 THE WORLD THROUGH A FEMINIST LENS For Nivedita Menon, feminism is not about a moment of final triumph over patriarchy but about the gradual transformation of the social field so decisively that old markers shift forever. From sexual harassment charges against international

figures to the challenge that caste politics poses to feminism, from the ban on the veil in France to the attempt to impose skirts on international women badminton players, from queer politics to domestic servants' unions to the Pink Chaddi campaign, Menon deftly illustrates how feminism complicates the field irrevocably. Incisive, eclectic and politically engaged, *Seeing like a Feminist* is a bold and wide-ranging book that reorders contemporary society.

Tango: A ballroom dance of Latin-American origin characterized by long

pauses and stylized body positions. This musical form was subsequently adopted by other countries, primarily France, Spain and Italy. Many prominent composers have applied it to a wide variety of compositions. Using piano scores in both the Latin-American and Spanish rhythmic traditions, Gary Dahl has skillfully compiled and arranged French Tangos for Accordion. The music in this anthology was originally published from the late 1930's to 60's and is characterized by its romanticism, rich harmonies, and emotive melodies. These arrangements are orchestral in nature, befitting the accordion's various timbres and

capabilities. In standard notation.
