Corporate Power and Responsibility

Gower Publishing, Ltd.

In this acclaimed new work the author argues that it should be the function of company law to promote the public interest. Examining a number of topical

and controversial issues from that perspective, including the adequacy of corporate governance arrangements, the 'Nexus of Contracts' theory of the company, and the role of markets, the author explains why the theory of company law has to be understood in order for the day-to-day practice of company lawyers to be fully appreciated. The book explores in some depth the protection of interests largely ignored by company law, such as those of employees and the local community, and the safeguarding of the environment from corporate abuse.

Books India Sultan Chand & Sons

In a market environment where economic actors conduct themselves as diligent and conscientious managers, the regulation of related party transactions (RPTs) would be largely irrelevant. Unfortunately, the corporate reality is far from an ideal world that is innocent of market abuse and corporate fraud. It remains necessary to protect minority shareholders from the wrongdoings of majority shareholders and to protect all shareholders from opportunistic managerial behaviour. This timely book – the first on the subject since implementation of the European Union's (EU's) revised Shareholders' Rights Directive – provides in-depth analysis of how and to what extent RPTs are covered by existing legal requirements on capital protection and corporate group regulation, highlighting experiences and strategies adopted in Germany, Poland, and the Netherlands as examples for Eastern European countries and in particular Ukraine. Beyond his comparative analysis of the current status, the author offers recommendations for more effective handling of RPTs, investigating such aspects as the following: what

constitutes a corporate group and how group issues are regulated in the various legal systems; what constitutes a conflict of interest originating in ownership and control and what types of such conflicts occur; whether RPTs within corporate groups should receive special treatment relative to transactions outside groups; combatting corporate raiding, most often carried out through illegal seizure of corporate assets; approval and disclosure requirements for RPTs; and how information about RPTs is disclosed publicly. Drawing on resources including legislation, case law, scholarship, and intensive discussions with practicing lawyers from several jurisdictions, the author underscores the imperative of establishing limitations and requirements that oblige a company's officers, shareholders, and other potential related parties to follow certain rules whenever they wish to enter into an RPT. As a contribution to the debate about the convergence between EU corporate law and that of major eastern European states, the book has no peers. Practitioners in both East and West who advise on compliance with regulations for RPTs or represent stakeholders' interests against abusive RPTs will ensure appropriate remedies and protection mechanisms for their clients.

FINANCIAL ACCOUNTING

Pearson Education India

This comprehensive and student-friendly text discusses the various laws and Acts relating to business laws such as The Indian Contract Act, The Sale of Goods Act and The Companies Act. It presents the topics in a systematic and illustrative manner, providing many case laws with a view to making them more intelligible and authentic. Legal jargon has been completely avoided so that the students

can understand these laws with ease. The book is primarily meant for the undergraduate and postgraduate students of law, management and the undergraduate students of commerce. Besides, students pursuing professional courses such as Company Secretaryship (CS), CA and ICWA would also find the book quite useful.

Business Law and Ethics: Concepts, Methodologies, Tools, and Applications
Sultan Chand & Sons

Human Resources Management, 3rd edition is an all-inclusive resource packed full of Australian examples, quality pedagogical features and cutting edge theories. It provides an excellent balance of practical teaching and the underlying theory of HRM which helps students understand what HR actually is, rather than just how to practice it. The text facilitates the development of critical and innovative thinking, allowing readers to make Co-adaptive Human Resource Management (CHRM) decisions in the light of the diverse features of any given business and its operating environment.

BULGARIA BUSINESS LAW HANDBOOK VOLUME 1 STRATEGIC INFORMATION AND BASIC LAWS

Vols. 28- include reports and proceedings of the 64th- (1940-) annual meetings formerly issued as the association's Annual report.

PROACTIVE LAW FOR MANAGERS

Sultan Chand & Sons
Recent cases of corporate failures, including the fixing of LIBOR rates and money laundering issues in the banking industry, highlight how behavioural issues on the part of company directors are significant contributory factors in

corporate governance and the success or failure of companies. This book examines how personality and behavioural issues have contributed to major corporate failures, and how this risk may be managed. The book examines behavioural risks in corporate governance, and evaluates the extent to which risk management mechanisms have acknowledged various aspects of behaviour. Drawing from cases in the UK, the US and Australia and research in psychology and the behavioural sciences, Ngozi Vivian Okoye argues that current corporate governance mechanisms lack provision for identifying and managing personality risks, and suggests how constituent elements of behaviour should be engaged with when developing preventive mechanisms for corporate failures. Okoye presents a conceptual framework for identifying and managing personality risks, and explores how personality risk may be built into corporate governance regulation. The book will be of great use and interest to researchers and practitioners in business and company law, corporate governance, and critical management studies.

Business Law For Managers, 2006-07
EdDreamtech Press

Business Environment Dreamtech Press
Technology management education and business education are visibly intertwined in the current educational system. Certain efforts that have taken place in the recent past are the interinstitutional discourse around the world. Technology management is a dynamic and evolving profession, driven by changes in technology, globalization, sustainability, and the increasing importance of the service economy. The

Handbook of Research on Future Opportunities for Technology Management Education is a comprehensive reference book that enables readers to comprehend the trends in technological changes and the need to orient business education and technology management in workplaces. The book serves to support with the formation and implementation of appropriate policies for technology management. Covering topics such as big data analytics, cloud computing adoption, and massive open online courses (MOOCs), this text is an essential resource for managers, technologists, teachers, executives, instructional designers, libraries, university researchers, students, faculty, and industry taught leaders.

ILLINOIS BAR JOURNAL

Sultan Chand & Sons
The Seventh Revised Edition of "Business Law" as per Tamil Nadu University syllabus for all BBA, B.Com. students. The new edition, like its predecessors, attempts to present the basic principles of Law in a way that makes the subject easily intelligible even to a non-specialist. This object has been achieved by dividing into IV units: Unit I - The Indian Contract Act consists of 157 Illustrative Cases, 213 Test Questions, 326 Practical Problems (with Hints and Solutions), 174 Multiple-choice Questions, 194 True & False Questions and 644 Examples with the idea of testing the depth of knowledge of the reader, basic understanding of concepts and his ability to apply whatever he has learnt to a particular situation or problem. Unit II - The Sale of Goods Act, 1930. Unit III - Law Relating to The Indian Partnership Act, 1932 and The Limited Liability Partnership Act, 2008. It

facilitate the reader in understanding the Nature of Partnership, Relations of Partners & Dissolution of Firm followed by a chapter on 'Limited Liability Partnership' popularly known as LLP has been added in the present edition. LLP combines the advantage of both the Company and Partnership into a single form of organization. The Limited Liability Partnership Act, 2008 was published in Official Gazette of India on 9th January, 2009 and has been notified with effect from 31st March, 2009. Unit IV - The Companies Act, 2013 as Amended upto 2019. The Companies Act, 2013 (Schedules) which has been thoroughly updated and amended upto 2019 to our esteemed readers.

Corporate Accounting S. Chand Publishing

The 14th Revised Edition of the book "Corporate Accounting" includes the provision of the Companies Act, 2013, SEBI rules and regulations and Accounting Standards, wherever applicable. The whole book has been updated and corrections made wherever required. Theory and accounting treatment has been revised as per Accounting Standards - 4 (Revised) and Companies (Amendment) Act, 2019. Each aspect of a chapter has been discussed in detail in order to meet the requirements of the syllabus prescribed by different universities and professional institutes. Salient Features of the Book
The following features are worth nothing in the present text: • The illustrations and assignment material has been made to conform to the requirements of Schedule III of the Companies Act, 2013. The relevant problems/ solutions has also been revised. • The revised revision of Paragraph 14 of Accounting Standards - 4 concerning Financial Statements regarding Proposed final dividend has

been incorporated at relevant pages and the illustrations amended accordingly. • The relevant provisions of Ind AS — 7: Statements of Cash Flows dealing with Bank Overdraft and Proposed Dividend have also been taken care of in this book. • In the chapter of Redemption of Debentures, the treatment of interest on Debenture Redemption Funds Investments or Profit (or Loss) on the sale of DRFI have been also summarised in the chapter. • All chapters have been revised and updated. Problem of each chapter have been suitably graded and edited to include questions of topical interest. We are confident that the book in its revised form will be more useful for B.Com (Pass and Hons.), M.Com, M.B.A., C.A., I.P.C.E, C.A.(Final), I.C.M.A. (Stage II) and Company Secretaries (Executive Programme) Examinations.

Comparative Research on Earnings Management, Corporate Governance, and Economic Value

Sultan Chand & Sons

This book teaches business law in a simple, lucid, and practical manner in tune with the interdisciplinary aspect of business practices as taught in management. The objective is to prepare knowledgeable managers rather than lawyers. • Laws relating to Contract, Sale of Goods, Negotiable Instruments and Consumer Protection. • Highlights of laws relating to Intellectual Property including Patents, Copyright and Trademark. • Highlights of some relevant economic laws like IT Act 2000; FEMA 1999; and Competition Act 2002. • Corporate laws include Company Law along with Corporate Governance. • Legal aspects relating to business - Partnerships, Alternative Dispute Redressal, Sexual Harassment, Right to Information and Environment Protection. • Relevant aspects of the

Constitution of India concerning business.

Given the importance of the law to the success of

your company shouldn't you be reading Proactive Law for Managers?

Company Law & Secretarial Practice,
N.D. Kapoor IGI Global

Savvy managers no longer look at contracting processes and documents reactively but use them proactively to reach their business goals and minimize their risks. To succeed, these managers need a framework and A Short Guide to Contract Risk provides this. The foundation of identifying and managing contract risk is what the authors call Contract Literacy: a set of skills relevant for all who deal with contracts in their everyday business environment, ranging from general managers and CEOs to sales, procurement and project professionals and risk managers. Contracts play a major role in business success. Contracts govern companies' deals and relationships with their suppliers and customers. They impact future rights, cash flows, costs, earnings, and risks. A company's contract portfolio may be subject to greater losses than anyone realizes. Still the greatest risk in business is not taking any risks. Equipped with the concepts described in this book, business and risk managers can start to see contracts differently and to use them to find and achieve the right balance for business success and problem prevention. What makes this short guide from the authors of the acclaimed Proactive Law for Managers especially valuable, if not unique, is its down-to-earth managerial/legal approach. Using lean contracting, visualization and the tools introduced in this book, managers and lawyers can achieve legally sound contracts that function as managerial tools for well thought-out, realistic risk allocation in business deals and relationships.

Principles of Business Organisation and

Management, 6/e PHI Learning Pvt. Ltd. Sultan Chand & Sons present the 38th Revised and Enlarged Edition of the book entitled "Elements of Mercantile Law". This book is specially written for B. Com, M. Com, CA, CS, CMA, MBA, LLB and Other Commerce Courses of all Indian Universities. The book is divided into three Volumes. In order to bring uniformity in Tax rates and to simplify the tax mechanism, Central Government rolled out Goods and Services Tax (GST) from 1st July, 2017. The Insolvency and Bankruptcy Code, 2016' is the Bankruptcy Law of India has been added. A chapter on 'Limited Liability Partnership' popularly known as LLP has been added in the present edition. LLP combines the advantage of both the Company and Partnership into a single form of organization. Volume II of the book on Company Law with Schedules has been thoroughly updated and amended upto 2019.

BEHAVIOURAL RISKS IN CORPORATE GOVERNANCE

Vikas Publishing House

Originally published in 1992, this book examines the development of employers' human resource management and industrial relations policies in Britain. It adopts a broad historical perspective, beginning with the inheritance from the nineteenth century and ending with an analysis of human resource management policies. It focuses on how managers organise the employment relationship, how they control work relations, and how they

deal with trade unions and industrial relations. The author examines these in the context of the market within which the firm operates, and the strategy, structure and hierarchy of industrial enterprise. The book shows that historically British employers tended to adopt market-based strategies rather than internal ones.

The Management Accountant Sultan Chand & Sons

The 19th edition reprinted in 2020 contains <https://tinyurl.com/yb67waxu> – Buying Roles Types of Buying Decisions Scope of Marketing Process of Marketing Management Profile of Rural Markets Some of the distinctive features of the book are as follows: Learning Objectives to give a bird's eye-view of the topics covered in each chapter. Lucid, concise and simple language. Real life illustrations from Indian industry. Liberal use of tables and diagrams to illustrate the text. Summary at the end of every chapter for quick revision. Case Study at the end of each chapter. Test Questions culled from examinations of various Universities and Business Schools. Select Bibliography for further study. We sincerely believe that there is always scope for improvement. Therefore, we invite suggestions for further enriching the book.

Elements of Mercantile Law, N.D. Kapoor, 38th e, 2020 Cambridge University Press

In modern business environments, ethical behavior plays a crucial role in success. Managers and business leaders must pay close attention to the ethics of their policies and behaviors to avoid a reputation-crushing scandal. *Business Law and Ethics: Concepts, Methodologies, Tools, and Applications* explores best practices business leaders need to navigate the complex landscape of legal and ethical issues on a day-to-day basis. Utilizing both current research and established conventions, this multi-volume reference is a valuable tool for business leaders, managers, students, and professionals in a globalized marketplace.
