Mike Dash is a master of atmospheric and entertaining historical narrative. In *Satan's Circus* he vividly opens up the world of twentieth-century New York, telling the gripping story of police officer Charley Becker's rise and fall and of the sensational murder trials that led to his gruesome death in the electric chair. With a cast of colourful characters, from Big Tim Sullivan, the election-rigging vice lord, to future President Theodore Roosevelt and beloved gangster Jack Zelig, *Satan's Circus* brings to life an almost forgotten Gotham - a raucous, gaudy and utterly corrupt city.

## BATAVIA'S GRAVEYARD

Greta van der Rol

From the bestselling author of *Tulipomania* comes *Batavia's Graveyard*, the spellbinding true story of mutiny, shipwreck, murder, and survival. It was the autumn of 1628, and the *Batavia*, the Dutch East India Company's flagship, was loaded with a king's ransom in gold, silver, and gems for her maiden voyage to Java. The *Batavia* was the pride of the Company's fleet, a tangible symbol of the world's richest and most powerful commercial monopoly. She set sail with great fanfare, but the *Batavia* and her gold would never reach Java, for the Company had also sent along a new employee, Jeronimus Corneliszoon, a bankrupt and disgraced man who possessed disarming charisma and dangerously heretical ideas. With the help of a few disgruntled sailors, Jeronimus soon sparked a mutiny that seemed certain to succeed—but for one unplanned event: In the dark morning hours of June 3, the *Batavia* smashed through a coral reef and ran aground on a small chain of islands near Australia. The commander of the ship and the skipper evaded the mutineers by escaping in a tiny lifeboat and setting a course for Java—some 1,800 miles north—to summon help. Nearly all of the passengers survived the wreck and found themselves trapped on a bleak coral island without water, food, or shelter. Leaderless, unarmed, and unaware of Jeronimus's treachery, they were at the mercy of the mutineers. Jeronimus took control almost immediately, preaching his own twisted version of heresy he'd learned in Holland's secret Anabaptist societies. More than 100 people died at his command in the months that followed. Before long, an all-out war erupted between the mutineers and a small group of soldiers led by Wiebbe Hayes, the one man brave enough to challenge Jeronimus's band of butchers. Unluckily for the mutineers, the *Batavia's* commander had raised the alarm in Java, and at the height of the violence the Company's gunboats sailed over the horizon. Jeronimus and his mutineers would meet an end almost as gruesome as that of the innocents whose blood had run on the small island they called *Batavia's* Graveyard. Impeccably researched and beautifully written, *Batavia's* Graveyard is the next classic of narrative nonfiction, the book that secures Mike Dash's place as one of the finest writers of the genre.

It is 1629, and there is mutiny in the air aboard the Dutch ship *Batavia* as she plies her way towards Java with her precious cargo. Jan, a cabin boy, and Wouter, a young soldier, find themselves caught up in the tragic wrecking and bloody revolt that follow. But worse is to come... Based on the diaries of the ship's Commander, Rosemary Hayes recaptures some of sea history's most dramatic moments, linking the fates of of Jan and Wouter with discoveries that intrigue Australians to this day. Praise for *Payback*: "This is contemporary novel-writing at its most relevant." The Independent This title is also available as an ebook, in either Kindle, ePub or PDF editions

Before Al Capone and Lucky Luciano, there was the one-fingered, cunning Giuseppe Morello and his murderous coterie of brothers. Had it not been for Morello, the world may never have heard of 'men of honour', the code of omertaor Mafia wars. This explosive book tells the story of the first family of New York, and how this extended close-knit clan of racketeers and murderers left the backwaters of Sicily to successfully establish themselves as the founding godfathers of the New World. First Family will explain in thrilling, characterful detail how the American Mafia established itself so successfully. Combining strong narrative and raw violence - set against the raucous bustle of early twentieth-

century New York, and the impoverished rural life of nineteenth-century Sicily - this impeccably researched, groundbreaking study of a crucial period of American history is a compelling portrait of the early years of organised crime.

Based on a true story, an epic historical novel from the award-winning author of *Things in Jars* that illuminates the lives of two characters: a girl shipwrecked on an island off Western Australia and, three hundred years later, a boy finding a home with his grandfather on the very same island. 1629: A newly orphaned young girl named Mayken is bound for the Dutch East Indies on the *Batavia*, one of the greatest ships of the Dutch Golden Age. Curious and mischievous, Mayken spends the long journey going on misadventures above and below the deck, searching for a mythical monster. But the true monsters might be closer than she thinks. 1989: A lonely boy named Gil is sent to live off the coast of Western Australia among the seasonal fishing community where his late mother once resided. There, on the tiny reef-shrouded island, he discovers the story of an infamous shipwreck... With her trademark "thrilling, mysterious, twisted, but more than anything, beautifully written" (Graham Norton, *New York Times* bestselling author) storytelling, Jess Kidd weaves "a true work of magic" (V.E. Schwab, author of *The Invisible Life of Addie LaRue*) about friendship, sacrifice, brutality, and forgiveness.

b.A masterpiece of historical adventure, *ISkeletons on the Zahara* The western Sahara is a baking hot and desolate place, home only to nomads and their camels, and to locusts, snails and thorny scrub -- and its barren and ever-changing coastline has baffled sailors for centuries. In August 1815, the US brig *Commerce* was dashed against Cape Bojador and lost, although through bravery and quick thinking the ship's captain, James Riley, managed to lead all of his crew to safety. What followed was an extraordinary and desperate battle for survival in the face of human hostility, starvation, dehydration, death and despair. Captured, robbed and enslaved, the sailors were dragged and driven through the desert by their new owners, who neither spoke their language nor cared for their plight. Reduced to drinking urine, flayed by the sun, crippled by walking miles across burning stones and sand and losing over half of their body weights, the sailors struggled to hold onto both their humanity and their sanity. To reach safety, they would have to overcome not only the desert but also the greed and anger of those who would keep them in captivity. From the cold waters of the Atlantic to the searing Saharan sands, from the heart of the desert to the heart of man, *Skeletons on the Zahara* is a spectacular odyssey through the extremes and a gripping account of courage, brotherhood, and survival.

Has history been wrong for 200 years? Read the startling truth about the mutiny on the *Bounty*, its characters, causes, and aftermath. Television rights are now in development with Ridley Scott's Scott Free Productions. More than two centuries after Master's Mate Fletcher Christian led a mutiny against Lieutenant William Bligh on a small, armed transport vessel called *Bounty*, the true story of this enthralling adventure has become obscured by the legend. Combining vivid characterization and deft storytelling, Caroline Alexander shatters the centuries-old myths surrounding this story. She brilliantly shows how, in a desperate attempt to save one man from the gallows and another from ignominy, two powerful families came together and began to create the version of history we know today. The true story of the mutiny on the *Bounty* is an epic of duty and heroism, pride and power, and the assassination of a brave man's honor at the dawn of the Romantic age.

Explore the long and rich history of China's great dynasties. From the clans and legends of prehistory to the last Qing emperor, this book brings China's imperial history to life through its pivotal events, political forces, and powerful people, in a stunning collaboration between British and Chinese publishing houses. Covering more than 5,000 years of history and featuring images of artifacts not previously seen outside of China, this definitive visual guide will captivate readers with the key events that shaped Chinese history and laid the foundations of the modern nation. Starting with prehistory and early humans, Imperial China sets the scene for the arrival of China's first dynasty and reveals how the warring states of early China gave birth to the emperor-led dynasties - and China's long imperial age. With illuminating features on important historical figures, cultural achievements, and philosophy - such as the rise of Confucianism and the silk and tea trades - Imperial China explores how the Chinese empire flourished and declined over the course of two millennia - from the unifying "first emperor" of the Qin and the golden ages of Tang and Song, to the

final fall of the Manchu Qing dynasty. With stunning photography of art and artifacts to bring key events to life, this exquisite and comprehensive history is ideal for anyone who wants to learn more about China's extraordinary heritage.

'A fascinating exploration of human greed and self-delusion and also a tribute to our ageless search for beauty' DEBORAH MOGGACH. In 1630s' Holland thousands of people, from the wealthiest merchants to the lowest street traders, were caught up in a frenzy of buying and selling. The object of the speculation was not oil or gold, but the tulip, a delicate and exotic bloom that had just arrived from the east. Over three years, rare tulip bulbs changed hands for sums that would have bought a house in Amsterdam: a single bulb could sell for more than £300,000 at today's prices. Fortunes were made overnight, but then lost when, within a year, the market collapsed. Mike Dash recreates this bizarre episode in European history, separating myth from reality. He traces the hysterical boom and devastating bust, bringing to life a colourful cast of characters, and beautifully evoking Holland's Golden Age.

Eight months into its maiden voyage to the Indies, the Dutch East India Company's Batavia sank on June 4, 1629 on Morning Reef in the Houtman Abrolhos off the western coast of Australia. Wendy van Duivenvoorde's five-year study was aimed at reconstructing the hull of Batavia, the only excavated remains of an early seventeenth-century Indiaman to have been raised and conserved in a way that permits detailed examination, using data retrieved from the archaeological remains,

The bestselling author of *Blue Latitudes* takes us on a thrilling and eye-opening voyage to pre-Mayflower America. On a chance visit to Plymouth Rock, Tony Horwitz realizes he's mislaid more than a century of American history, from Columbus's sail in 1492 to Jamestown's founding in 1607—something. Did nothing happen in between? Determined to find out, he embarks on a journey of rediscovery, following in the footsteps of the many Europeans who preceded the Pilgrims to America. An irresistible blend of history, myth, and misadventure, *A Voyage Long and Strange* captures the wonder and drama of first contact. Vikings, conquistadors, French voyageurs—these and many others roamed an unknown continent in quest of grapes, gold, converts, even a cure for syphilis. Though most failed, their remarkable exploits left an enduring mark on the land and people encountered by late-arriving English settlers. Tracing this legacy with his own epic trek—from Florida's Fountain of Youth to Plymouth's sacred Rock, from desert pueblos to subarctic sweat lodges—Tony Horwitz explores the revealing gap between what we enshrine and what we forget. Displaying his trademark talent for humor, narrative, and historical insight, *A Voyage Long and Strange* allows us to rediscover the New World for ourselves.

*The Night Ship* Rowman & Littlefield

Traces the harrowing 1629 shipwreck of nearly three hundred survivors on small islands off the coast of western Australia who found themselves at the mercy of a visionary psychopath and his team of supporters, a group that brutalized the survivors before eventually slaughtering them in an organized massacre.

The best-selling author of *Tulipomania* offers an intriguing study of the Batavia, a seventeenth-century Dutch East India Company treasure ship, which was shipwrecked during a mutiny led by Jeronimus Corneliszoon, a psychotic apothecary, an event that led to the slaughter of more than one hundred innocent survivors. 75,000 first printing.

## MURDER!

Texas A&M University Press

A brilliant appraisal of the Civil War and its long-term consequences, by an acclaimed historian. The political upheaval of the mid-seventeenth century has no parallel in English history. Other events have changed the occupancy and the powers of the throne, but the conflict of 1640-60 was more dramatic: the monarchy and the House of Lords were abolished, to be replaced by a republic and military rule. In this wonderfully readable account, Blair Worden explores the events of this period and their origins - the war between King and Parliament, the execution of Charles I, Cromwell's rule and the Restoration - while aiming to reveal something more elusive: the motivations of contemporaries on both sides and the concerns of later generations.
