the filmmaker's work within the roots of the Taiwan New Cinema movement, as well as the larger context of world cinema. Using suggestive readings of both gender and identity, this new study not only provides a

valuable academic resource but also an enjoyable read that uncovers the enormous appeal of this acclaimed director.

Keiler Roberts mines the passing moments of family life to deliver an affecting and funny account of what it means to simultaneously exist as a mother, daughter, wife, and artist. Drawn in an unassuming yet charming staccato that mimics the awkward rhythm of life, no one's foibles are left unspared, most often the author's own. When Roberts considers whether or not to dust the ceiling fan, it's effectively relevant. She can get lost in the rewarding melodrama of playing

Barbies with her daughter and will momentarily snap out of her depression. Her harmless fibs to get through the moment are brought up by her daughter a year or two later, yet without hesitation Roberts will request that her daughter's imaginary friend not visit when she is around. Her MS diagnosis lingers in the background, never taking center stage. In *My Begging Chart*, her most encompassing work yet, Keiler meditates on routine and stillness. The vignettes of her everyday life exude immense presence, making her comics thoroughly relatable and reflective of our all-too-human lives as they unfold with humour, sadness, and relieving joy. In

transporting these stories onto paper, Keiler observes, and at times relishes, a fleeting present.

Knowledge is power. It is said that the greatest chess masters can envision a match's outcome ten moves before it occurs. Imagine a person who can visualize ten steps ahead, not simply in the game of chess, but in every human interaction. Imagine a

person who can see a punch before it is thrown; who knows what you are going to say before you say it; who can see every political and economic move long before it happens. Imagine a secret that can make this all possible.

Mathematics professor Albert Puddles exposes this secret for himself as he is thrust into a murder investigation on the Princeton campus. The discovery leads Albert to delve into ancient religious interpretation and unmask new analytical abilities, all while teaming up with an aging mentor, a curious teaching assistant, and an elite Book Club on a frantic chase across America to recover this world-changing knowledge before it falls into

dangerous hands. Albert-now embedded in a national cat-and-mouse political power play-rediscovers a woman from his past and is forced to confront his own understanding of love, rationality, power, and the true limits of the human mind.

"From the prize-winning author of *The Beekeeper of Aleppo*, a stunning novel about the disappearance of a Sri Lankan nanny and how the most vulnerable people find their voices. "It began with a crunch of leaves and earth. So early, so cold, the branches

shone with ice. I'd returned to collect the songbirds. They are worth more than their weight in gold." Yiannis is a poacher, trapping the tiny protected songbirds that stop in Cyprus as they migrate each year from Africa to Europe and selling them on the black market. He dreams of finding a new way of life, and of marrying Nisha, who works on the island as a nanny and maid--having left her native Sri Lanka to try to earn enough to support her daughter, left behind and raised by relatives. But Nisha has vanished; one evening, she steps out on a mysterious errand and doesn't return. The police write off her disappearance as just another runaway domestic worker, so her employer, Petra,

undertakes the investigation. Petra's unravelling of Nisha's last days in Cyprus lead her to Nisha's friends--other maids in the neighborhood--and to the darker side of a migrant's life, where impossible choices leave them vulnerable, captive, and worse. Based on the real-life disappearance of domestic workers in Cyprus, Christy Lefteri has crafted a poignant, deeply empathetic narrative of the human stories behind the headlines. With infinite tenderness and skill, *Songbirds* offers a triumphant story of the fight for truth and justice, and of women reclaiming their lost voices"--

 In a series of essays that explore the notion

of what brings significance to our existences, clarifying why we have this longing beyond the present moment and an insatiable dissatisfaction with where we are, scholar Frank Martela tackles the subject of finding meaning in life. With beautiful decorative elements and an engaging design, the book approaches its subject in a readily digestible form. It grapples with some of life's most pressing questions, like "Is happiness a worthy goal?" and "What is the foundation for meaning in a secular society?" and "Is life an existential void?" yet Martela answers these questions and more in a relaxed, conversational tone

and with a wry sense of humor, placing some of life's greatest philosophical concerns and quandaries into a modern-day context. Martela quickly and concisely gets to the heart of the matter: your place in the world and how to find meaning in life as countless thinkers and philosophers have done before, yet the emphasis here is on what we do with the life we have and how we can make it more meaningful. Part prescriptive and part armchair philosophy book, *A Wonderful Life* is accessible to everyone, from the well-read scholar to the apprentice as well as anyone curious about how to extract the greatest meaning and sense of purpose from their existence.
